

Transformer Cabinet Mural Project 2016
Artist: Cynthia Danielle (O'Reilly)
Location: 2110 W. Elizabeth St. (SP35851)

My inspiration for "Fall in the Rockies" came from my last airplane ride. I was sitting next to a young man talking about where we came from and where we lived now. He was from Alaska but now lived in Southern CO. When I told him I was an artist he told me of some pictures he took and showed them to me. When he showed me his picture of the fall mountain colors, I instantly knew I wanted it to be my next painting. This became my transformer box inspiration.
