Project Name

Take 5 Oil Change at 1800 N College
CDR230038

Applicant

Nathan Benson
402-953-6611
nbenson@tait.com

Description

This is a request to develop a Minor Vehicle Service shop at 1800 N College Ave. (parcel # 9836300029). The applicant team proposes the construction of a new drive-through oil-change facility, including a 1,288 sf building, 4 parking spaces, a pedestrian sidewalk connection, enhanced landscaping along N College, drive-through lanes, and refuse enclosure. Access is taken from a private drive to the East off of E Willox Ln. The site is directly east of N College Ave and directly N of W Willox Ln. The property is within the Community Commercial - North College District (C-C-N) zone district and the project would be subject to Addition of Permitted Use (APU) Review.

Planner: Clark Mapes

Engineer: Tim Dinger

DRC: Tenae Beane

CONCEPTUAL REVIEW: APPLICATION

General Information

All proposed development projects begin with Conceptual Review. Anyone with a development idea can schedule a Conceptual Review meeting to get feedback on prospective development ideas. At this stage, the development idea does not need to be finalized or professionally presented. However, a sketch plan and this application must be submitted to City Staff prior to the Conceptual Review meeting. The more information you are able to provide, the better feedback you are likely to get from the meeting. Please be aware that any information submitted may be considered a public record, available for review by anyone who requests it, including the media. The applicant acknowledges that they are acting with the owner's consent.

Conceptual Reviews are scheduled on three Thursday mornings per month on a "first come, first served" basis and are a free service. One 45 meeting is allocated per applicant and only three conceptual reviews are done each Thursday morning. A completed application must be submitted to reserve a Conceptual Review time slot. Complete applications and sketch plans must be submitted to City Staff on Thursday, no later than end of day, two weeks prior to the meeting date. Application materials must be e-mailed to currentplanning@fcgov.com. If you do not have access to e-mail, other accommodations can be made upon request.

At Conceptual Review, you will meet with Staff from a number of City departments, such as Community Development and Neighborhood Services (Zoning, Current Planning, and Development Review Engineering), Light and Power, Stormwater, Water/Waste Water, Advance Planning (Long Range Planning and Transportation Planning) and Poudre Fire Authority. Comments are offered by staff to assist you in preparing the detailed components of the project application. There is no approval or denial of development proposals associated with Conceptual Review. At the meeting you will be presented with a letter from staff, summarizing comments on your proposal.

BOLDED ITEMS ARE REQUIRED *The more info provided, the more detailed your comments from staff will be.*

Contact Name(s) and Role(s) (Please identify whether Consultant or Owner, etc) Patrick (Kelly) Mayer - Two Creeks Franchising, LLC (Developer), Nathan Benson/Tim Uhrig - TAIT (Civil Engineer), Pat Minniear - Milo Construction

Your Mailing Address TAIT - 6163 E County Rd 16, Loveland, CO 80537

Phone Number 402-953-6611 Email Address nbenson@tait.com

Site Address or Description (parcel # if no address) 1800 N College Ave

Description of Proposal (attach additional sheets if necessary) Construction of a new drive-through oil-change facility, including a 1,288 sf building, 4 parking spaces, a pedestrian sidewalk connection, enhanced landscaping along N College, drive-through lanes, refuse enclosure, and underground utilities.

Proposed Use Commercial - Oil Change Facility Existing Use Commercial - Used Car Dealership

Total Building Square Footage 1,288 S.F. Number of Stories 1 Lot Dimensions 249'x83'

Age of any Existing Structures 59 years, original use was auto service garage

Info available on Larimer County's Website: http://www.co.larimer.co.us/assessor/query/search.cfm If any structures are 50+ years old, good quality, color photos of all sides of the structure are required for conceptual.

Is your property in a Flood Plain? [] Yes [x] No If yes, then at what risk is it?

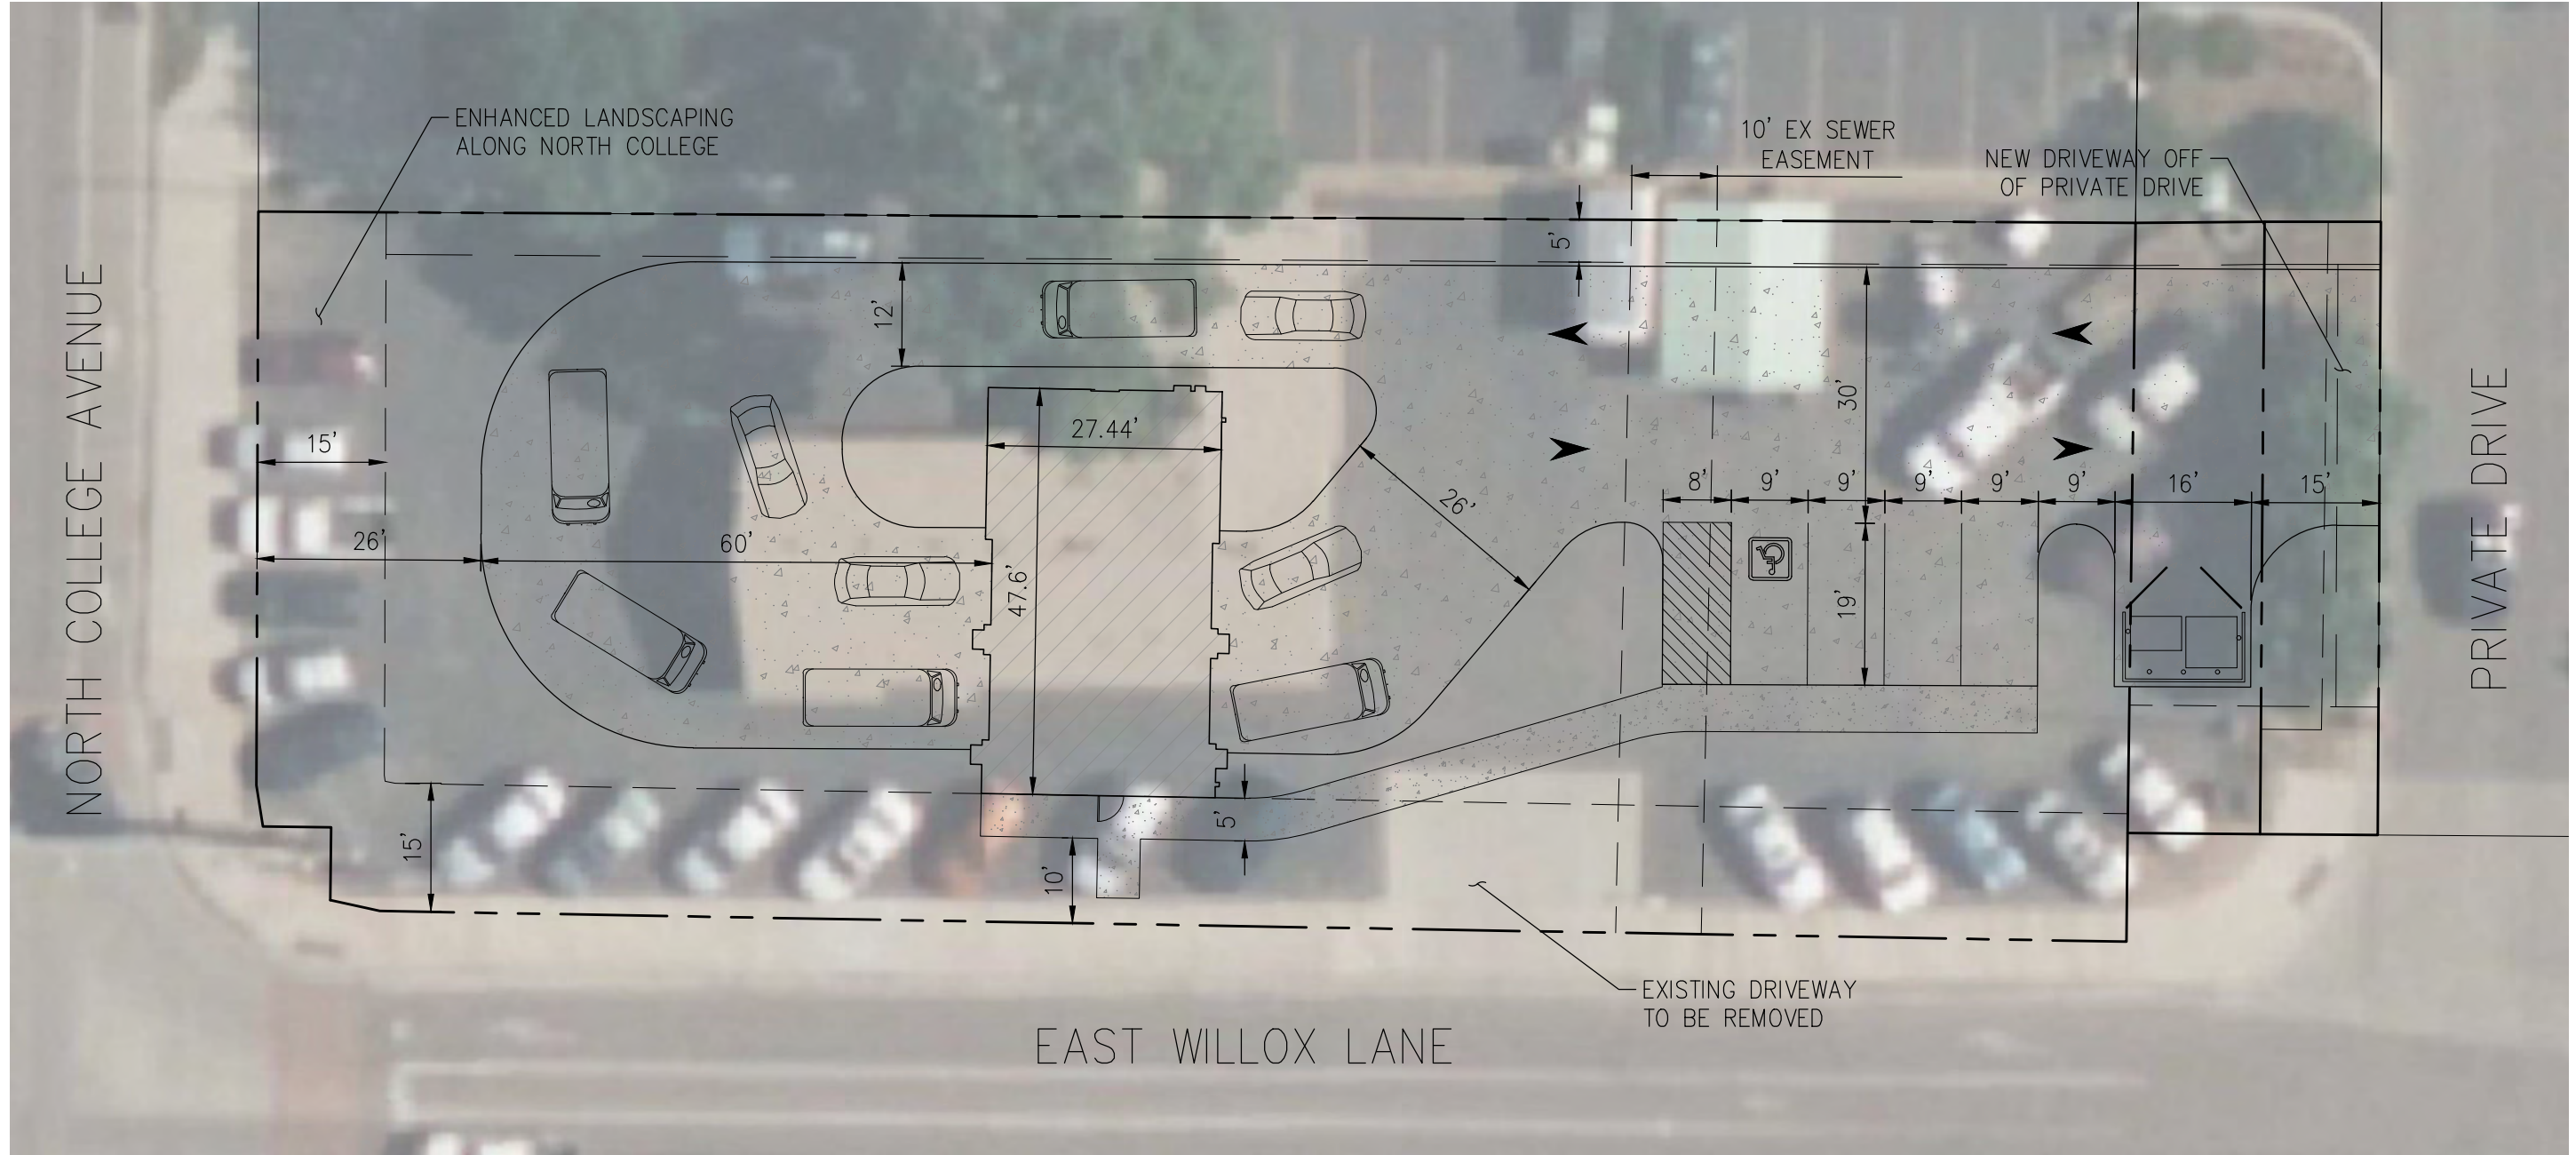

Info available on FC Maps: http://gisweb.fcgov.com/redirect/default.aspx?layerTheme=Floodplains.

Increase in Impervious Area DECREASE in Impervious Area: 8,322 S.F. (Approximate amount of additional building, pavement, or etc. that will cover existing bare ground to be added to the site)

Suggested items for the Sketch Plan:

Property location and boundaries, surrounding land uses, proposed use(s), existing and proposed improvements (buildings, landscaping, parking/drive areas, water treatment/detention, drainage), existing natural features (water bodies, wetlands, large trees, wildlife, canals, irrigation ditches), utility line locations (if known), photographs (helpful but not required). Things to consider when making a proposal: How does the site drain now? Will it change? If so, what will change?
