

# 2008 Environmental Program Series

## Xeriscape by Design

**Wednesday, May 7 from 7–9 p.m.**  
**Fort Collins Senior Center, 1200 Raintree Dr.**  
*(Pre-registration is not necessary for this free program)*

A beautiful garden has good structure as well as delightful plants. Learn how to create an attractive, low water-using landscape following the principles of Xeriscape. Loretta Mannix, a Fort Collins landscape designer and horticulturalist, will show you before and after images of Front Range landscapes that have been transformed.

Find out about alternative landscaping ideas that reduce lawn area, create usable spaces and enhance visual appeal. Designing a new or renovated landscape to conserve water, decrease maintenance and increase enjoyment is not as hard as you think.

Refreshments and door prizes provided.

For more information, call (970) 221-6877, TDD (970) 224-6003, e-mail [ldaudney@fcgov.com](mailto:ldaudney@fcgov.com) or visit [www.fcgov.com/utilities/eps.php](http://www.fcgov.com/utilities/eps.php).

Before

After

Please help us make this a zero-waste event series.
