

THE COUNCIL OF THE CITY OF FORT COLLINS

STUDY SESSION

AGENDA

December 10, 2002

6:00 p.m.

1. Call Meeting to Order.
2. Mason Street Transportation Corridor – Project Update. (6:00 p.m. - 7:00 p.m.)

In October 2000, the Fort Collins' City Council approved the overall Master Plan for the Mason Street Transportation Corridor (MSTC), including the Bus Rapid Transit (BRT) alternative and the bicycle/pedestrian improvements.

The MSTC is a five and ½ mile north-south byway within the City of Fort Collins which extends from Cherry Street on the north to approximately ½ mile south of Harmony Road. The MSTC for most of its length is situated within the Burlington Northern Santa Fe ROW and is centered along the railway tracks, located a few hundred feet west of College Avenue (US287).

Staff would like Council's direction and feedback regarding:

- What does Council see as the primary benefits of this project?
- From Council's perspective, what features of the project best convey the image of the Mason Street Transportation Corridor?

3. Other Business.
4. Adjournment.

The City of Fort Collins will make reasonable accommodations for access to City services, programs, and activities and will make special communication arrangements for persons with disabilities. Please call 221-6515 (TDD 224-6001) for assistance.
