

# W. Mulberry Street Improvements

## *Mulberry at City Park Ave*

### Proposed Design: Improve Bicycle & Pedestrian Access to Existing Pedestrian Signal

Improve bicycle access and waiting area on south-west corner

- Facilitate safe / comfortable access to existing consolidated pedestrian signal for pedestrians and bicyclists from City Park Ave.
- Provide a safe eastbound transition point from Mulberry to Magnolia (the continuation of the east-west bikeway) using the existing pedestrian signal.
- Add space to wait comfortably for bicyclists and pedestrians.
