

Adopt-A-Neighbor Volunteer Guidelines

Your duties as a volunteer are to:

- Shovel sidewalks and any path leading to the front door. You are **not** expected to shovel driveways, although it is appreciated if you're willing and have the time. Please make this arrangement directly with your adoptee.
- Shovel sidewalks within 24 hours after a snowstorm ends as required by City code. If possible, shoveling sooner is recommended to avoid sidewalks icing and becoming more difficult to remove.
- Notify your adoptee(s) and Neighborhood Services if you cannot shovel the sidewalks following a snow so we can attempt to find a temporary replacement.
- Call your adoptee(s) before going to their homes. This is particularly important before you shovel for the first time.
- Confer with your adoptee(s) if you do not believe it is necessary to shovel following a light snow that is expected to melt within 24 hours.
- Consider whether or not you wish to give your telephone number to your adoptee(s).

Volunteers should not:

- Enter the adoptee's home under any circumstances for your safety and his or hers.
- Accept tips or payments for your services.

Remember to:

- Bring your own snow shovel. If you do not have one, check one out from Neighborhood Services, 970-224-6046.
- Be careful. We don't want you to get hurt.
- Notify the Neighborhood Services if you are unable to continue volunteering so we can find a replacement volunteer.
- Have fun and remember you're making a difference in our community!

Thank You!
