

Implementation Plan Process

This diagram shows the process and inputs that will be used to prioritize recommended projects and programs and develop a funding and phasing plan. The Bike Plan Goals/Themes form the foundation for the implementation plan and performance measures, which will be used to track the effectiveness of implemented projects and programs.

Implementation Strategies

Full implementation of the recommended bike network and programs will require choices between the strategies listed below. *We want your input: Which two strategies do you feel are most appropriate for the next 5-10 years?*

↓ Place dots here ↓

<ul style="list-style-type: none">● Create a citywide low-stress bike network<ul style="list-style-type: none">> focus on non-arterial bike routes, neighborhood greenways and critical crossing improvements	
<ul style="list-style-type: none">● Improve existing bikeways<ul style="list-style-type: none">> reduce the stress-level of existing bike facilities	
<ul style="list-style-type: none">● Expand coverage of bike network<ul style="list-style-type: none">> adding new bike facilities where none exist today	
<ul style="list-style-type: none">● Build as much of the recommended bike network as quickly as possible<ul style="list-style-type: none">> focus on low-cost and partnering opportunities	
<ul style="list-style-type: none">● Focus on high-visibility, high-use projects<ul style="list-style-type: none">> such as protected bikeways on major commercial corridors	
<ul style="list-style-type: none">● Raise the visibility of bicycling<ul style="list-style-type: none">> through demonstration projects and bike events such as Open Streets	
<ul style="list-style-type: none">● Promote biking as a viable transportation option<ul style="list-style-type: none">> by expanding education and encouragement activities	
<ul style="list-style-type: none">● Encourage safer conditions for biking<ul style="list-style-type: none">> by enforcing traffic laws	
<ul style="list-style-type: none">● Measure FC Bikes program effectiveness<ul style="list-style-type: none">> by evaluating project/program success and overall progress
