

APPENDIX D

Public Outreach Summary

The Access Management Report project for North College Avenue (US 287), Jefferson Street/Riverside Avenue (SH 14) and Mulberry Street (SH 14) included an extensive public outreach effort conducted by the City of Fort Collins, Larimer County and the Colorado Department of Transportation (CDOT) with the assistance of Felsburg Holt & Ullevig, Balloffet & Associates and Albertson Clark Associates.

The project team hosted many public open house events as well as attended meetings with the North College Business Association, Northeast Business Association and the Old Town Neighborhood group. In addition, the team met with numerous property and business owners along the project corridors in order to work one-on-one with them and to develop mutually acceptable plans. In total, the team has spoken directly with more than 200 interested parties and have maintained a mailing list of 750 property owners and residents.

Following is a list of the public meetings that were conducted in order to gain public feedback on the project. Meeting notices were directly mailed to all property owners and tenants within 500' on either side of the corridors. Press releases announcing the public open houses were sent to the Fort Collins Coloradan.

North College Avenue Corridor

Public Open House Events - held at the City of Fort Collins Streets Facility

- March 29, 1999
- April 5, 1999
