

Transformer Cabinet Mural Project 2017

Artist: Allie Ogg

Location: NE corner of S. Shields St. and W. Harmony Rd (Need SP#)

Chicken Love

This cabinet will be a pattern of hens, flowers, and foliage. I love to paint and draw chickens because of their distinct shape and texture: feathers, combs, and dinosaur feet. They all have their very large personalities and flair, and it is fun to represent that in the form of a pattern. They are also part of our Fort Collins community, coops tucked in neighbor's backyards among the vegetables and flower gardens.
