

Transformer Cabinet Mural Project 2018

Artist: Allie Ogg

Location: 1800 Bay Rd (SP#)

Squirrel Jump

This box will have a pile of squirrels jumping around the whole surface of the box. The Squirrels will be jumping around cloud-like shapes. The squirrels will have a fur texture and the clouds will be flat color shapes.

Slither

This box will feature two snakes slithering around all sides of the transformer box. Their shapes and colors will be reminiscent of the river flowing through a grassy plain. These abstract grassy shapes will fill in the surrounding space around the snakes to fulfill the 6" contrast requirement.

Slow Snail

This transformer box depicts a horizontal repeating pattern of snails and grassy foliage. The colors coordinate with the two neighboring boxes, which will all feature small creatures and pattern. As an illustration snails represent both a sweet and controlled creature that keeps on moving forward. This box will be by the bike path and will be a reminder to slow down and enjoy the ride.
