

Transformer Cabinet Mural Project 2018

Artist: Shaundra Schultz

Location: 816 Laporte (SP# 46354)

Deep Waters

Deep Waters gives a relaxing feeling as sea turtles fly through the water and octopus dance through the current. An array of brightly colored sea fish dart around living coral. Jellyfish drift and bob with the current. Crabs skitter about the ocean floor. This particular concept came from a coloring book for adults I illustrated, published in 2016. It is exciting to be able to push the designs to full color and have them displayed and enjoyed by so many people.
