

**Raw Data from Growing Older in Fort Collins Four-Square Process  
April 17 and April 26, 2012**

At the Growing Older in Fort Collins meetings on April 17 and 26, small groups worked to brainstorm a set of ideas to improve the Senior Center as it gets set to expand in the coming years. Working with a facilitator from the Center for Public Deliberation, groups were asked to come up with around 5 ideas, and then the facilitator from each group shifted to a new group, taking the ideas with them. The second group was presented the ideas and asked to evaluate them. This document includes the notes taken at the tables by the facilitators on each idea. The regular text was from the initial group, and italicized text is from the evaluation group.

**Table of Contents**

Table 1: All Ideas Sorted by Table Number	1
Table 2: Individual ideas with the most dots	6
Table 3: Summary of themes	7
Notes taken at the tables on the ideas	8

Label starts with the date (17 for April 17, 26 for April 26), then the table number, and then the idea code.
