The reporting forms for July – December 2016 recycling and solid waste tonnages will be sent out in January.

In September 2016, the Fort Collins City Council unanimously adopted the Community Recycling Ordinance, which requires recycling service be provided to multi-family and commercial accounts by 2020, as well as requiring grocery stores to subscribe to food scrap collection service by the end of 2017, and requiring optional seasonal yard trimmings collection service be provided to residents of single family homes. Other administrative changes applying to residential service were included as well. Further information can be found at [www.fcgov.com/recycling/update.php](http://www.fcgov.com/recycling/update.php).

If you have any questions, please don't hesitate to be in touch.

Thank you,

Caroline Mitchell
