

ART IN PUBLIC PLACES
DONATION PROCEDURE CHECKLIST
FOR EXISTING OR PROPOSED ARTWORK

Thank you for your interest in donating to the City of Fort Collins.

Please contact Ellen Martin, APP Coordinator (970-416-2789), early in the process to discuss your proposed donation. Staff will work with the Donor to outline the goals and potential location of the project, and help guide you through our donation process. Every donation is a unique experience.

The Art in Public Places (APP) program uses a process that connects the artist to a project team to develop the concept for art for a specific site. This model also works well in the donation process. Before you select an artist or possible location, please contact APP staff to discuss options for this process. Visit our website for more information on the program: www.fcgov.com/artspublic.

Many gifts are offered to the City for inclusion in the public art collection; however, not all gifts can be accepted. Following the donation procedure does not guarantee that your piece will be accepted. Donations of artwork to the City to be placed in a public area are subject to approval by the APP Board and, depending on the value of the work, the City Council. The City looks to acquire works of art that will further the objectives of the APP Program, which include all the criteria set forth in this donation procedure and involve artwork selection, site selection, artist criteria and installation processes. Any donated artwork accepted by the City becomes subject to our standard deaccession policy.
