

**Transformer Cabinet Mural Project 2010**  
**Artist: Rolfe Bautista**  
**Location: Behind the 7-11 at 428 Remington**

I really wanted to bring life and energy to my transformer box. The theme of superheroes works perfectly for this because their costumes are brightly colored and filled with many designs.

The superheroes bring life into this dingy dark alleyway and I want it to be as if the superheroes were keeping everyone safe who passed by that place. It is places like this where people could use a superhero from time to time.
