

PEDESTRIAN PAVER PROJECT MAP

CITY OF FORT COLLINS ART IN PUBLIC PLACES PROGRAM

PROGRAM OVERVIEW

The City of Fort Collins Art in Public Places Program was created in April, 1995. APP is intended to encourage and enhance artistic expression and art appreciation, while adding value to the Fort Collins community through acquiring, exhibiting, and maintaining public art.

To find out more about public art in Fort Collins visit

www.fcgov.com/artspublic.

Since its inception, APP has commissioned over 50 public art projects in Fort Collins, with many more on the way!

In addition to these projects, APP has collaborated with the City's Engineering Department and selected many works of art by local youth for the Pedestrian Paver Project. The City's Engineering Department works to provide safe pedestrian access by creating new pedestrian routes as well as improving existing areas.

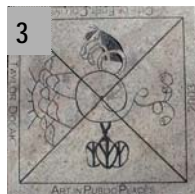

Selected designs by local youth are sandblasted into granite pavers and placed in sidewalks around the city. The theme for the artwork is transportation or life in Fort Collins. Many public art sites are located along pedestrian trails and parks. Explore our beautiful environment while using this map to discover the wonderful work of public art in Fort Collins.

1 Alan Herberger, 2003
4201 Seneca St.

2 Rohan Goel, 2003
300 W. Drake Rd.
