

THE COUNCIL OF THE CITY OF FORT COLLINS

STUDY SESSION

AGENDA

February 12, 2002

6:00 p.m.

1. Call Meeting to Order.
2. Review and Discussion Regarding Community Separators. (6:00 p.m. - 6:45 p.m.)

Staff would like to review recent and planned work regarding Community Separators. Staff is requesting Council direction regarding this issue.

3. Discussion Regarding the Prioritization of Stormwater Projects. (6:45 p.m. - 7:30 p.m.)

As a part of the recently approved stormwater financing plan and approval of the first updated basin master plan, citizens have been more aware of the benefits of stormwater projects. In order to have a strong base from which to make and defend decisions on prioritization, staff has worked on developing a more objective process to prioritize projects on a citywide basis. As presently envisioned, the draft prioritization process is a staff tool on which to base budget recommendations to Council. Staff is asking if Council agrees with the general approach as presented?

4. Findings and recommendations of the Hydrogen Task Force. (7:30 p.m. - 8:15 p.m.)

Staff would like feedback from Council on whether it supports a resolution establishing a hydrogen program within the City.

5. Other Business.

6. Adjournment.

*The City of Fort Collins will make reasonable accommodations for access to City services, programs, and activities and will make special communication arrangements for persons with disabilities. Please call 221-6515 (TDD 224-6001) for assistance.*
