

Flagpole Permit Policy:

1. A permit is not required for ground set flagpoles provided:
 - a. Pole height from grade is 20ft max.
 - b. *And* Flag size is 4'x6' max.
 - i. This is adopted from the ANSI/NAAMM FP 1001-07 standard as referenced in the IBC.
 - c. *And* the flag cannot extend across property lines when fully extended (locate pole accordingly).

2. When a permit is required (exceeding any of the above limitations), plans must be submitted for review to include the following:
 - a. Submit stamped plans or a letter from a Colorado licensed Engineer or Architect.
 - b. Provide Structural details of the pole and foundation in compliance with City of Fort Collins wind loads.
 - c. Contact Zoning for setbacks requirements (zoning@fcgov.com)

Russ Hovland
