

Ice Cream Social Survey Results Summary August 10, 2016

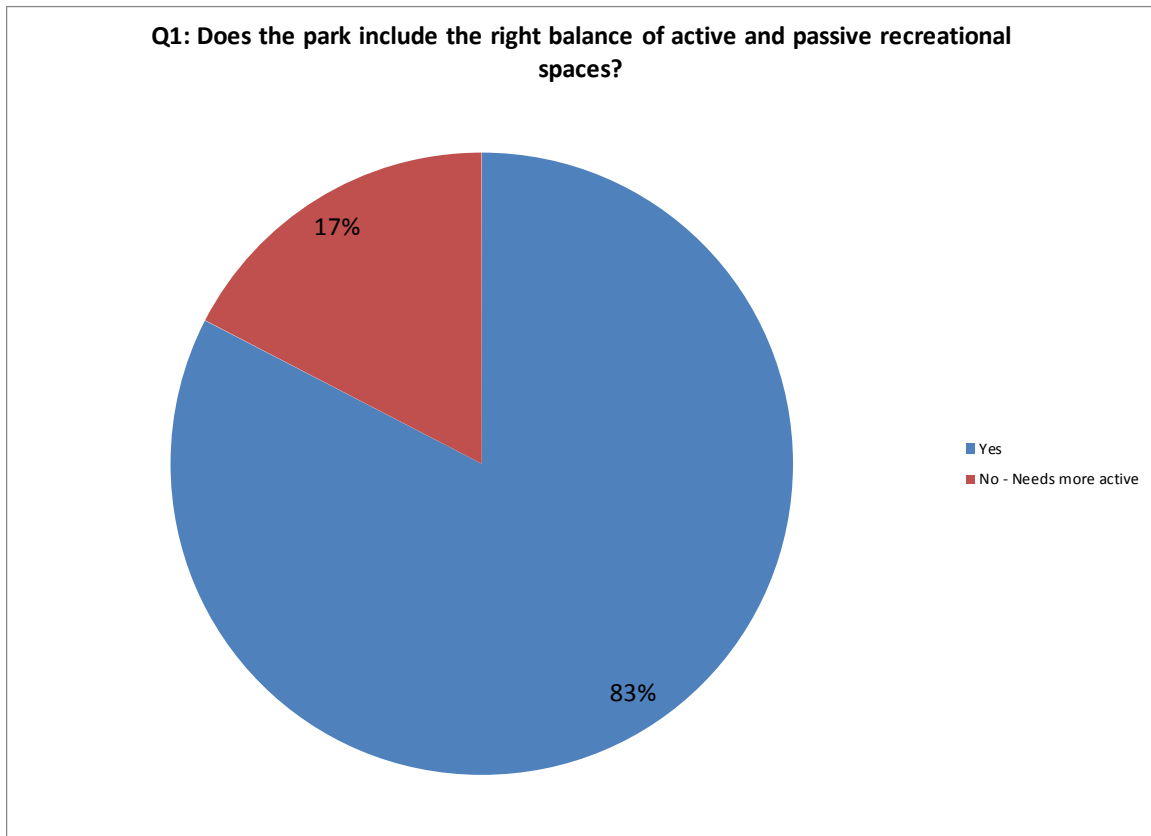

OVERALL

- 31 responses (13 residents, 18 non-residents)
- Of the 13 residents who responded, 9 (69%) were from Andersonville and 4 (31%) were from Buckingham. No respondents were from Alta Vista.
- In general, the response from residents and non-residents had the same trends.

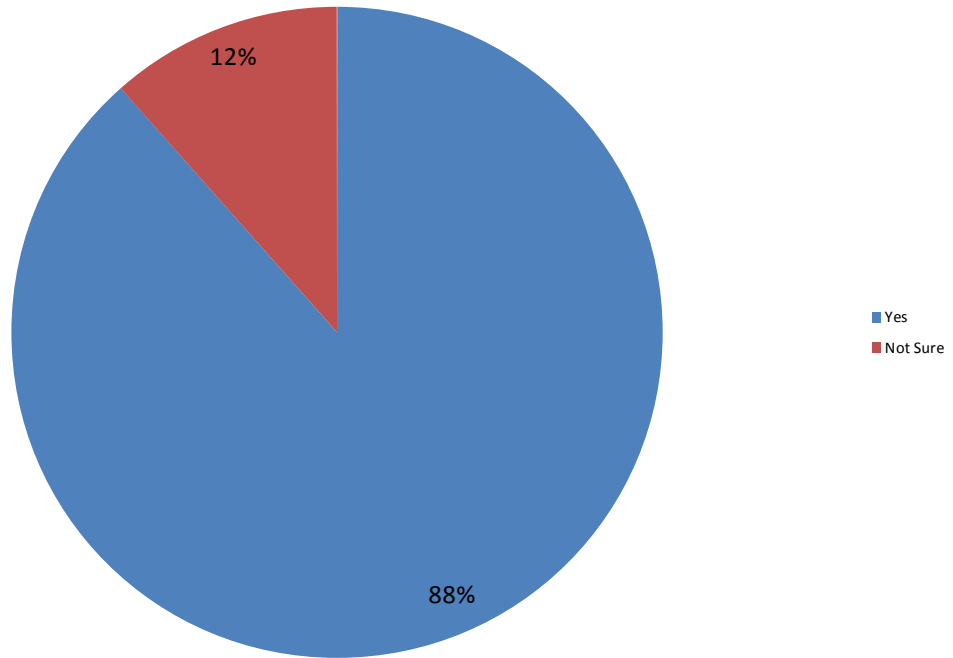

PARK

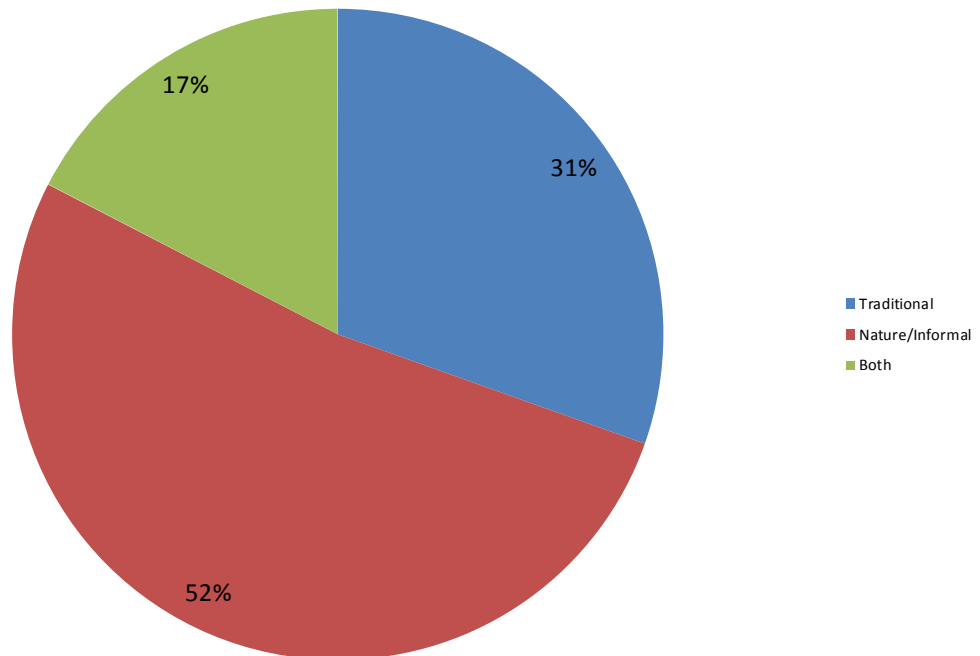

- The park is generally the right balance of active and passive recreation. Of those who think it's not balanced, would like to see more active elements.
- Some desired features include: swings, slides, climbing elements, bathrooms, and water features.
- The majority of respondents preferred the Nature/Informal theme.

Q2: Does the park include the right phasing? (playground and access first)

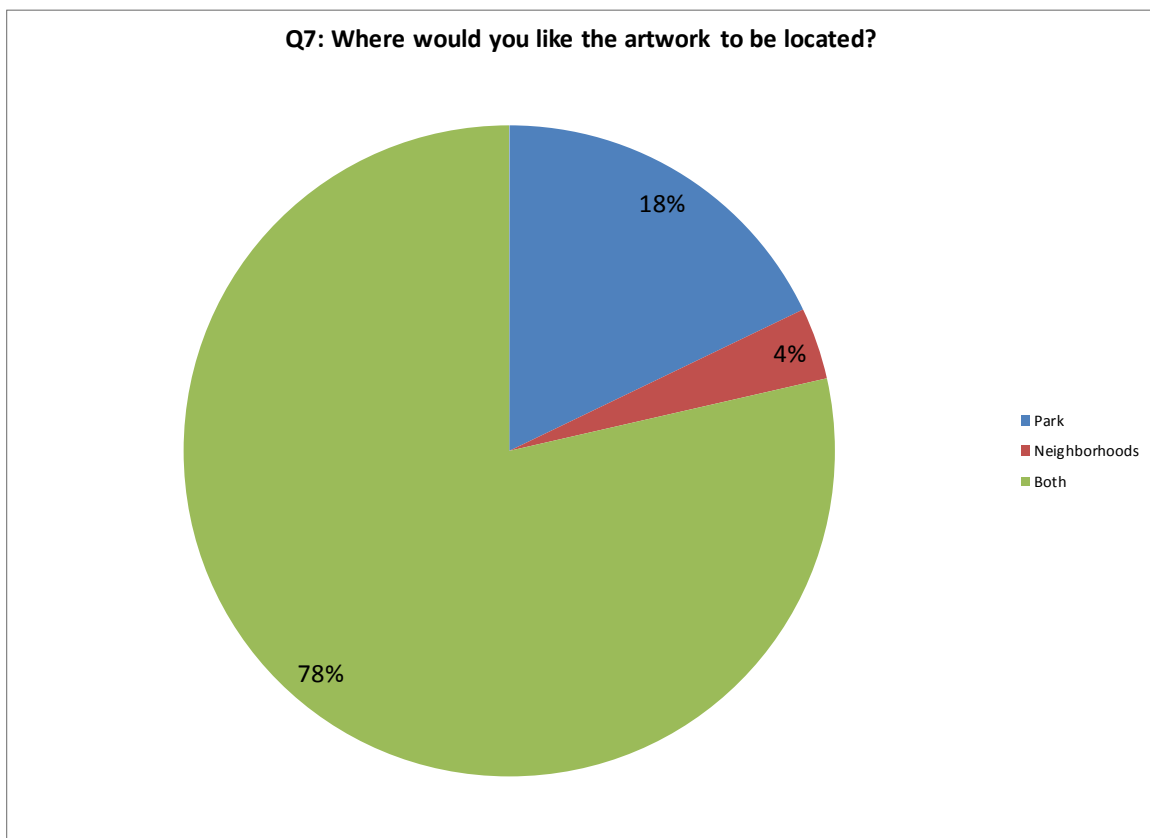

Q4: Which type of playground character would you prefer?

ART

- The majority of respondents preferred the artwork to be in both parks and in the neighborhoods.
- Almost equal respondents chose Past and All time periods.
- Several people commented specifically in support of the No Dogs No Mexicans sign/not “whitewashing” history (most of these were non-residents).
- Some mentioned a desire for multiple languages.
- Materials mentioned included:
 - o Ceramic
 - o Metal
 - o Steel
 - o Concrete
 - o Brick
 - o Wood
- Two people expressed support for art on transformer cabinets explicitly.

Q8: What do you want the artwork theme to be?
