The Zoning Board of Appeals has been granted the authority to approve variances from the requirements of the Land Use Code Articles 3 and 4. The Zoning Board of Appeals shall not authorize any use in a zoning district other than those uses which are specifically permitted in the zoning district.

The Board may grant variances where it finds that the modification of the standard would not be detrimental to the public good. Additionally, the variance request must meet at least one of the following justification reasons:

1. by reason of exceptional physical conditions or other extraordinary and exceptional situations unique to the property, including, but not limited to physical conditions such as exceptional narrowness, shallowness, or topography, the strict application of the code requirements would result in unusual and exceptional practical difficulties or undue hardship upon the occupant/applicant of the property, provided that such difficulties or hardship are not caused by an act or omission of the occupant or applicant (i.e.; not self-imposed);

2. the proposal will promote the general purpose of the standard for which the variance is requested equally well or better than would a proposal which complies with the standard for which the variance is requested;

3. the proposal will not diverge from the Land Use Code standards except in a nominal, inconsequential way when considered in the context of the neighborhood.

This application is only for a variance to the Land Use Code. Building Code requirements will be determined and reviewed by the Building Department separately. When a building or sign permit is required for any work for which a variance has been granted, the permit must be obtained within 6 months of the date that the variance was granted.

However, for good cause shown, the Zoning Board of Appeals may consider a one-time 6 month extension if reasonable and necessary under the facts and circumstances of the case. An extension request must be submitted before 6 months from the date that the variance was granted has lapsed.

Deadline: The normal deadline for applying for a variance is no later than 3:00 p.m., the second Tuesday of the month prior to the month of the meeting. However, two or three times per year the deadline for applying may differ, so it is a good idea to check with the Zoning Department to confirm the date.

Location: The Zoning Board of Appeals meets on the second Thursday of each month beginning at 8:30 a.m. at City Hall in the City Council Chambers at 300 LaPorte Avenue.

The petitioner or his/her representative must appear at the meeting.

Procedure to appeal the Board’s decision

A. Any decision made by the Zoning Board of Appeals may be appealed to the City Council, but no new information can be presented.

B. Any party who wishes to appeal a Zoning Board of Appeals decision must submit a written protest to the City Clerk within fourteen (14) days of the date of the Zoning Board of Appeals decision.
