Artist: Gale Whitman
Location: 2101 Richards Lake Road (SP# 78601??)

You Are Loved

This design shows the comforting embrace offered by the widespread limbs of fully leafed-out trees. The view is from one who may be sitting near the trees, reveling in the protection and reassurance they provide. The lighting indicates early morning or late afternoon, when the sun is low and casts an orange glow on the trees. The vivid green foliage, purple trunks and branches, and blue sky complete this image of hope and inspiration.
