

Net-Zero Energy Homes

Wednesday, Feb. 4, from 7–9 p.m.
Drake Centre, 802 W. Drake Rd.

(Pre-registration is not necessary for this free program)

Net-Zero strategies apply to both new and existing homes. Come hear two regional experts speak about their experiences.

- *Paul Norton*, National Renewable Energy Laboratory, will speak on the lessons learned from Colorado built homes; and
- *Jeff Lebesch* will discuss nuts-and-bolts of “getting to net-zero” based on his experience right here in Fort Collins.

Fort Collins Zero Energy Home

How much is up to the home and how much is up to the occupant? Join the discussion on high-performance design concepts with highlights on:

- heating and cooling options;
- energy-efficient appliances; and
- solar electric systems.

Learn what it takes to dramatically reduce your carbon footprint. Refreshments and door prizes provided.

For more information, call (970) 416-2312, TDD (970) 224-6003, e-mail nweaver@fcgov.com or visit www.fcgov.com/utilities/eps.php.

Please help us make this a zero-waste event series.
