YTD 2022 Variance to Budget:

Community Services: Community Services overall positive variance of \$6.5M is mostly driven by \$3.1M timing of contracts, invoices, and expenses across all departments in purchased services and supplies. \$1.2M underspend in personnel due to classified vacancies and hourly hiring/retention difficulties. Have begun to implement additional opportunities to attract talent or fill gaps in service levels. \$1.0M under in capital outlay due to timing of projects, primarily in parks.

Information & Employee Services: IES underspend is primarily driven by \$2.8M of YTD savings from Medical/Dental claims against projections , \$1.4M in Stop Loss premiums savings and timing of billing, \$1.4M in open Ops Svcs ongoing, committed major maintenance projects, and \$550K in Wood St. Fuel line and other equipment in facilities not ordered yet. YTD Fuel Savings is \$142K stemmed from lower utilization and although Medical/Dental Claims underspend is \$2.8M under, the income statement only reflects a \$649K positive balance which points to a projected reserve burn of \$1M - \$2M dependent upon Q4 performance. This is still under the budgeted use of reserves of \$3.1M for 2022.
