[Northern Colorado Renewable Energy Society](#) (NCRES) Hosts the 2012 FoCo Eco Cruise

Bike-friendly, car-pool ready tour of buildings with an integrated approach to sustainable practices with:

- Green building and remodeling
- Renewable power generation
- Green landscaping

Many of the local companies that worked on these sites will be on-hand as sponsors who will help owners give hourly presentations about the nuts and bolts of their eco features. This is a self-guided tour of homes and guided tour of workplace buildings. All sites are within or near downtown Fort Collins.

- Begins at 9-11 a.m. in the parking lot of Small Planet E Vehicles, 244 N. College
- Guided tours of the Larimer County Office Building at 10 a.m. and 11 a.m.
- Guided tours of Rocky Mountain Innosphere 3-4 p.m.
- End-of-Cruise reception and SuperRaffle at Innosphere from 3-5 p.m.

Tickets are \$10.00 at www.ncres.org or the morning of the event at the registration desk in the parking lot of Small Planet E Vehicles, 244 N. College.

NCRES' continues its strategic partnership with the [Sustainable Living Association](#) (SLA) and [The Atmosphere Conservancy](#) (TAC) to facilitate the adoption of renewable energy and energy-efficient practices throughout the region. Together, these three non-profits are presenting the Fort Collins **Trifecta of Better Living**, May 18-20, 2012. Each day of the Trifecta, one of the partners is sponsoring a public event. May 19, TAC will host [ZEDfest](#) to support the Community Energy Challenge. May 19 NCRES holds the Cruise. May 20, SLA conducts its annual, guided [Tour de Coop](#).
