**PLEASE PROVIDE YOUR WRITTEN COMMENTS ON THE BACK.**

PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:

The underpass is going to cost A LOT OF MONEY.

I am going to be a senior citizen in about 3 months.

Extra money for other people is alright for rich people. People on fixed income is a lot different.

Have not been asked to find a cost for this or who is to pay for it.

I suggest a toll for ~~the~~ EVERYONE who uses this. Bikes, pedestrians,

Also the impact on the local businesses in the area.

**PLEASE PROVIDE YOUR WRITTEN COMMENTS ON THE BACK.**

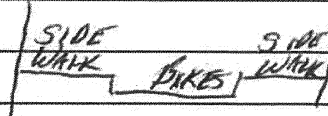

PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:

I AM VERY CONCERNED ABOUT THE SAFETY OF A TUNNEL. THERE RECENTLY WAS AN ASSAULT ON A FEMALE IN A BOULDER TUNNEL. YEARS AGO, A TUNNEL WAS ABANDONED IN GREELEY ON 8TH AVENUE + 18TH STREETS WHICH RAN FROM EAST UNC CAMPUS TO THE MAIN CAMPUS WEST OF 8TH AVENUE.

THE CITY OF FORT COLLINS SPENT MILLIONS ON WEST ELIZABETH IMPROVEMENTS ABOUT 10 YEARS AGO. LET'S GET IT RIGHT THIS TIME. IT DOES COST MERCHANTS IN THE NEIGHBORHOOD BUSINESS WHEN CONSTRUCTION IS BEING DONE.

I WOULD RECOMMEND RAISED WALK PATHS IN THE TUNNEL TO SEPARATE INCONSIDERATE BICYCLISTS FROM RACING THEIR BIKES AMONG THE PEDESTALIANS

PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:

→ GREAT SOLUTION FOR BIKE/PEDS MOVING E-W ON ELIZABETH...  
- WHAT ABOUT BIKE/PEDS MOVING N-S ALONG SHIELDS?  
- ESPECIALLY IF I CAME FROM W. ELIZ. + I WANT TO GO S. ON SHIELDS... HOW?

→ A HANDOUT EXPLAINED/DESCRIBES THE SPAR PROCESS. OTHER THAN CSU, WHO ELSE UTILIZES THIS TYPE OF PROCESS. THE CITY ITSELF? LARIMER COUNTY GOVT (IF IT IS BURDING W/IN CITY LIMITS)? MIGHT BE HELPFUL TO SUGGEST THIS PROCESS IS NOT UNIQUELY USED BY CSU ???  
- THE HANDOUT GOES TO GREAT EFFORT TO SUGGEST P&Z CAN BE OVER-RULED BY THE BOARD OF GOVERNORS ... BUT WHAT (WHO COULD OVER-RULE P&Z) IF IT WERE ANOTHER "PUBLIC" BUILDING?

→ ONE TABLE SUGGESTS CONSTRUCTION CAN START ON THE CSU SIDE OF THE PROJECT IN DEC 2016? WILL THE SPAR PROCESS BE COMPLETE BY THEN? HAVE WE HIRED/SCHEDULED CONTRACTORS EVEN IF THE PROJECT HAS NOT YET BEEN THROUGH THE SPAR PROCESS?

→ LOOKS LIKE THE UNDERPASS ITSELF PINCHES TO 10 1/2 FEET. WHAT WAS THE COST DIFF. TO BE AT 12'? OR IS THERE A DIFF. CONSTRAINT?

**PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:**

*I can see many improvements. Parking for strip mall businesses is not as grossly impacted. The pedestrian stairs at corners is enhanced. I now know it is not just one steep but shorter entry to tunnel from West. 8% grade is steep. I hope the places flattened out periodically will slow bikes etc., so walkers & wheel chairs are not run over.*

**PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:**

Overall a good improvement over previous versions.

Would like to see the parking in front of ~~Shop~~ the shops immediately west of ~~Shop~~ removed. This would simplify modes of traffic, primarily ped & bikes, and minimize (or remove) conflicts between vehicles entering and exiting.

PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:

Seth, Fred and both staffs have done a great job addressing our concerns from the first neighborhood meeting.

Redesign has significantly improved bike & ped safety and streamlined movement for both groups without seriously slowing automobile traffic

Thanks for working so hard with Campus West businesses to reduce impacts and keep them viable during construction, and afterwards.

You appear to adequately address concerns of St Paul's Episcopal Church about left turns into and out of both parking east and west sides of our church and reduced potential serious conflicts with bikes & peds while turning left. Thanks

PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:

PLAN FAILS TO IMPROVE VEHICULAR TRAFFIC FLOW THROUGH ELIZABETH & SHIELDS.

A. SHOTGUN CROSSING WILL TAKE LESS TIME WITH STOPPED VEHICLES THAN THE TOTAL TIME OF NORTH/SOUTH PLUS EAST/WEST CROSSINGS. OLSON'S MODELS ARE FLAWED ON THIS TIMING.

EAST END OF UNDERPASS AS SHOWN TODAY STILL ALLOWS FOR 100 YEAR FLOOD WATERS TO FILL THE UNDERPASS AND NEEDS GRADE RAISED.

PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:

I have been following the project as a CSU neighbor resident. I think it would be a great addition to an already congested intersection.

**PLEASE PROVIDE YOUR WRITTEN COMMENTS ON THE BACK.**

PLEASE PROVIDE YOUR COMMENTS ABOUT THE PROPOSED PROJECT:

- ① What evidence do we have that the proposed tunnel will carry the current and projected ped/bike traffic?
- ② This project, and others on Shields, seem designed to keep traffic flowing smoothly and rapidly on Shields. In an urban area with a high <sup>population</sup> density and high bike/ped traffic, why is this important? Why isn't traffic calming and slower auto speeds to keep area residents safe being considered?
- ③ The projected cost to CSU is ~10 million dollars. This amount of money could fund 3-5 professors in perpetuity. How is the underpass a wise use of CSU funds?
- ④ The format of this meeting is designed for public relations. The stations answer questions, but not necessarily the most important questions regarding the project
