

The following contractors or vendors (listed alphabetically) have demonstrated their interest and ability in helping businesses complete energy-efficient lighting retrofits and apply for funding from LIGHTENUP.

Platte River Power Authority's LIGHTENUP provides cash incentives for energy-saving lighting retrofits. An application must be submitted to Platte River and approved *before* the retrofit is begun. The program is open to all commercial electricity customers of Town of Estes Park Light & Power Department, Fort Collins Utilities (City of Fort Collins), Longmont Power & Communications (City of Longmont), and Loveland Water and Power (City of Loveland).

Customers may work with any vendor or contractor and are not limited to those on this list. This list is simply intended as a starting point for customers without a prior relationship with a vendor or contractor. Customers are encouraged to solicit bids from two or more companies.

Contractor/Vendor	Contact Person	# of Projects Completed	Avg. Customer Star Rating (4 stars possible)
