

Transformer Cabinet Mural Project 2016

Artist: Chris Bates

Location: 3636 Manhattan Ave (SP42695)

My idea for this year's cabinet is "Grapes, Hops and Coffee". Instead of showing the means of production or end result of these amazing plants (which provide so many of us of the life blood of our mornings and evenings) I have chosen to focus on the plants themselves. I am using a busy black and white approach to this design. I am going to keep things detailed using different line techniques, including but not limited to hatching, cross hatching, contours, overlapping circles, and plenty of value changes. This box will be a stand out piece on the quiver of boxes that have been painted in Fort Collins, as it is a black and white piece.
