

DOWNTOWN TRANSFORMER CABINET MURALS

In 2004 the City of Fort Collins, Colorado, Utilities Light & Power Department partnered with the City's Art in Public Places Program to come up with a plan to help mitigate graffiti, reduce maintenance costs on electrical equipment, and add art to the Fort Collins community.

This program works with local artists and non-profit groups to paint transformer cabinets with bright, colorful murals that add a unique identity to Fort Collins.

By employing Fort Collins artists to paint the murals, the program also keeps the investment local. There are currently over 400 painted cabinets around town. This map includes cabinets north of Laurel Street, east of Whitcomb Street, south of the Cache la Poudre River, and west of Whedbee Street.
