

## 2015 Solid Waste Rates and Recycling Plan

This reporting form must be filled out by licensed solid waste collectors in order to comply with Section 15-412 of the municipal code, which requires collectors to charge all residential customers on a volume basis, and to also submit to the City a written plan describing how volume-based rates system will be structured. This report must be submitted by November 30, 2014. Any changes made to this Plan during the calendar year must be promptly reported in writing to the City.

***I certify that the following (or attached) information for 2015 is true and correct.***
