

City of Fort Collins Utilities CERTIFICATION of NO-RISE

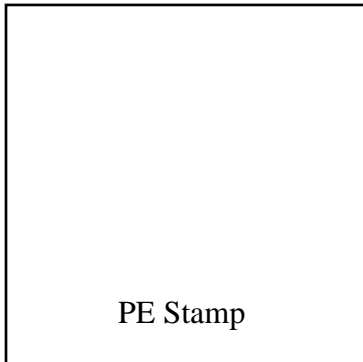

This is to certify that I am a duly qualified registered Professional Engineer licensed to practice in the State of Colorado.

It is further to certify that the attached technical data supports the fact that the proposed or as-built _____ (*name of development*) activities in the floodway do not create an adverse rise or drop in base flood elevation (BFE), change in watercourse location, add new area within the floodway, or result in any physical change to the hydrology or hydraulic conveyance within the floodway in accordance with Code §10-45(2), or a change to floodway boundaries on _____ (*stream name*) at published or unpublished cross-sections in the FEMA Flood Insurance Study or the City of Fort Collins Flood Study dated _____ (*study date*) in the vicinity of the proposed development.

I acknowledge that all attached documents were prepared by me or under my review, and all are true and accurate to the best of my knowledge. I further acknowledge that by this certification I am and will be the Engineer of Record for this project, and that any violations or recertification efforts are my responsible charge; _____ (*initial to acknowledge*).

Attached are the following documents that support my findings:
