The Four Seasons Crabapple

This design shows the seasons through the life of a crabapple tree. Each cabinet features a distinct seasonal change undergone by this recognizable local tree. Indigenous birds that depend on the shelter and fruit from the crabapple are also shown, with a different species corresponding to each season.

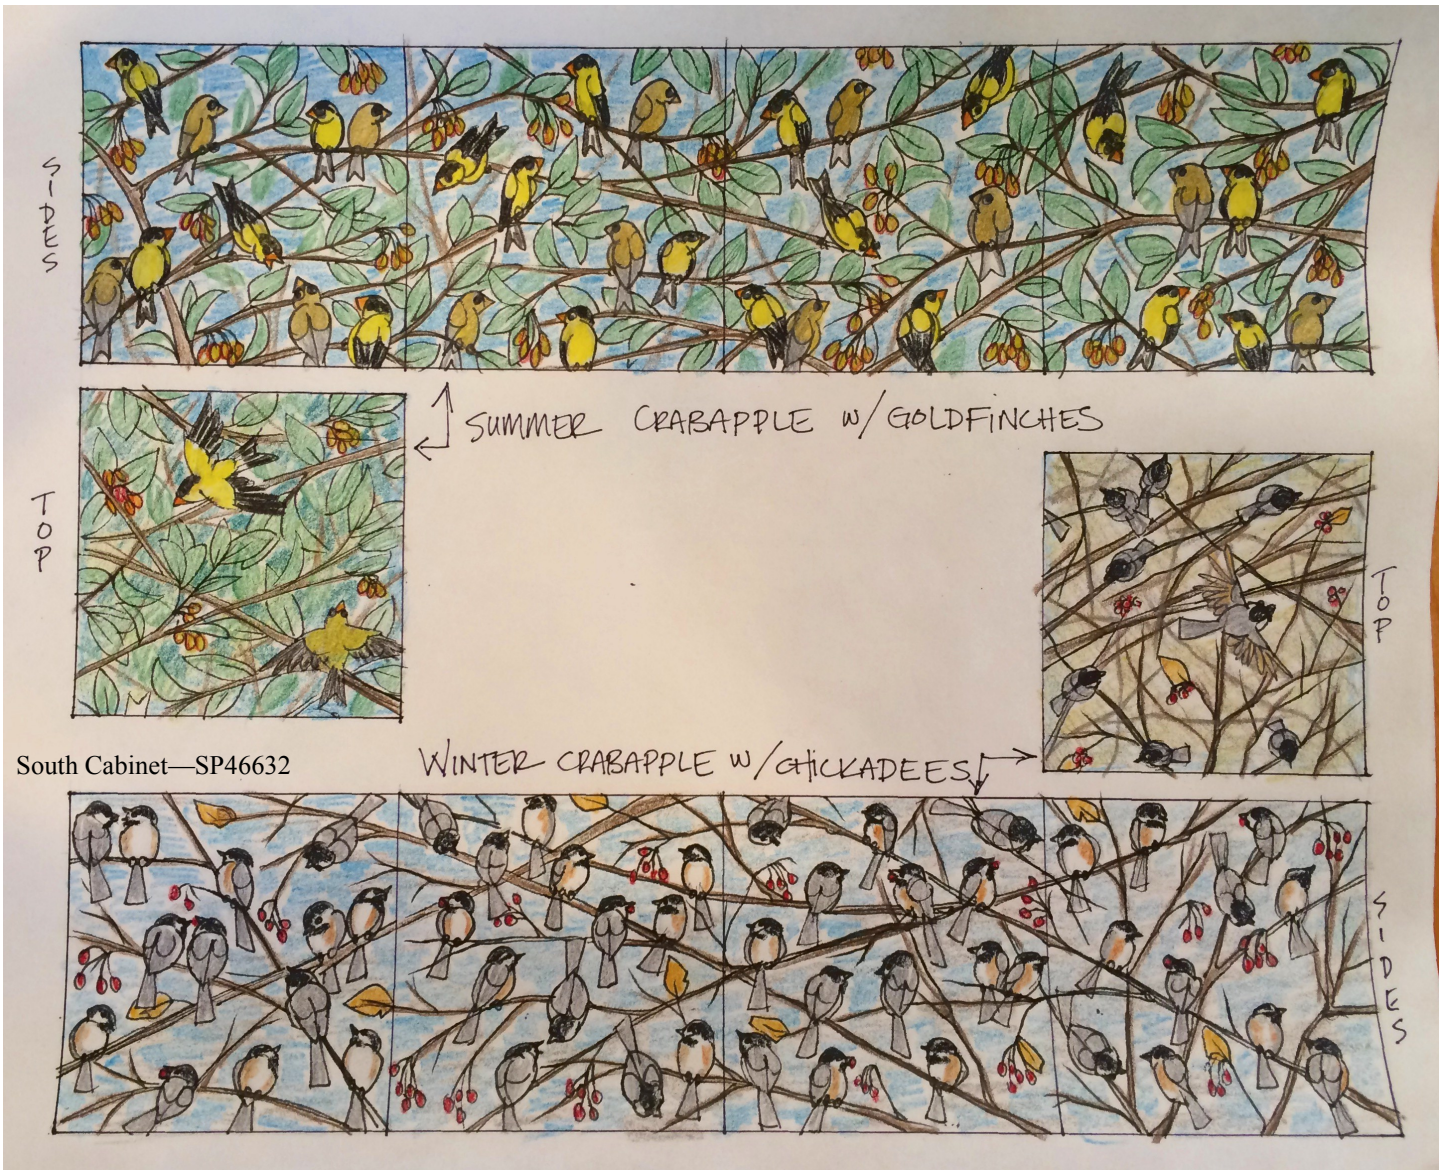

Spring: Robins
Summer: Goldfinches
Fall: Crows
Winter: Chickadees

The two larger, rectangular cabinets will feature Spring & Fall, while the two smaller square cabinets will show Summer & Winter.
