

Transformer Cabinet Mural Project 2010
Artist: Diane Findley
Location: In the parking lot behind 214 S. College

Happy days are here again as I introduce.....

“THE BIG CAKE”

Envision this cabinet as a monumental tart calling out in celebration to all that pass by. Look for beets festooned among the frosting and the flourish. My desire is to make this transformer cabinet look so delicious that you will want to jump right out of it.
