Disability is defined as: a physical impairment or neurological condition which prevents your ability to work for a year or more. If you are filing for disability status, and this is the **first time you have applied**, we require a statement of disability. This can be one you already have from your doctor, a SSI disability statement, or one of our forms completed by your doctor. If you have already submitted this information when applying for the City of Fort Collins Rebate program, you do not need to include the form again.

To qualify for the rebate(s) you must have lived in the Fort Collins City Limits for all of 2009 and still be currently living here. If you lived at more than one address in the City Limits in 2009, please list those on a separate sheet of paper.

Income

Lines 1-8, please list the amount for all types of income that apply to all members of your household for **2009**. We require income for anyone over 18 years of age.

The rebate office can no longer obtain Social Security information on your behalf.

Add lines 1-9 and list the amount in the Total box for your Gross income for **2009**.
