

YOU ARE INVITED to a community conversation exploring the future growth of our senior population in Fort Collins

- As thousands of Baby Boomers enter retirement in the next 20 years, how will we ensure that Fort Collins continues to be a great place to live and grow older?
- How will Baby Boomers redefine retirement, and what impact will that have on our community?
- How can we and our city government best prepare for the impending growth of our senior population?

We want to hear your ideas! Please join the Senior Advisory Board, the Center for Public Deliberation, and subject experts for light refreshments and conversation:

Growing Older in Fort Collins – Silver Tsunami As a Golden Opportunity

Thursday, November 10, 2011
