

SIGN UP TODAY!

To Help Families Breathe Easier! Become a Master Home Educator (MHE).

The **Healthy Homes** program seeks enthusiastic community members to conduct free, in-home air quality assessments to help residents of Fort Collins learn about the health risks posed by common home pollutants. Master Home Educators will participate in 20 hours of training with experts in specific areas of indoor air pollution. Upon the completion of the training, participants are awarded a Master Home Educator certification and asked to contribute 20 hours conducting in-home assessments in the coming year.
