

**Transformer Cabinet Mural Project 2018**  
**Artist: Gale Whitman**  
**Location: 312 Pine St. (SP# 56189)**

**Pinecones Rivers**

My design celebrates the location of the cabinet at the intersection of Pine Street and Poudre Street, and its proximity to the Poudre River. Clusters of pinecones with pine needles fanning out behind them are depicted across the entire surface. Weaving between and around the clusters is an aerial view of a river running through it all.
