

Transformer Cabinet Mural Project 2017

Artist: Eva Zmatlikova

Location: 1001 S. Taft Hill Rd (SP25943)

The Joyful Garden

My inspiration came from the abundance of colors and flowers I see around Fort Collins at this time of the year. One can't help but feel happy at the sight of them. There is always more room for joy and happiness, especially on a busy intersection in the middle of the city. This "transformer cabinet garden" will be blooming all year long and I hope, while people are waiting at the red light, the bright colors will make them smile.
