CURIOS ABOUT WHAT’S HAPPENING ON ELIZABETH STREET?

INTERSECTION IMPROVEMENTS:
Installation of pedestrian/cyclist push button signals, sidewalk ramps, bike medians, and restriping Elizabeth Street to include left turn pockets and an eastbound bike lane.

SHORT DURATION ROAD CLOSURE:
Through traffic will be maintained at all times on Elizabeth Street and on Ponderosa Drive south of Elizabeth Street. There will be multi-day road closures on the north side of Ponderosa Drive at the Elizabeth intersection that will require local traffic to detour to Timber Lane and West Plum Street.
Beginning late October 2020, the City of Fort Collins will be implementing improvements at the intersection of West Elizabeth Street and Ponderosa Drive. The project aims to address safety concerns and improve pedestrian and cyclist crossings of West Elizabeth with crosswalk markings and pedestrian/cyclist push button signals. Construction is expected to take 4 to 5 weeks, with a short duration closure on Ponderosa north of Elizabeth. Through traffic will be maintained at all times on West Elizabeth Street and Ponderosa Drive south of Elizabeth.
