Topics for Residents and Businesses along the Open Streets route:

Event Approval
We want to hear from you! We need your support to help bring Open Streets to the Fort Collins community. You can provide your approval by visiting www.fcgov.com/openstreets and filling out the form online. For questions or concerns about the event, please email Becky Moriarty at rmoriarty@fcgov.com.

Emergency Access Assured
Emergency vehicles will have access along the route in case of an emergency. First aid and first responders will be on hand at the event. If an emergency arises and you need to leave your house by motorized vehicle, a system will be in place to accommodate this.

Alcohol Prohibited
Alcohol is prohibited on the Open Streets route. While businesses along the route are open to serve alcohol to their customers on their property, alcohol drinks are not allowed in the public space. If you feel that participants are drinking alcohol or are being rowdy in the public space, please contact an Open Streets volunteer or a route police officer and they will help alleviate the situation.

Open Cross-Through Streets
While the specific route is closed, certain high volume cross streets will be open to motorized traffic and monitored by local police officers. Check the Open Streets event map to see the cross streets that will be open near your residence or business.

Vehicular Access Prohibited
Vehicular access along the route is prohibited between the hours of 5a.m. and 4p.m. There will be a designated parking lot for motorized vehicles to park.

Residents and businesses are asked to move vehicles off the street by 5a.m. on the morning of the event. Vehicles may be parked in personal driveways, on local side streets, or the designated Open Streets parking lot. If vehicular use is needed, make sure to park on a side street as driving on the route after 5a.m. is prohibited.

Cars that remain parked on the route after 5a.m. will be relocated to a designated parking lot.

Deterrence of Property Damage
Open Streets is a family-friendly event that promotes active, healthy living. It also promotes that people use the public space of the streets as more than a place to move motorized vehicles. As a result, participants are encouraged to come play in the street, not on your private property. Volunteers and police monitor the route throughout the event and are in place to insure participants remain on public property. If you feel that your property is being used inappropriately, please contact an Open Streets volunteer or a route police officer and they will help alleviate the situation.
