PROJECT

DESCRIPTION

The Art in Public Places Program of Fort Collins, Colorado is requesting proposals in an open competition for individuals or teams from local non-profit organizations to create two-dimensional murals on identified electrical equipment (transformer cabinets) sited within the City of Fort Collins. The goal of the project is to mitigate the use of graffiti upon these existing structures and to make them artful objects within the site. As an organization team, please create a **preliminary** concept drawing for the cabinet mural. Submit your concept image using the form at the end of this proposal request. We are looking for murals that are visually active/busy, so as not to leave large open spaces. Make the design picture-based, not word-based. If you choose to include text in your design, it should be incidental to the design. Do not use text over 3” in height, and do not make it the focal point of the design. Designs that include logos, copyrighted or trademarked images, advertisements, or political, commercial, religious, or sexual symbols, themes or messages will not be accepted. Designs should be appropriate for a diverse, broad-based audience of all ages. The transformer cabinets are functioning units and need to be opened periodically by utility personnel. Final artwork must incorporate the inclusion of the existing required labeling for each electrical/utility unit. Selected individuals/teams will receive an honorarium for paint and supplies.

Safety & Durability - The work is intended to be a permanent addition to the City of Fort Collins. Design and installation must consider that the work will be situated in a public location and subject to the elements and potential vandalism. Access to the boxes and to the contents of the boxes must be possible at any time. The contents of the boxes have the potential to generate extreme levels of heat.

Site – The project area is within the city limits of Fort Collins, Colorado.

Please visit the Image Gallery at www.fcgov.com/artspublic to see previously completed transformer cabinet mural projects.

ELIGIBILITY

This project is open to all tax-exempt, non-profit organizations located within the Fort Collins, Colorado City limits. Organizations must be a corporation, LLC or other business entity in good standing with and authorized to do business in the State of Colorado. Individuals/team members participating in the project on behalf of a non-profit should reside in or attend schools within Fort Collins, Colorado city limits. The non-profit organization must be willing to work with the design team selected by the City of Fort Collins. All organizations must have a designated leader/mentor that is on site at all times during the execution of the mural.

MEDIA

The team is looking for murals to be painted on working transformer cabinets. The surface treatment should allow the box to be opened and worked on by the utility crews. The City will prepare the surface for painting and add a final protective anti-graffiti coating to the piece. APP staff will be available for consultation on the materials needed for the project.

BUDGET

The City will provide a total honorarium in the amount of \$450 to cover all applicable expenses, including all fees for consulting with the design team, the design, supplies and execution of all artwork selected.

If your organization's preliminary concept is selected, the City will assign a cabinet site to you.

Designs will be chosen during an initial review process.
