

Transformer Cabinet Mural Project 2018

Artist: Kristen Vohs

Location: 429 Whitcomb at Mulberry (2 X cabinets SP 46401 & SP 46402)

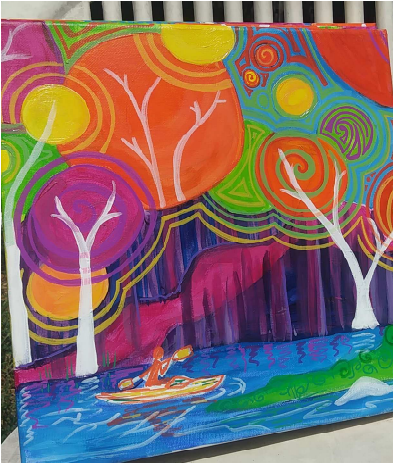

Hiking Trail

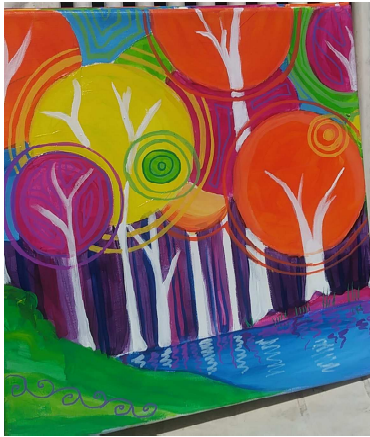

"Hiking Trail" is a concept based around hiking by the Poudre River. I choose eye catching colors that visually vibrate off of each other. I included canoeing, bike riding, fishing, and walking with a pet for the characters to be doing in the foreground. In the background are brightly abstracted trees. And the top of each box is a view from the top of the trees.
