Downtown TRANSFORMER CABINET MURALS

In 2006 the City of Fort Collins, Colorado, Utilities Light & Power Department partnered with the city's Art in Public Places Program to come up with a plan to help mitigate graffiti, reduce maintenance costs on electrical equipment, and add art to the Fort Collins community. This program works with local artists and non-profit groups to paint transformer cabinets with bright, colorful murals that add a unique identity to Fort Collins. There are currently over 180 painted cabinets around town.
