

Free* bike safety checks near you!

FC Bikes and community partners are offering free bicycle safety checks and minor adjustments at convenient locations. Plus you can stay for fun activities and grab a snack while you wait for your safety check.

*Labor for safety check and minor adjustments is provided for free. Some bikes may require more extensive repairs, in which case participants are encouraged to schedule a visit with the local shop representative.

In the event of inclement weather this event will be cancelled. If cancelled, we invite you to get safety checks at Open Streets on June 16 or Bike to Work Day on June 26. For updates on the event status, visit *fcgov.com/bicycling*.

Thank you to our partners!
