

ISA Certified Tree Worker Climber Specialist®

To be a [ISA Certified Tree Worker Climber Specialist®](http://www.isa-arbor.com/certification/index.aspx), candidates must have the skill and endurance to climb trees, demonstrate high regard for safety, and be able to get the job done off the ground. This credential is different from the other certifications because you tested in both a classroom setting and a field setting. Candidates must have training in aerial rescue, CPR, and First Aid to obtain this certification.

For more information about becoming certified, study materials, exam outline, and application please visit the website below.
