

## **Fort Collins Utilities Biz Ed**

### **A Free Educational Series for Businesses**

Each session will include a tour, group participation and networking opportunities. Leave with insight, resources and tools to enhance your business through environmental conservation, social sustainability and employee engagement.

#### **Conserve in the Landscape**

March 20, Front Range Village, 3–5 p.m.

A water-wise landscape, along with an efficient irrigation system, can help save on utility bills and provide an attractive setting. Learn how Fort Collins Utilities can help you with technical assistance and rebates for new technology.

#### **MAX Out on Alternative Transportation**

June 19, Location TBD, 3–5 p.m.

The face of transportation is changing — are you MAXimizing your opportunities? Join us to explore the many modes of alternative transportation available in Fort Collins, including Transfort's newest service — MAX. You just might find yourself thinking about travel differently.

## Create the Optimal Environment

September 18, Powerhouse Energy Campus, 3–5 p.m.

Explore the leading edge for energy performance.

Discover best practices for new buildings, technology retrofits and solar PV systems.

## Harness People Power to Achieve Business Goals

December 18, Senior Center, 3–5 p.m.

Key sustainability projects and employee engagement can help you reach your organizational goals and enhance Fort Collins' livability. Discover practical steps and resources that can be implemented by any organization, regardless of size.
