

Residential Green Energy Agreement

I hereby agree to participate in the Fort Collins Utilities Green Energy Program. I understand that my electric bill will include an increase of 2.65 cent per kilowatt-hour (kWh) with PILOTS* to help cover the costs of purchasing renewable energy. I understand I will be notified of price changes and will be given an opportunity to change my subscription at that time. I understand that if, at some time in the future, I am no longer a customer of Fort Collins Utilities for any reason, I will be under no further obligation.

Customer name on account: _____

Phone numbers: _____
(day) (eve.)

Mailing address: _____
Street City State Zip

Service address: _____
Street City State Zip

E-mail: _____

Account number: _____ - _____

How you heard of the program: _____

Signature: _____ Date: _____

Contracted level of participation:

- I agree to purchase the equivalent of my electricity use from renewable energy for the account number(s) indicated above.
- I agree to purchase _____ block(s) of renewable energy (200 kWh per block) for \$5.30 per block per month, with PILOTS.*

Your purchase of renewable energy certificates (RECs) is supporting electricity production in Colorado, Wyoming and Oklahoma. For every unit of renewable electricity generated, an equivalent amount of RECs is produced. The purchase of RECs helps reduce conventional electricity generation in the region where the renewable electricity generator is located. The purchase also helps build a market for renewable electricity and may have other local and global environmental benefits such as reducing global climate change and regional air pollution. For more information about RECs, please visit www.green-e.org.

**PILOTS: A 6 percent PILOT (payment in lieu of taxes) has been added to electric, green energy, water and wastewater rates. This is a payment to the City's general fund to replace revenue the City would receive from the Utilities in taxes and franchise fees if the utilities were privately owned. Without PILOTS, the Green Energy Program rate is 2.5 cents per kWh.*

Fort Collins Utilities' Green Energy Program

PRODUCT CONTENT LABEL¹

Fort Collins Utilities' Green Energy is sold in blocks of 200 kilowatt-hours (kWh) or 100% of electricity usage for residential customers; and in blocks of 1,000 kWh or 100% of electricity usage for non-residential customers. This table provides the renewable resource mix in the Green Energy Program in 2016 as well as the projected resource mix in 2017.

Green-e Energy Eligible New Renewables² in the Green Energy Program

	2016 - Historic		2017 - Prospective	
	%	Generation Location	%	Generation Location
Wind	6%	Colorado	100%	Wyoming
Wind	94%	Wyoming		

¹ "2017-Prospective" figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historic Product Content Label the actual resource mix of the electricity you purchased. "2016-Historic" figures reflect the actual power delivered to Green Energy Program customers in 2016.

² New Renewables come from generation facilities that began commercial operation within the past 15 years. This product includes generation from a facility that is approved for extended use by Green-e Energy.

For comparison, the current average mix of resources supplying Fort Collins Utilities Non-Renewable Subscribers includes: Coal (65.1%), Natural Gas (0.5%), Hydroelectric (18.9%), Renewables (13.5%) and Other (2% - unspecified purchases). This is based on the resource mix provided to Fort Collins Utilities by Platte River Power Authority for the year 2016 and includes Distributed City Renewables.

The average home in the United States uses 909 kWh per month. [Source: U.S. EIA, 2013]

For specific information about this electricity product, please contact Fort Collins Utilities at (970) 212-2900 or fcgov.com/greenenergy.

Fort Collins Utilities' Green Energy Program is Green-e Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.
