

COMPREHENSIVE ANNUAL **FINANCIAL** **REPORT** 2017

FORT COLLINS, COLORADO | YEAR ENDED DECEMBER 31, 2017

City of Fort Collins, Colorado

Comprehensive Annual Financial Report
For the fiscal year ended
December 31, 2017

Prepared by the Finance Department:

*Travis Storin, Accounting Director
John Voss, Senior Manager
Jennifer Selenske, Senior Accountant
Twyla Lance, Accountant II
Kerri Ishmael, Accountant II
Renee Callas, Accounting Clerk*

Special thanks for their contributions:

Blaine Dunn, Investment Administrator

About our cover and section tabs...

The cover picture photograph features Twin Silo Park, a new jewel in the Fort Collins parks system opened in November 2017. This one-of-a-kind 54-acre park carries agriculturally-themed features such as an orchard, large community garden, and hops trestles. The park includes traditional fields such as ballfields, as well as less common features such as pickleball courts and a BMX track. Finally, the park's centerpiece and namesake: two 48-foot tall former grain silos relocated from city property. The silos are connected by a tall slide and stand over a play area cleverly designed as a barn.

The Introductory Section tab features City Manager Darin Atteberry and other city personnel accepting the Malcolm Baldrige National Quality Award. On November 16, 2017, U.S. Commerce Secretary Wilbur Ross named the City of Fort Collins and four other organizations as the 2017 recipients of the Baldrige Award. This Presidential-level honor recognizes exemplary practices among American organizations and businesses including a drive for radical innovation, thoughtful leadership, and administrative improvement.

The Financial Section tab features an Economic Health Listening Session at Wolverine Farm Letterpress & Publick House, a local nonprofit event space and café. The City hosted these sessions throughout the year as part of a strategy to improve business engagement, allowing local business representatives direct engagement with the Mayor and City Manager on topics important to them, including broadband, small business support, and development review.

The Management's Discussion and Analysis tab features scenes from the CityWorks 101 program. This eight-week program gives residents an up-close look at the many facets of local government. Participants develop a deeper understanding of how the City makes decisions, allocates funds, and delivers community services, thereby developing future leaders through well informed and engaged residents.

The Basic Financial Information tab features the ribbon cutting for the new Firehouse Alley parking structure. An excellent example of collaboration, it was built in conjunction with the new Elizabeth Hotel in downtown Fort Collins. In partnering on the parking garage with the hotel's developers, the City is simultaneously supporting its Council-adopted Parking Plan and a longstanding economic and cultural goal of having a boutique hotel in the downtown area.

The Notes to the Basic Financial Statements tab features the lighting ceremony for Downtown Holiday Lights, co-produced by the City, Downtown Development Authority, and Downtown Business Association. More than 76,000 LED bulbs twinkle throughout the holiday season, providing a festive atmosphere for shoppers, ice skaters, carriage rides, and restaurant-goers alike.

The Supplementary Information tab features the opening of the Walk & Wheel Skills Hub. The Skills Hub opened in 2017 and is a miniature city complete with streets, bike lanes, and traffic signs. It is designed to provide a safe bicycling and walking learning environment for people of all ages and abilities, with the goal of improving safety and increasing bicycling and walking. Between May and October, the City hosts drop-in sessions with an instructor for people to learn how to navigate the course and safety tips for around town.

The Statistical Section tab features the annual Hogwarts Halloween event at the Northside Aztlan Recreation Center. Witches and wizards from kindergarten up to eighth grade join for a night of Harry Potter fun, playing Quidditch, drinking butterbeer, being sorted into their house, creating potions, and walking through haunted hallways.

The Other Schedules tab features the groundbreaking on a five-acre expansion of the Gardens on Spring Creek. The \$2.5 million project will include the Great Lawn and outdoor performance venue, Undaunted Garden, Prairie Garden, Foothills Garden, and several educational and themed gardens. This partnership between the City, Friends of the Gardens, and lead donors Bohemian Foundation and Woodward, Inc. is estimated to be open in August 2018.

INTRODUCTORY SECTION

THIS PAGE INTENTIONALLY LEFT BLANK

June 19, 2018

Honorable Mayor, Members of City Council, Residents and Customers of the City of Fort Collins, Colorado:

We submit, for your information and review, the Comprehensive Annual Financial Report (CAFR) for the City of Fort Collins, Colorado (the City), for the year ended December 31, 2017.

This report consists of management's representations concerning the finances of the City of Fort Collins. Consequently, management assumes responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed information is reported in a manner designed to present fairly the financial position and activities of the various funds of the City. The City has included all disclosures necessary to enable the reader to gain an understanding of the City's financial activities.

The City Charter and State law require an annual audit by independent certified public accountants selected by the City Council. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended December 31, 2017 are free of material misstatement. The independent accountant, RSM US LLP, concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended December 31, 2017, are fairly presented in conformity with accounting principles generally accepted in the United States of America.

The independent audit of the financial statements of the City is required to complete the federally mandated "Single Audit" designed to meet the special needs of the federal grantor agencies. The results of the single audit are available in the City's separately issued Single Audit Report (Compliance Report).

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A. The City's MD&A can be found immediately following the report of the independent auditor.

Governmental Structure

The City of Fort Collins, incorporated in 1872, is located in north central Colorado, east of the continental divide, and is approximately sixty miles north of Denver. It is the fourth largest city in Colorado with an estimated population of 170,100 as of March 2018. This over 50% of the Larimer County population.

The City provides services that include community planning, general government, police, streets and highways, cultural facilities, parks and recreation, transportation, golf courses and public utilities. The City's utilities include electric distribution, water treatment, wastewater treatment and storm drainage. Fire protection and library services are not provided by the City but instead by Poudre Fire Authority (PFA) and Poudre River Public Library District. The City is the primary financial supporter for PFA.

The City's financial statements include the Downtown Development Authority, Fort Collins Capital Leasing Corporation, General Improvement District No. 1, General Improvement District No. 15 – Skyview and the Urban Renewal Authority.

The City is a home rule city, organized under provisions of the Colorado Constitution. The City Charter, adopted in 1953, provides for the council-manager form of local government. The voters directly elect the mayor to serve a two-year term. Within districts, voters elect six Council members on a non-partisan basis, to staggered four-year terms. The financial statements, schedules and statistical tables contained in this report include all funds under the control of City Council. The Council is responsible for passing ordinances, adopting the two-year budget and annual appropriations ordinance, appointing advisory board and commission members, and hiring the City Manager, City Attorney, and Municipal Judge. The City Manager is responsible for implementing the policies and ordinances of Council, overseeing the day-to-day operations and appointing service area directors and other staff members.

Financial Condition: Economy, Long-Term Financial Planning and Major Initiatives

The essential economic indicators for the City were moderate to strong in 2017. At the end of 2017, the local unemployment rate stood at 2.2%, which compares favorably to the state rate of 3.0% and national rate of 4.1%. The City relies heavily on sales and use tax revenues, which decreased slightly in 2017. Sales taxes and use taxes were up 2.4% and down 12.0%, respectively, for a blended decrease of 0.3%. Inflation was 3.7%, as measured by the Denver-Boulder-Greeley Consumer Price Index for the second half of 2017 versus the second half of 2016.

Overall governmental fund revenue increased 7.3% in 2017. This was attributable to offsetting changes: the aforementioned decrease in sales and use taxes, an increase in volume of development-related fees, and increased Transit-related grant revenues. At year-end, the City held \$310.2 million in unrestricted net position and \$1.9 billion in total net position, \$3.5 million less and \$78.4 million more, respectively, than it held in 2016. Please see page 18 for more information about the City's total net position.

Data-driven and Transparent. Over the last decade, the City has undergone transformational change, deliberately embracing transparency, accountability and continuous improvement. Citizens have more avenues than ever to keep up to speed on initiatives, news, programs, or requests for City services:

- Access Fort Collins at fcgov.com/accessfortcollins is an easy way to reach the City with questions, comments, or service requests. The platform ensures that citizens directly reach the staff best equipped to address their concerns.
- Open Book is an online tool designed to disclose expenses in a simple to use format for members of the public interested in how the local government spends its revenues. Open Book can be viewed online at fcgov.com/openbook
- OpenCity is a City initiative started in 2016 to take transparency to the next level. The goal is to maintain a web portal to host data sets that are available to the public in a format that citizens can easily search, filter, and utilize in an innovative and creative way. There are a number of data sets already available with more scheduled to go-live in the near future, including crime statistics, traffic information, construction permits, City facility utility usage, annexations, and various master plans.
- Regularly updated video content, available at fcgov.com/fctv or on basic cable, provides several programming options designed to inform, educate, and inspire. Content includes Council meetings and public forums, plus regular programming including *CityView*, a bi-weekly news series that highlights major stories, initiatives, and upcoming events throughout the City in less than five minutes.
- The Community Dashboard, an online tool that measures the community's progress in attaining the City's strategic outcomes. Key metrics such as voluntary code compliance, unemployment rate, community energy use, number of local traffic crashes and transit passengers per revenue hour are measured and monitored so the City can adapt certain programs to ensure targets are met and improve performance where necessary. The Community Dashboard can be viewed at fcgov.com/dashboard.
- Strategy Maps are a newly created internal management tool designed to enhance the use of metrics, targets, and initiatives to track the City's progress against its 7 Key Outcome Areas and 54 Strategic Objectives. More information about the 2018 Strategic Plan and Strategy Maps can be found at fcgov.com/strategicplan.

- Another tool staff is using to become more data driven is the Financial Monthly Report (FMR), an internal report prepared monthly by managers and reviewed by City executives. Management uses this report to closely analyze their department's budget expenditures and revenues. The report also communicates departments' projects, goals and needs to other departments.
- Citizens can also stay current and provide feedback utilizing social media platforms such as Facebook, Twitter, or Instagram.

Malcolm Baldrige National Quality Award. On November 16, 2017 U.S. Commerce Secretary Wilbur Ross named the City of Fort Collins and four other organizations as the 2017 recipients of the Malcolm Baldrige National Quality Award. This Presidential-level honor recognizes exemplary practices among American organizations and businesses including a drive for radical innovation, thoughtful leadership, and administrative improvement.

Receiving the award was the culmination of a rigorous, multiyear pursuit for the City, as only the third city to win in the prestigious award's 30-year history. Fort Collins began applying at the state-level in 2011 with the Rocky Mountain Performance Excellence (RMPEX) program. After receiving the highest level "Peak status" from RMPEX in 2014, the City began applying to the national Baldrige program through the National Institute of Standards and Technology (NIST) in 2015. Additional information on the Baldrige Performance Excellence Program is located at <https://www.nist.gov/baldrige>.

ICMA Excellence in Performance Management. In June 2017 the City was awarded by the International City/County Management Association (ICMA) for its data-driven management and reporting efforts. Recipients ensure reliability of data, train staff in performance measurement, and report data to the public through budgets, newsletters, and/or information provided to and by elected officials. Certificates are awarded at three levels: Achievement, Distinction, and the highest level, Excellence. Fort Collins's notification cited its key outcome reporting, surveys of residents and employees, performance dashboards, and development of a performance culture. Its eighth year receiving ICMA recognition, Fort Collins was one of 25 jurisdictions receiving the Certificate of Excellence.

Twin Silo Park. A new jewel in the Fort Collins parks system, Twin Silo Park opened in November 2017. This one-of-a-kind 54-acre park carries agriculturally-themed features such as an orchard, large community garden, and hops trestles. The park includes traditional fields such as ballfields, as well as less common features such as pickleball courts and a BMX track. Finally, the park's centerpiece and namesake: two 48-foot tall former grain silos relocated from city property. The silos are connected by a tall slide and stand over a play area cleverly designed as a barn.

Broadband Internet Service. In November 2017, Fort Collins voters approved a Utility Charter amendment to add telecommunication services and, with subsequent Council direction, issue bonds of up to \$150M. Fort Collins began prioritizing broadband after community outreach in the 2014 Budget for Outcome process. In 2015, voters first indicated their support for Broadband by approving a home-rule exception to SB152, which restricts local government participation in telecommunications. After considerable analysis of alternatives, third-party consulting, community outreach, and due diligence, in 2018 the City Council directed staff to issue bonds and begin construction of a municipally-owned, retail network with the objective of servicing its first customers in late 2019.

Lincoln Corridor Plan. In 2017 the City completed construction of a community-supported vision for one of its critical connections from Downtown Fort Collins to the eastern side of the community. The area has a strong, diverse, and "uniquely Fort Collins" mix of retail, industry, offices, recreation, and neighborhoods with rich history and culture. The finished project created a multi-modal design along the corridor and replaced the Poudre River Bridge, thereby improving mobility, safety, and flood control, all while enhancing the appearance and creating a street with a unique identity.

Other Information

Certificate of Achievement for Excellence in Financial Reporting. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Fort Collins for its comprehensive annual financial report for the year ended December 31, 2016. This

was the 31st consecutive year that the City has achieved this prestigious award. In order to earn a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual report. This report must satisfy both applicable legal requirements and accounting principles generally accepted in the United States of America. A reproduction of the Certificate of Achievement is included at the end of the introductory section of the comprehensive annual financial report. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the requirements of the Certificate of Achievement Program and we will submit it to the GFOA to determine its eligibility for another certificate.

Acknowledgments. We recognize the dedicated efforts of all officials and staff involved in managing and accounting for the City's financial operations. The process of financial planning, management, and accounting requires a team effort by City Council and City staff to be successful. The preparation of this 2017 Comprehensive Annual Financial Report was made possible by the dedicated service of the entire Finance Department. We would like to recognize the members of the Accounting Division who worked many extra hours to ensure the completion of this document and fulfill other financial responsibilities over the past few months. We also thank RSM US LLP, the firm that serves as the City's external auditor.

Respectfully submitted,

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council and City Manager
City of Fort Collins, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Collins, Colorado (the City) as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Collins, Colorado, as of December 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, the Keep Fort Collins Great Fund, and Urban Renewal Authority Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As explained in Note 1 to the basic financial statements, the City adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* which restated beginning net position of the governmental activities, business-type activities, Light & Power fund and Wastewater fund.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the modified approach for City Streets Infrastructure capital assets, and pension and postemployment information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Fort Collins, Colorado's basic financial statements. The combining and individual nonmajor fund financial statements and other schedules, listed in the table of contents as supplementary information, and the other information, such as the introductory and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and other schedules, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying introductory, statistical sections and other schedules, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 19, 2018 on our consideration of the City of Fort Collins, Colorado's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Fort Collins, Colorado's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Fort Collins (the City) offers the readers of the City's financial statements this narrative overview and analysis of the financial activities for the year ended December 31, 2017. In addition to this overview and analysis based on currently known facts, decisions and conditions, the City would encourage readers to consider the information presented in the City's letter of transmittal and the City's financial statements, which begin on pages 3 and 27 of this report, respectively.

Financial Highlights

The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at December 31, 2017 by \$1.9 billion (net position). Of the net position balance, \$310 million is unrestricted and is available to meet the government's ongoing obligations in accordance with the City's fund designations and fiscal policies.

The City's net position increased by \$76.9 million (4.2%). The governmental net position increased by \$43.3 million (4.2%) and the business-type position increased by \$33.6 million (4.2%).

The General Fund, the City's primary operating fund, ended 2017 with a \$70.7 million fund balance, a decrease of \$4.6 million on a current financial resource basis. Of this amount, \$64.3 million is spendable.

The City's total long-term liabilities decreased by \$9.9 million (8.3%) during the current year. Within that activity, the City's governmental long-term liabilities increased by \$2.3 million and business-type long-term liabilities decreased by \$12.2 million. The City issued \$8.4 million of Certificates of Participation (COP) with an interest rate of 2.4% in 2017 to finance its share of the Firehouse Alley parking structure.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements consist of the following three components: 1) Government-wide Financial Statements, 2) Fund Financial Statements and 3) Notes to the Financial Statements. Other supplementary information is also included at the end of the report.

Government-wide financial statements. The government-wide statements are designed to provide readers with a broad overview of the City's finances using the accrual basis of accounting, the basis of accounting used by most private-sector businesses.

The statement of net position presents information on the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources is reported as net position. Over time, increases and decreases in net position may provide an indication of whether the City's financial position is improving or deteriorating.

The statement of activities presents information reflecting how the City's net position has changed during the fiscal year just ended. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g. uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, cultural, parks, recreation, and natural areas, planning and development services, transportation, and interest on long term debt. The business-type activities of the City include light and power, water, wastewater, storm drainage, and golf.

The government-wide financial statements also include the Fort Collins, Colorado Downtown Development Authority (DDA) as a discretely presented component unit of the City. See Note I.A in the notes to the City's financial statements (page 50) for more details regarding the DDA and its relationship to the City.

Fund Financial Statements. Traditional users of the City's financial statements will find the fund financial statement presentation more familiar. The focus is now on major funds rather than fund types.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. A major fund should generally meet both of the following criteria: 1) total assets, deferred inflows of resources, liabilities, deferred outflows of resources, revenues, or expenditures/expenses are at least 10% of the corresponding total (assets, liabilities, etc.) for that fund type (i.e., governmental or enterprise funds) and 2) total assets, deferred inflows of resources, liabilities, deferred outflows of resources, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All City funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to report those same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide statements, the fund financial statements are prepared on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available, and expenditures are recognized when the related fund liability is incurred, except for long-term debt and similar long-term items which are recorded when due. Therefore, the focus of the governmental fund financial statements is on near-term inflows and outflows of spendable resources as well as on the balance of spendable resources available at the end of the fiscal year.

Since the focus of the governmental funds is on near-term resources, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. To facilitate this comparison, reconciliations are provided for both the governmental fund balance sheet and the governmental statement of revenues, expenditures, and changes in fund balances.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Keep Fort Collins Great, Urban Renewal Authority Fund, and the Capital Projects Fund. These four funds are major funds. Data from the other governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these non-major funds is provided in the form of combining statements located within the supplementary information following the notes to the financial statements.

The City adopts an annual appropriated budget for all of its governmental funds. A budgetary comparison statement has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 32-38 of this report.

Proprietary funds. The City maintains two different types of proprietary funds, enterprise and internal service funds. The proprietary fund financial statements are prepared on the accrual basis of accounting. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its light and power, water, wastewater, storm drainage and golf operations. Internal service funds are accounting devices used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for employee benefits provided by the City, its communications system, its fleet of vehicles and its self-insurance programs. These services predominantly benefit the governmental rather than business-type functions. As such, they have been included within the governmental activities in the government-wide financial statements. The activity in the Equipment Fund used for monitoring the fleet of vehicles is allocated between the governmental and business-type activities based upon actual usage. In

addition, the utilities use an internal service fund to account for customer and administrative services. Because this fund is used solely by the utilities, it is included within the business-type activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Light and Power, Water, Wastewater and Storm Drainage enterprise funds are considered to be major funds and are therefore presented separately within the proprietary fund financial statements. The Golf Fund is presented as a non-major enterprise fund. All internal service funds are considered to be non-major funds and therefore are combined into a single, aggregated presentation in the proprietary fund statements. Individual fund data for each of the non-major proprietary funds is provided in the form of combining statements located within the supplementary information following the notes to the financial statements.

The City adopts an annual appropriated budget for all of its proprietary funds. A budgetary comparison statement has been provided to demonstrate compliance with this budget.

The basic proprietary fund financial statements can be found on pages 40-45 of this report.

Fiduciary funds. The City maintains two different types of fiduciary funds, trust and agency funds. The fiduciary fund financial statements are prepared on the accrual basis of accounting.

The fiduciary funds are used to account for resources held by the City in a trustee capacity or as an agent for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The funds underlying each of the fiduciary fund types are combined into a single, aggregated presentation in the fiduciary fund statements. Individual fund data for each of the fiduciary funds is provided in the form of combining statements located within the supplementary information following the notes to the financial statements.

Aside from the General Employees' Retirement Plan Trust fund, the City does not adopt an annual appropriated budget for its fiduciary funds. A budgetary comparison statement for the General Employees' Retirement Plan Trust fund has been provided to demonstrate compliance with the budget.

The basic fiduciary fund financial statements can be found on pages 46-47 of this report.

Notes to the Financial Statements. The notes to the financial statements are considered an integral part of the basic financial statements since they provide additional information needed to gain a full understanding of the data provided in both the government-wide and fund financial statements. The notes to the financial statements can be found on pages 49-95 of this report.

Other Information. The City has elected to use the modified approach to account for and report its street infrastructure capital assets. The City has included required supplementary information that explains the modified approach and recent assessments that have been performed using the related asset management system. Information about the City's pension and other post-employment benefit plan is also included as required supplemental information. These schedules can be found on pages 96-100 of this report.

Combining Statements. The combining statements referred to earlier in connection with the non-major governmental funds, non-major enterprise fund, internal service funds, fiduciary funds, and the component unit funds are presented following the required supplementary information. In addition, budget statements for the Capital Projects Fund and the major enterprise funds are also presented following the required supplementary information.

Government-Wide Financial Analysis

Statement of Net Position

The following table reflects the condensed Statement of Net Position.

Statement of Net Position						
as of December 31						
(amounts expressed in thousands, totals may not add due to rounding)						
	Governmental Activities		Business-type Activities		Total Primary Government	
	2017	2016 as restated	2017	2016 as restated	2017	2016 as restated

Total net position	<u>\$ 1,072,629</u>	<u>1,029,238</u>	<u>\$ 828,605</u>	<u>\$ 795,050</u>	<u>\$ 1,901,234</u>	<u>\$ 1,824,288</u>

For more detailed information see the Statement of Net Position on page 29 of this report.

By far, the largest portion of the City's net position, \$1.5 billion (79.4%) is invested in capital assets (e.g., land, buildings, machinery and equipment), less any debt used to acquire those assets that is still outstanding. Net Capital assets increased by \$81.8 million (5.7%) in 2017. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position, \$81.4 million (4.3%), represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$310.1 million (6.3%), may be used to meet the City's ongoing obligations to its citizens and creditors.

The City's total net position increased by \$76.9 million in 2017. Unrestricted net position decreased \$5.0 million and was used to support core operations, maintain infrastructure, and invest in critical capital assets. Additional details of capital asset activity can be seen on page 25.

Changes in Net Position. The following table reflects a condensed summary of activities and changes in net position.

Net (Expense) Revenue and Changes in Net Position				
Primary Government - City of Fort Collins				Component Unit
Governmental Activities	Business-type Activities	Total

For more detailed information see the Statement of Activities on pages 30-31 of this report.

The above condensed summary of the City's governmental and business type activities for the period ended December 31, 2017 reflects net position increasing by \$76.9 million (4.0%). The prior period is also included for comparative purposes. In addition, revenue and expense graphs have been presented on pages 20-21 to enhance the reader's understanding of the current year activities.

Governmental Activities:

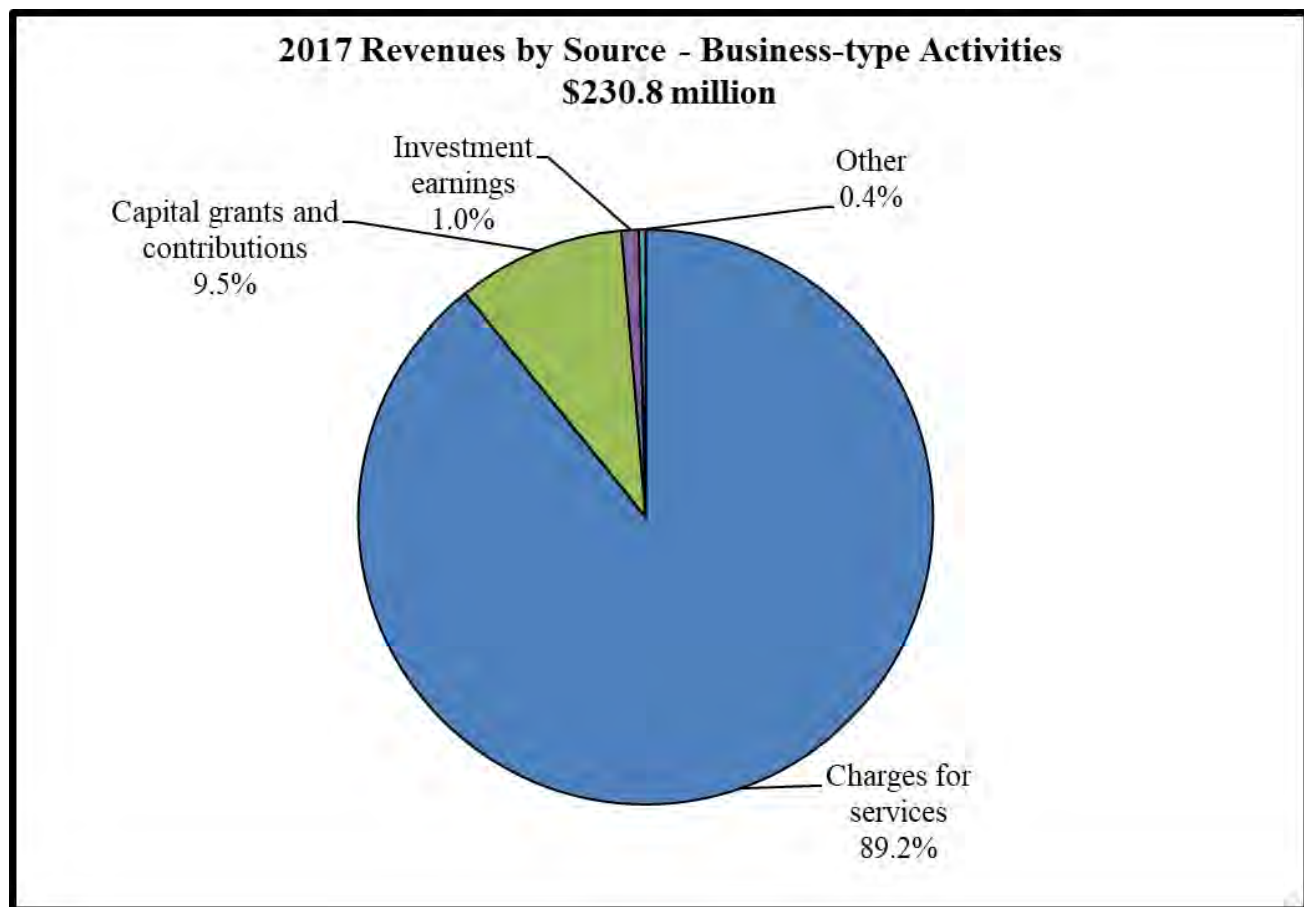

2017 Revenues by Source - Governmental Activities \$283.8 million

2017 Expenses Compared to Program Revenues - Governmental Activities

Business-type Activities:

Governmental activities. Governmental activities increased the City's net position by \$43.4 million, accounting for 56.4% of the City's \$76.9 million overall increase in net position. Major variations are due to the following:

Transportation capital grants and contributions increased by \$4.6 million in 2017 due to a receipt of \$9.1 million in donated assets, and transportation operating grants increased \$4.5 million over prior year. Charges for services were \$4.3 million greater than last year mostly due to transportation

Investment earnings of \$3.8 million were \$2.3 million more than the prior year primarily due to unrealized gains. The City's investment portfolio is entirely composed of fixed-income securities and cash.

Expenses in governmental activities increased \$18.2 million over the prior year. Personnel costs in Police Services, Community Services, and Planning, Development and Transportation increased \$5.0 million. Public safety expenditures increased \$9 million as the City contributed \$4 million more in 2017 than 2016 to support PFA services. Additionally, transportation expenditures increased \$6.7 million as compared to prior year.

Business-type activities. Business-type activities in the utility and golf funds increased the City's net position by \$33.6 million, accounting for 43.6% of the City's \$76.9 million increase in net position. Major variations are due to the following:

Charges for services in the utilities business activities totaled \$205.6 million for an increase of \$6.7 million (3.4%) from 2016 to 2017. Light and Power services charges increased 3.0% year-over-year driven by a 3.45% rate increase while energy sales saw a modest decrease of .03%. Water operating revenues increased 4.0% compared to 2016 due a 5% rate increase. Wastewater operating revenues increased 2.7% from 2016 partially attributable to higher commercial demand as well as a 3.0% rate increase. Storm drainage operating revenue increased 7.2% compared to 2016 due to a 5% rate increase.

Other Utility revenues remained consistent at \$25.2 million in 2016 and 2017. Total Light and Power capital grant and contribution revenues decreased 13.7% in 2017 due to a slowdown in economic development. Total Water contributions and donations revenues increased 47.5% in 2017 for water rights redemptions that occurred at the end of the year. Wastewater capital remained consistent at approximately \$3.8 million in 2017 as compared to 2016. Storm drainage capital contributions and donations revenue decreased by 17.1% compared to 2016 because of a slowdown in economic development. Investment earnings increased \$1.3 million due to unrealized losses on the City's hold-to-maturity portfolio.

Business-type expenses totaled \$193.8 million in 2017, an increase of \$2.3 million compared to 2016. Light and Power expenses increased \$1.5 million (1.1%). Purchased Power costs within Light and Power were up \$2.2 million, construction costs up \$2.7 million, efficiency rebates were down \$408 thousand, and administrative costs, including PILOTs, decreased \$879 thousand. Water expenses decreased \$785 thousand (3.0%) mainly due to decreased debt service. Wastewater expenses increased \$761 thousand (3.8%). Storm Drainage expenses increased \$883 thousand (9.4%) due to increased contractual services

Financial Analysis of the City's Funds

As noted previously, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At December 31, 2017, the total Governmental fund balances were \$207.7 million, a decrease of \$3.7 million (1.7%) compared to the prior year. There was \$6.5 million non-spendable, \$80.2 million restricted, \$50.9 million committed, \$42.2 million assigned, and \$27.7 million unassigned fund balance. The explanations for these restrictions are contained in the Notes to the Basic Financial Statements, section III.F on page 81.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities. The fund experienced a net decrease of \$2.3 million which resulted in a December 31, 2017 fund balance of \$17.6 million. Restricted fund balance was \$11.3 million for voter approved projects and committed fund balance was \$5.9 million. The largest capital project expenditures (expressed in millions) are shown in the table below.

	Current Year	Life to Date
Southeast Community Park	\$ 5.5	\$ 16.0
Lincoln Avenue improvements-1st/Lemay	3.5	6.3
Lincoln Avenue Bridge	4.8	5.1
Prospect/College intersection improvements	1.9	2.6

The General Fund is the chief operating fund of the City. At December 31, 2017, the total fund balance was \$70.7 million. The spendable fund balance was \$64.3 million. The General Fund decreased \$4.6 million in 2016 compared to an increase of \$2.4 million in 2016. The decrease is driven primarily by intentional use of reserves to fund activities such as the Information technology infrastructure project (\$1.2 million), the police training facility (\$1.1 million), and the police CAD and RMS Replacement CRISP (\$1.0 million).

The Keep Fort Collins Great Special Revenue Fund is another major governmental fund of the City. As of December 31, 2017, the total fund balance, the entirety of which is restricted to voter constraints, was \$12.7 million. This is a decrease of \$2.7 million due primarily to planned use of fund balances for both operations and capital expenditures.

The Urban Renewal Authority Fund has the primary purpose of blight remedy by stimulating and leveraging private capital investment using tax increment financing in private development projects and public improvement projects. The December 31, 2017 fund balance was a deficit \$5.1 million. The fund will continue to have a deficit fund balance for the foreseeable future as Tax Increment Funding (TIF) monies are collected through increased property tax collections.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The unrestricted net position balances and the growth in net position of the City's proprietary funds (including the major enterprise funds) are reflected in the following table.

Change in Net Position - Proprietary Funds

(amounts expressed in thousands, totals may not add due to rounding)

	Unrestricted Net Position 12/31/2017	Change in Net Position for Year Ended 12/31/17
<u>Proprietary Funds</u>		
Light & Power	\$ 35,336	\$ 3,529
Water	66,047	16,815
Wastewater	40,335	7,886
Storm Drainage	19,742	6,816
Total of Major Enterprise Funds	161,460	35,046
Other Enterprise Fund - Golf	803	345
Total Enterprise Funds	162,263	35,391
Internal Service Funds	16,918	2,146
Total Proprietary Funds	<u>\$ 179,181</u>	<u>\$ 37,537</u>

General Fund Budgetary Highlights

The final budgeted lapsing expenditure appropriations were \$8.7 million higher than the original budget lapsing appropriations. Revision to budget revenue appropriations are generally a product of unanticipated grant revenues and/or self-funded projects being appropriated. Major revisions to lapsing appropriations are summarized below:

The 2017 ordinances created new budget appropriations for the following items: \$.9 million for economic rebates, \$1.5 million for payments to subrecipients, \$1.2 million in 2017 unanticipated revenue or prior year reserve adjustments, and \$4.1 million for purchase orders that were carried forward from 2016.

The variance between actual lapsing expenditures and the final budget amounted to \$12.4 million (8.4%) less than budget. Total lapsing expenditures of \$148.3M were \$10.2 million or 7.4% higher than in 2016.

The decreased expenditures versus budget in the general fund were primarily due to the following: \$6.8 million less than budget was spent on property services and \$1.7 million less than budget was spent on professional and technical services across all service areas.

The City expects to maintain its solid financial condition by continuous control over expenditures and through the evaluation of viable options for diversifying revenues.

Capital Asset and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of December 31, 2017 amounted to \$1.6 billion (net of accumulated depreciation). This was an increase of \$74.2 million (4.9%). This investment in capital assets includes land, water rights, buildings and improvements, machinery, equipment, and light and power, water, wastewater and storm drainage infrastructure as well as street system infrastructure.

The City has elected to use the modified approach for infrastructure reporting of its street system infrastructure. The City completes assessments of its entire street system on a three-year cycle. The most recent three-year assessment was completed as of December 31, 2015. It resulted in a Pavement Condition Index (PCI) rating of 72. It met the City's policy of achieving a good (Level of Service B) rating. For 2017, the City spent \$19.1 million on its street maintenance program as compared to \$18.7 million, the asset management system estimate needed to maintain streets at Level of Service B. For more detailed information, see the Required Supplementary Information on pages 99-100 of this report.

Capital Assets Net of Depreciation

as of December 31

(amounts expressed in thousands, totals may not add due to rounding)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2017	2016	2017	2016	2017	2016
Land, rights of way, water rights, other	\$ 236,303	\$ 226,063	\$ 73,215	\$ 70,833	\$ 309,518	\$ 296,896
Street system infrastructure	347,891	326,038	-	-	347,891	326,038
Construction in progress	40,655	31,155	97,243	124,720	137,898	155,875

Improvements other than buildings	107,908	104,336	401,867	353,332	509,775	457,668
Machinery and equipment	29,709	29,690	31,240	27,353	60,949	57,043
Total capital assets	<u>\$ 876,782</u>	<u>\$ 824,965</u>	<u>\$ 724,037</u>	<u>\$ 701,546</u>	<u>\$ 1,600,819</u>	<u>\$ 1,526,511</u>

Major capital improvements during this fiscal year included the following:

Governmental Activities

Firehouse Alley parking structure	\$ 8.4 million
Lincoln Avenue bridge	4.8 million
Lincoln Avenue improvements 1st to Lemay	3.8 million
Open space improvements	3.0 million

Proprietary Activities

Meters	\$ 19.1 million
Underground conduit	10.9 million
Michigan Ditch repairs	7.4 million
Underground conductors and devices	6.6 million

Additional information on the City's capital assets can be found in Note III.C on pages 68-69 of this report.

Long-term debt. At the end of the current fiscal year, the City had total debt outstanding of \$88.7 million (bonds, certificates of participation, capital leases, etc.). This was a decrease of \$6.5 million (6.9%). Of this amount, \$48.8 million represents bonds secured by specified revenue sources (i.e., revenue bonds). The remaining \$40.0 million represents debt primarily secured by the new facilities or equipment being financed by certificates of participation, assignment of lease payments or capital leases.

Outstanding Debt
as of December 31
(amounts expressed in thousands)

	Governmental Activities		Business-type Activities		Total Primary Government

**RECONCILIATION OF THE BALANCE SHEET OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION
DECEMBER 31, 2017**

Amounts reported for governmental activities in the statement of net position (page 29) are different because:

Total fund balances - governmental funds (page 32)	\$ 207,632,526
Capital assets of \$1,046,323,921 net of accumulated depreciation of \$178,908,787 used in governmental activities are not financial resources, therefore, are not reported in the funds.	867,415,134
City's joint venture equity interest in Fort Collins/Loveland Airport.	9,954,299
Other long-term assets are not available to pay for current-period expenditures and, therefore, are reported as a deferred inflow of resources in the funds.	1,650,260
Internal service fund allocated to business type activities	14,643,318
Long-term liabilities are not due and payable in the current period and therefore are not reported in funds:	
Bonds payable	(8,860,000)
Certificates of Participation	(29,410,000)
Assignment of lease	(248,577)
Premium	(229,966)
Capital lease	-
Deferred loss on refunding, net of deferred gain	1,013,446
Interest payable	(141,379)
Compensated absences	(6,049,751)
Net pension liability	(4,933,850)
Total OPEB liability	<u>(146,784)</u>
	(49,006,861)
Deferred outflow of resources, other pension-related items	(871,736)
Internal service funds are used by management to charge the costs of certain activities to individual funds. Except for the utility customer service and administrative fund, the assets/deferred outflows of resources and liabilities/deferred inflows of resources of the internal service funds are included in the governmental activities in the statement of net position.	<u>21,211,601</u>
Net position of governmental activities (page 29)	<u>\$ 1,072,628,541</u>

The notes to the financial statements are an integral part of this statement.

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES (DEFICIT) OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2017**

Amounts reported for governmental activities in the statement of activities (pages 30-31) are different because:

Net change in fund balances - total governmental funds (page 34)	\$ (3,677,529)
--	-----------------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays, \$56,293,176, exceeded depreciation, \$15,178,571, in the current period.	41,114,605
--	------------

The net effect of disposal of capital assets		
Donations	9,083,543	
Disposal	(95,123)	
		8,988,420

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.	(5,068,124)
---	-------------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to the governmental funds. However, issuing debt increases long-term liabilities on the statement of net position, so this transaction has no effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items as expenditures in the period when the debt is created. However, these amounts are deferred and amortized in the statement of activities.

Principal payments	4,749,658	
Debt payment made by DDA on behalf of the City	260,609	
Debt issued	(8,425,000)	
Amortization of premium, deferred amount of refunding	(88,424)	
Capital lease obligation transferred to Internal Service Funds	2,512,632	
Interest expense	(54,092)	
		(1,044,617)

In the statement of activities, certain expenses - compensated absences, other post-employment benefits and pension expense - are measured by the amounts incurred during the year. In the governmental funds, however, expenditure for these items are measured by the amount of financial resources used or due (essentially, the amounts actually paid). These amounts represent the net effect of compensated absences, other post-employment benefits and pension-related amounts on the statement of activities.

Change in net pension liability	1,447,441	
Change in postemployment healthcare benefits	4,054	
Change in compensated absences	(374,998)	
		1,076,497

Expenses in Statement of Activities related to City's Equity in Joint Venture	
Change in Non-Capital Equity position in Fort Collins/Loveland Airport	(186,119)

Change in deferred outflow of resources, other pension-related items	(1,795,432)
--	-------------

Allocation of internal service fund net position to business type activities	1,109,524
--	-----------

Internal service funds are used by management to charge the costs of certain activities to individual funds. Except for the utility customer service and administrative fund, the net revenue of the internal service funds is reported with the governmental activities.	2,873,114
---	-----------

Change in net position of governmental activities (pages 30-31)	<u>\$ 43,390,339</u>
---	-----------------------------

NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Fort Collins, Colorado (the City) was incorporated in 1873 and adopted its Home Rule charter in 1913. In 1954, the citizens adopted the Council-Manager form of government. The more significant accounting policies reflected in the financial statements are summarized as follows:

A. Reporting Entity

These financial statements include those of the City (primary government) and organizations for which the City is financially accountable (component units). The following component units are included in the reporting entity: The Fort Collins, Colorado Downtown Development Authority (DDA); City of Fort Collins General Improvement District No. 1 (GID No. 1); the Fort Collins Capital Leasing Corporation (Corporation); the Urban Renewal Authority (URA); and the City of Fort Collins General Improvement District No. 15-Skyview (GID No. 15-Skyview). None of the component units issue their own financial statements.

The DDA was created in 1981 by City Council and the electorate. The purpose of the DDA is to promote the public health, safety, prosperity, security, and welfare of its inhabitants. The City appoints and removes all members of the DDA's governing board in addition to issuing debt, adopting budgets, and levying taxes on its behalf. The financial statements of the Downtown Development Authority are included in the reporting entity by discrete presentation.

GID No. 1 was created in 1976 for the construction and installation of parking facilities and street and sidewalk beautification improvements. GID No. 1 is, in substance, the same as the primary government since the City Council serves as the board of directors. As such, it levies all taxes, approves all budgets, and issues all debt on behalf of GID No. 1. Accordingly, its transactions and balances are blended with those of the City. GID No. 1 is presented as a special revenue fund.

The Corporation was created in June 1998 and operates under the provisions of the Nonprofit Corporation Law of the State of Colorado. The Corporation's primary purpose is to provide financing assistance by obtaining land, property and equipment on behalf of the City. The directors are appointed by the City Council and receive no compensation. Its transactions and balances are blended with those of the City. The Corporation is presented as a debt service fund.

The URA was established in 2006. The primary purpose of the URA is to remedy blight by stimulating and leveraging private capital investment, using tax increment financing in private development projects and public improvement projects. The URA is, in economic substance and governance for reporting purposes, the same as the primary government because the City Council serves as the board of directors. Management of the primary government, reporting to elected officials of the primary government, has operational responsibility for the URA and is charged with day-to-day operations. Its transactions and balances are blended with those of the City. The URA is presented as a special revenue fund.

GID No. 15-Skyview was organized in 1997 by Larimer County and was inherited by the City as part of the Southwest Annexation. The mill levy funds are used to maintain the street system for the Skyview Subdivision. GID No. 15-Skyview is, in substance, the same as the primary government since the City Council serves as the board of directors. As such, it levies all taxes, approves all budgets, and issues all debt on behalf of GID No. 15-Skyview. Accordingly, its transactions and balances are blended with those of the City. GID No. 15-Skyview is presented as a special revenue fund.

B. Joint Ventures

The City has joined with other governmental units to form the following joint ventures:

The Northern Colorado Regional Airport was created for the purpose of operating a municipal airport for the benefit of the citizens of Loveland and Fort Collins. The City provides a small amount of funding for on-going airport

construction projects. The City and Loveland each retain a 50% ownership interest in the airport. Separately issued financial statements are available upon request from the Airport Manager.

North Front Range Metropolitan Planning Organization (NFRMPO) is an association of local governments that was formed in 1988 in response to local needs and federal transportation and air quality planning requirements. Local government membership consists of elected officials representing Fort Collins, Greeley, Loveland, Evans, Berthoud, Windsor, Timnath, Garden City, LaSalle, Johnstown, Eaton, Milliken, Severance and Weld and Larimer Counties. Membership is also extended to the Colorado Transportation Commission and the Colorado Air Quality Control Commission. The NFRMPO Planning Council appoints its own management and approves its own budget. Separately issued financial statements are available upon request from the Planning Council.

Poudre Fire Authority (PFA) was created by an intergovernmental agreement between the City of Fort Collins and the Poudre Valley Fire Protection District. The PFA Board consists of five members: two appointed by City Council, two appointed by the District's Board of Directors and a fifth member appointed by the other four members. The PFA Board appoints its own management and approves its own budget. PFA's continuing existence depends, in part, on funding provided by the City. Separately issued financial statements for PFA are available from its administrative office.

Platte River Power Authority (PRPA) was created by an intergovernmental agreement between the Cities of Fort Collins, Estes Park, Loveland, and Longmont to supply their wholesale electric power and energy requirements. The governing Board of PRPA consists of two members from each municipality. Under Colorado law, PRPA's Board of Directors has the exclusive authority to establish electric rates. The City has contracted for its total electric energy supply from PRPA through December 31, 2040. Separately issued financial statements for PRPA are available from its corporate headquarters.

Aside from the Airport (see Note IV, G. 1.), the City does not have an equity interest in any of the joint ventures in which it participates. None of the joint ventures are accumulating financial resources or are experiencing fiscal stress that are expected to create a significant financial benefit or burden on the City in the foreseeable future.

C. Jointly Governed Organization

The City and various governmental entities throughout Larimer County have jointly agreed to establish the Larimer Emergency Telephone Authority (LETA). LETA is a separate legal entity established to provide E-911 telephone service to the citizens of Larimer County. The City does not retain an on-going financial interest or responsibility in LETA.

D. Undivided Interest

The City completed construction of the Fort Collins Museum of Discovery (the "Museum") in November 2012 with the partnership of Discovery Center, a Colorado non-profit corporation. In January 2013, in accordance with the partnership agreement, the City granted a shared ownership of the property to Discovery Center. The two entities now jointly operate the museum where visitors from the northern Colorado region and surrounding areas can experience interactive exhibits and educational programs of a broad spectrum of relevant topics. The financial transactions of the City for the Museum are reported as a sub-fund of the General Fund.

E. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. The effect of inter-fund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely primarily on fees and charges for support. Also, the primary government is reported separately from the DDA, a legally separate component unit for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is

offset by program revenues. Direct expenses are those that are clearly associated with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

F. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and the pension trust fund. The agency funds utilize the accrual basis of accounting but have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. An allowance for doubtful accounts is maintained for the utility receivables.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. As under accrual accounting, expenditures are generally recorded when a liability is incurred. However, debt service expenditures, as well as those related to compensated absences, pension liabilities, and incurred claims and judgments, are recorded only when payment is due. With regard to self-insurance claims and judgments, an additional expenditure may be recorded based on actuarial information.

Property taxes, special assessments, sales taxes, franchise taxes, charges for services, amounts due from other governments and interest associated with the current fiscal period are all considered to be subject to accrual. Other revenue items such as licenses, fines and permits are considered to be measurable and available only when the cash is received by the City; as a result, they are not subject to accrual.

G. Financial Statement Presentation

The accounts of the City are organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows/outflows of resources, fund balance or net position, revenues and expenditures or expenses as appropriate. The various funds are summarized by type within the financial statements.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Keep Fort Collins Great fund, a special revenue fund, is used to account for collections of the City's 0.85% sales and use tax which is allocated as follows:

33% for street maintenance and repair
17% for other street and transportation needs
17% for police services
11% for fire protection and other emergency services
11% for parks maintenance and recreation services
11% for community priorities other than those listed above, as determined by the City Council.

The *Capital Projects Fund* is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

URA, a special revenue fund, is used to account for the tax increment financing for the operations and debt services of the Urban Renewal Authority, a blended component unit.

The City reports the following major proprietary funds:

Light and Power fund is used to account for the operations of the City's electric utility.
Water fund is used to account for the operation of the City's water utility.
Wastewater fund is used to account for the operation of the City's wastewater utility.
Storm Drainage fund is used to account for the operations of the City's storm water utility.

Additionally, the City reports the following fund types:

Internal Service funds are used to account for the City's fleet maintenance services, technology and communication, self- insurance of employee health care and other employee benefits, and a risk management insurance program. There is also an internal service fund to account for the customer and administrative services provided exclusively to the City's utility enterprise funds.

Pension Trust fund is used to account for the City's General Employees' Retirement Plan, a defined benefit pension plan to provide retirement benefits for its employees/retirees.

Agency funds are used to account for cash and investments held by the City on behalf of Poudre Fire Authority and Poudre River Public Library District.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are the charges between the City's utility functions and various other functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The water and storm drainage funds also recognize as operating revenue the portion of connection fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

H. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Cash and Investments

The City has stated certain investments at fair value in accordance with GASB Statement No. 72. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available; for others, it might not be available. However, the objective of a fair value measurement in both cases is the same--that is, to determine the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions. Fair value is an exit price at the measurement date from the perspective of a market participant that controls the asset or is obligated for the liability.

Whenever possible, cash is pooled from the various City funds to enhance investment capabilities and maximize investment income. Investments are made taking into consideration cash flow needs, market conditions, and contingency plans. The City's investment policies prescribe eligible investments, investment diversification, and maturity and liquidity guidance, which are utilized in managing the investment portfolio.

For purposes of the combined statement of cash flows, the City considers highly liquid investments with a maturity of three months or less when purchased, including external investment pools, to be cash equivalents.

Receivables

Accounts receivable are expressed net of allowances for doubtful accounts. Light and Power Fund maintains an allowance of \$225,000, Water Fund maintains an allowance of \$25,000, Wastewater Fund maintains an allowance of \$20,000, and Storm Drainage Fund has an allowance of \$10,000.

Long-term portions of receivables in the governmental fund financial statements are reported and then offset by non-spendable, restricted and committed fund balance reserve accounts to indicate that they are not available or spendable resources.

Inventories

Inventories are stated at cost using the first-in, first-out method. The costs of inventory items are recognized as expenditures in governmental funds when purchased and as expenses in proprietary funds when used. Where appropriate, inventory has been adjusted downward to market value to reflect what is considered a permanent market decline.

Inventory of Real Property Held for Resale

Inventory of real property held for resale generally reflects the cost of raw land for development of affordable housing held by the City's Land Bank Program in the General Fund. These assets are carried at the lower of cost or fair value.

Capital Assets

Capital assets, which are acquired or constructed, are reported at historical cost in the applicable governmental or business-type activities' columns in the government-wide and proprietary fund financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of five years or greater. Donated capital assets are recorded at estimated acquisition value at the date of donation.

Capital assets other than land, construction in progress, water rights, and some intangible property are depreciated. Depreciation is computed using the straight-line method with estimated useful lives as follows:

Buildings	10 - 50 years
Improvements other than buildings	5 - 50 years
Machinery and equipment	5 - 20 years

GASB Statement No. 34 provides for an alternative approach to depreciation for measuring the value of infrastructure assets and the related costs incurred to maintain their service life at a locally established minimum standard. In order to adopt this alternative method, the City has developed an asset management system, which will determine if the minimum standards are being maintained. This measurement would occur every three years at a minimum. The City has elected to use this alternative method for reporting its street infrastructure capital assets.

Deferred Outflows/Inflows of Resources

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred outflows/inflows of resources as follows:

Gain/Loss on Refunding - In the government-wide and proprietary funds statement of net position, deferred outflows/inflows of resources on refunding represent the difference in the carrying value of refunded debt and its reacquisition price. The difference is amortized and recognized over the remaining life of the old refunded debt or the new refunding debt, whichever is shorter.

Unavailable Revenues - Unavailable revenue is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from three sources: property taxes, grants and parking tickets. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In the government-wide Statement of Net Position, only property tax revenue is reported as a deferred inflow of resources and will be recognized as revenue in the year for which they are levied.

Pension-Related Amounts - In the government-wide and proprietary funds statement of net position, a deferred inflow of resources is reported for the unrecognized items not yet charged to pension expense related to the net pension liability, such as the unamortized portion of the net difference projected and actual earnings on pension plan investments and other differences between expected and actual experience. Deferred inflows for the net difference between projected and actual investment earnings are recognized over a period of five years, while the deferred outflow for the differences between expected and actual experience for economic/demographic assumptions are recognized over the average remaining service life for all active and inactive members.

Compensated Absences

The City allows employees to accumulate unused vacation pay and to defer overtime pay by accumulating compensatory leave up to maximum limits. The liability associated with these benefits is reported in the government-wide financial statements. Proprietary fund types accrue such benefits in the period in which they are earned. The entire portion is current, as employees typically use the full balance in the subsequent year and the City records usage on a first in, first out basis. A liability for the amount is reported in governmental funds only if they have matured, for example as a result of employee resignations and retirements. Unused sick pay is not recognized as a liability because it does not meet the criteria for accrual.

Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenses in the period they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Claims and Judgments Payable

Claims and judgments payable are recognized when it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. Such claims, including an estimate for claims incurred but not reported at year end, are reflected as claims payable in the financial statements.

Pension

The net pension liability and deferred inflows of resources, pension expense and information about the fiduciary net position of the General Employee Retirement Plan (GERP) and additions to/deductions from the fiduciary net position has been determined on the same basis as they are reported by GERP. For this purpose, benefit payments are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Fund Balance/Net Position

GASB Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions* establishes fund balance classifications that comprise a hierarchy based on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in the governmental funds. In the fund financial statements, fund balance of the City's governmental funds is classified as nonspendable, restricted, committed, assigned, or unassigned.

Nonspendable fund balances indicate amounts that cannot be spent such as permanent endowments or assets in non-liquid form. It also includes the long-term amount of advances, loans and notes receivables as well as property held for resale unless the proceeds from the collection of these items would be considered restricted, committed, or assigned in which case they are included in those categories.

Restricted fund balances indicate amounts constrained for a specific purpose by external parties, constitutional provision or enabling legislation.

Committed fund balances indicate amounts constrained for a specific purpose by the City Council, which is the City's highest level of decision-making authority. Amounts are established, modified and rescinded only through a Council approved ordinance. The ordinance must occur prior to year-end; however, the amount can be determined in the subsequent period.

Assigned fund balances indicate amounts the City intends to be used for specific purposes, but do not meet the criteria to be classified as restricted or committed. The City Manager, Chief Financial Officer and Controller are authorized to assign fund balance as outlined in the fund balance policy.

Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not included in the other classifications. In other funds, the unassigned classification is used to report a deficit fund balance. When unassigned and restricted, committed, or assigned fund balances are available for use, it is the City's policy to use restricted, committed, or assigned resources before unassigned resources.

In the government-wide and proprietary fund financial statements, net positions are restricted for amounts that are legally restricted by outside parties for specific purposes or through enabling legislation that is a legally enforceable restriction on the use of revenues. When both restricted net position and unrestricted net position are available for use, it is the City's policy to use restricted-net position first and then unrestricted net position. Investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvements of those assets. The government-wide statement of net position reports \$81,843,909 of restricted net position, of which \$39,249,936 is restricted by enabling legislation.

Minimum Fund Balance Policy

It is the City's policy to maintain a 60 Day Liquidity Goal minimum unassigned fund balance in the General Fund. Minimum unassigned fund balance should be at least 17% of the subsequent year's originally adopted budgeted expenditures and transfers out, excluding expenditures and transfers out for large and unusual one-time items. The 60 Day Liquidity Goal is in addition to the restricted balance required by Article X, Section 20 of the State Constitution.

Inter-fund Transactions

Inter-fund transactions are treated and classified as revenues, expenditures, or expenses (the same as if these same transactions involved external organizations). These include billings from one fund to another for purchased goods or services as well as payment in lieu of taxes. In the government-wide statement of activities, transactions, which constitute reimbursements, are eliminated except for transfers between governmental and business-type activities.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Discretely Presented Component Units

The significant accounting policies for the City's discretely presented component unit are substantially the same as the primary government. Additional disclosures follow.

The discretely presented component unit data presented in the government-wide statements includes total data for all fund types of the Downtown Development Authority (DDA), including its General Fund, Debt Service Fund and its non-current assets and liabilities.

The Board of Directors of the DDA approves their respective budget by resolution. The budget is then submitted to City Council for approval. Budgetary matters with respect to basis of accounting and legal level of budgetary control are generally the same for the DDA as those of the City.

Adoption of New Accounting Pronouncements

Effective January 1, 2017, the City adopted *GASB Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. GASB 75 requires a liability for other postemployment benefits (OPEB) obligations, known as the Net OPEB Liability (Total OPEB Liability for unfunded plans), to be recognized on the balance sheets of participating funds. Changes in the Net OPEB Liability (Total OPEB Liability for unfunded plans) are immediately recognized as OPEB expense on the income statement or reported as deferred inflows/outflows of resources depending on the nature of the change.

As this statement is applied retroactively, the financial statements for the year ended December 31, 2016 have been restated to apply the changes associated with the implementation of GASB Statement No. 75 to adjust the total OPEB liability. The effect of this change is as follows:

	Governmental Activities	Business-type Activities	Enterprise Funds	
			Light and Power	Wastewater
Net position December 31, 2016, as previously reported	\$ 1,028,243,092	\$ 373,238,178	\$ 202,702,015	\$ 170,536,163
Total OPEB liability	(150,838)	(65,992)	(37,710)	(28,282)
Removal of net OPEB obligation	1,145,948	501,353	286,488	214,865
Net position January 1, 2017, as restated	<u>\$ 1,029,238,202</u>	<u>\$ 373,673,539</u>	<u>\$ 202,950,793</u>	<u>\$ 170,722,746</u>

The GASB has issued several statements not yet implemented by the City. City management has not yet determined the effect the Statements will have on the financial statements. However, the City intends to implement all standards by the required dates. The Standards which may impact the City are as follows:

GASB Statement No. 84, Fiduciary Activities. This Statement, issued January 2017, will be effective for the City beginning with its fiscal year ending December 31, 2019. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

GASB Statement No. 87, Leases, issued June 2017, will be effective for the City beginning with its fiscal year ending December 31, 2020, with earlier adoption encouraged. Statement No. 87 establishes a single approach to accounting for and reporting leases by state and local governments. Under this statement, a government entity that is a lessee must recognize (1) a lease liability and (2) an intangible asset representing the lessee's right to use the leased asset. In addition, the City must report the (1) amortization expense for using the asset over the shorter of the term of the lease or the useful life of the underlying asset, (2) interest expense on the lease liability and (3) note disclosures about the lease. The Statement provides exceptions from the single-approach for short-term leases, financial purchases, leases of assets that are investments and certain regulated leases. This statement also addresses accounting for lease terminations and modifications, sale-leaseback transactions, nonlease components embedded in lease contracts (such as service agreements), and leases with related parties.

GASB Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placement, issued March 2018, will be effective for the City beginning with its fiscal year ending December 31, 2019, with earlier adoption encouraged. Statement No. 88 clarifies which liabilities governments should include in their note disclosures related to debt. This statement defines debt that must be disclosed in the notes of the financial statements as a liability that arises from contractual obligation to pay cash in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. Governments must also disclose amounts of unused lines of credits, asset pledges as collateral for debt and the terms specified in the debt agreements related to significant events of default with finance-related consequences, termination events with finance-related consequences, and subjective acceleration clauses. Within the notes, governments should separate information regarding direct borrowings and direct placements of debt from other debt.

NOTE II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information Budgetary

Accounting and Control

Appropriated budgets are established for all funds of the City except agency funds, which do not measure results of operations.

General, Special Revenue, Debt Service and Trust Funds

Budgets for general, special revenue, debt service and trust funds are not adopted on a basis consistent with generally accepted accounting principles (GAAP). The exceptions to GAAP are appropriations for grants and capital projects that do not lapse until the grant or project is completed.

Capital Project Funds

Budgets for the Capital Project Funds are not consistent with GAAP because appropriations do not lapse on an annual basis as explained below.

Proprietary Funds

Proprietary funds are budgeted on a basis that includes capital items such as amounts for capital outlay and principal reduction of debt. Such budgets exclude depreciation, bond amortization, and changes in estimates such as claim reserves or post-employment liabilities. Capital project budgets for certain enterprise funds do not lapse on an annual basis as explained below.

Legal Level of Control

The legal level of budgetary control is at the individual fund level, except for capital projects, the URA, and federal and state grants for which the legal level of control is at the project, tax increment financing district, or grant level. For budgetary purposes, operating transfers are considered expenditures.

Lapsing Appropriations

All appropriations unexpended or unencumbered lapse at the end of the year to the applicable fund, except capital project and federal and state grant appropriations which lapse when the project or grant activity is completed. Appropriations which are legally encumbered at year end are carried over to the ensuing year at which time they are matched with their corresponding expenditures.

Budgets for the Capital Projects Fund, special revenue funds with expenditures of a capital or project nature and special revenue funds where the primary source of revenue is project-length federal or state grants are non-lapsing. Included are the Capital Projects Fund, Neighborhood Parkland Fund, Conservation Trust Fund, Community Development Block Grant Fund, Home Program Fund, Transit Services Fund, the grant portion of Transportation Services, Community Capital Improvement Program Fund, and the capital project portion of the Keep Fort Collins Great Fund. Budgets are non-lapsing for capital projects in all the enterprise funds and for one of the internal service funds - Utilities Customer Service and Administration Fund.

Property Taxes

Property taxes levied in a particular year are collected in the subsequent year. The property tax calendar is as follows:

Tax Year

Tax levy certified to County Commissioners	December 15
County Commissioners certify levy to County Assessor	December 22

Ensuing Collection Year

Taxes attach as an enforceable lien on property	January 1
First installment due date (one-half of taxes due)	February 28
Taxes due in full (unless installments elected by taxpayer)	April 30
Second installment due date (second half due)	June 15

The City has an enforceable legal claim on the taxes when the levy is certified in December, and records a receivable on that date. Taxes are collected by the Larimer County Treasurer on behalf of the City and are remitted by the 10th day of the month following collection. A 2% collection fee is retained by the County as compensation for collecting the taxes.

B. Deficit Fund Balance and Net Position

The URA fund had a deficit fund balance of \$5,096,984 as of December 31, 2017. The fund will continue to have a deficit fund balance for the next few years as Tax Increment Funding (TIF) monies are collected through increased property tax collections. The Community Development Block Grant fund had a deficit fund balance of \$154,967 as of December 31, 2017 due to expenditures that have not been reimbursed as of year-end and thus associated revenues are deemed unavailable for recognition.

The Downtown Development Authority reported a deficit net position of \$2,288,115. The fund will continue to have a deficit net position for the next few years as TIF monies are collected through increased property tax collections.

C. Tax Abatements

Primary Government and Blended Component Units Abatement Agreements

The City has established two major tax abatement programs: (1) manufacturer's use tax rebates (MUTR) and (2) business assistance agreements for purposes of economic development.

Manufacturer's Use Tax Rebate: The MUTR program is established by City Code Article II – Tax Refund and Rebate Program, section 25-64. Under this code section, the City may refund a portion of use taxes paid by a qualifying manufacturer for manufacturing machinery to be used in the City of Fort Collins directly and exclusively in the manufacture of tangible personal property for sale or profit. Once the taxpayer has completed the application process, the abatement comes in the form of a rebate payment check of taxes previously paid.

The base use tax rate charged is 3.00% of the equipment cost, and rebates are for 1.50% of the first \$5,000,000 in qualifying equipment purchases and 1.00% for purchases from \$5,000,001 and up. The maximum rebate given to any one company is \$2,400,000.

For the fiscal year ended December 31, 2017, the City abated use tax totaling \$477,727, including one abatement agreement that exceeded 10% of the total amount abated under the MUTR program. Broadcom Limited, formerly Avago Technologies, received a MUTR abatement totaling \$359,916.

Business Assistance Agreements: The City approves primary employer business assistance agreements pursuant to and subject to the terms of Economic Health Financial Policy 9 and authorized by City Council under Resolutions 91-15, 99-23, 2013-025, and 2015-079. This policy applies to requests for direct assistance from primary employers looking to remain or expand their operations in the City, as well as primary employers evaluating relocation to the City.

City Council approves business assistance packages subject to the following criteria: economic impact, contribution to quality of place, alignment with City objectives, natural resource stewardship, and community well-being. All agreements are performance-based including but not limited to annual average wages, number of retained or net new jobs, and/or health care premium assistance.

The types of assistance commonly used are private activity bond financing, manufacturing equipment use tax rebates (separate from the standard MUTR program), and business personal property tax rebates. The maximum allowable property tax rebate will not exceed 50% of the City's portion of the personal property tax rate, and the maximum term is not to exceed 10 years.

Applicants for direct assistance commit to the following at a minimum:

- Pledge to Annual Reporting
- Separate Use Tax Schedule
- Timeline for Confidentiality, no greater than 30 days
- Assurance of Existing Workforce Retention

For the fiscal year ended December 31, 2017, the City abated use tax and property tax totaling \$397,716. Abatement recipients exceeding 10% of the total amount abated or that are otherwise deemed material for qualitative reasons were:

Project Name	Avago Technologies [Broadcom Limited] Building 4 FBAR Clean Room Facility
Project Description	Redevelopment of property by retrofitting wafer fabrication facility in 2014, including new 12,160 square foot FBAR Clean Room Facility expansion
Approved Abatement	100% of use taxes paid, up to \$3,882,200. Three rebate applications and seven concurrent annual payments for each application.
	50% of personal property taxes paid, up to \$629,100 in total and a limit on each annual payment of \$157,700
2017 Amount	\$397,716
Project Commitment	135 net new jobs created in Fort Collins
Recapture Provisions	City may reduce the amount of any either use tax or personal property tax paid by the percentage shortfall from full compliance

Project Name	Woodward, Inc. World Headquarters
Project Description	Four-phase relocation and expansion of office space, manufacturing facilities, and testing facilities on a former golf course and designated redevelopment area

Approved Abatement	80% of use taxes paid on construction materials 80% of use taxes paid on eligible equipment, up to \$1,212,000 Separate from the use tax abatement disclosed herein, the agreement includes separate incentives around development fees, capital improvement fees, and tax increment financing (TIF) of improvement and façade projects.
2017 Amount	\$159,145 of use tax rebates
Project Commitment	Maintain employment level of 1,400 employees
Recapture Provisions	Rebate is reduced by \$500,000 if employment level has not reached 1,400 employees by December 31, 2018. Rebate is reduced by 40% if employment level has not reached 1,400 employees by December 31, 2020.

Project Name	Foothills Mall Redevelopment
Project Description	Redevelopment of blighted property after decline in sales tax revenue since 2001 of over 61%. Revitalization project costing \$312 million, of which \$53 million was approved in public assistance in the form of City sales tax revenue abatements and Urban Renewal Authority (URA) tax increment financing (TIF).
Approved Abatement	Pledged sales tax increment on General Fund portion (2.25%) of sales tax collections above a sales tax base established in 2013. Increment of 25 years beginning May 1, 2013 and ending April 30, 2038. Sales tax increment is only paid toward debt service as fifth priority after 1) Mall Metro District Debt Service Mill Levy, 2) Mall Metro District Specific Ownership Taxes, 3) URA Property Tax TIF and 4) Mall Metro District Public Improvement Fee.
2017 Amount	\$205,255
Project Commitment	Developer commits to build parking structure, City-owned and operated recreational facility, ditch relocation for storm drainage, upgrades and improvements to utilities, and construction of a pedestrian underpass linking the District to transit.
Recapture Provisions	Once District debt is paid off, the balances in a supplemental debt service reserve are returned to the City.

NOTE III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Deposits

Colorado State Statutes govern the City's deposits of cash. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held.

The Colorado Public Deposit Protection Act (PDPA) requires all units of local government deposit cash in eligible public depositories determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized in accordance with the PDPA. PDPA allows the institution to create a single collateral pool for all public funds to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least 102% of the aggregate uninsured deposits. All deposits in 2017 were in eligible public depositories, as defined by the Public Deposit Protection Act of 1989.

Primary Government

The carrying amount of the City's deposit accounts as of December 31, 2017 was \$66,894,075, excluding the Pension Trust Fund and agency funds. The bank balance was \$68,570,493.

Component Unit

The Downtown Development Authority's undivided share of the City's deposits as of December 31, 2017 was a carrying amount of \$505,601. The bank balance was \$518,816.

Custodial Credit Risk – Deposits

For deposits, custodial credit risk is the risk that, in the event of a bank failure, the City's deposits might not be returned. Due to the federal deposit insurance and the collateral no deposits for the City or the component unit were exposed to custodial credit risk.

Investments

Investment policies are governed by the City's own investment policies and procedures. Investments of the City and its discretely presented component unit may include:

- Legal investments for municipalities under state statutes.
- Interest-bearing accounts or certificates of deposit at banks or savings and loans in Colorado which are eligible public depositories (including CDARS).
- Obligations of the United States Government, its agencies or instrumentalities.
- Debt of U.S. corporations having an investment grade rating.
- Obligations issued by or on behalf of the City.
- State or local government obligations having an investment grade rating.
- Prime rated banker's acceptances.
- Prime rated commercial paper.
- Guaranteed investment contracts.
- Repurchase and reverse repurchase agreements of any marketable security described above which afford the City a perfected security interest in such security.

- Local government investment pools authorized under the laws of the State of Colorado.
- Shares in any money market fund or account, unit investment trust or open or close-end investment company, all of the net assets of which are invested in securities described above.
- Mutual funds that include eligible investments found above.

In addition to the above, investments of the General Employees' Retirement Plan may include:

- Equity investments.
- Domestic mutual funds.
- International mutual funds.
- Bond mutual funds.

The City's and its discretely presented component unit's investments are subject to interest rate and credit risk as described below:

Interest Rate Risk

The City's investment policy limits its exposure to fair value losses arising from rising interest rates by:

- Whenever possible, holding investments to their stated maturity dates.
- Investing a portion of the operating funds in shorter-term securities, money market mutual funds, or local government investment pools.

Concentration of Credit Risk

The City places maximum limits on the amount the City may invest in any one issuer. Limits vary by investment type. More than 5% of the City's investments are in Federal National Mortgage Association (FNMA), Federal Home Loan Bank (FHLB), Federal Farm Credit Bank (FFCB), and MetLife global Funding (Corporate Bond). These investments were 34.1%, 13.1%, 34.4%, and 6.7%, respectively, of the City's total investment.

Custodial Credit Risk for Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy restricts holding of securities by counterparties and utilizes a third-party safekeeping arrangement with financial institutions.

Credit Risk

The City's investment policy limits investments in corporate bonds to the top three ratings issued by nationally recognized statistical rating organizations (NRSROs) at the time of purchase. As of December 31, 2017, the City's investment in corporate bonds was rated A- or better by Standard and Poor's and Baa1 or better by Moody's Investors Service. The City's investment policy also allows for the City to invest in local government investment pools. As of December 31, 2017, the local government investment pools (ColoTrust and CSAFE) in which the City had invested and reported at amortized cost, were rated AAAm by Standard and Poor's. The City's investments in US government agencies were rated Aaa by Moody's and AA+/- by Standard and Poor's.

Fair Value Measurements

The City categorizes its assets and liabilities measured at fair value within the hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for an asset or liability.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest to Level 3 inputs. If the fair value of an asset or a liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

Information regarding the City's fair value, credit risk rating, maturity, and fair value measurement are described below.

Investment prices for the City's securities are reported by US Bank, the City's custodial bank. US Bank acquires its pricing data from Interactive Data, a third-party provider, which provides global security evaluations and fair value pricing for fixed income securities. Their evaluations represent a good faith opinion as to what a buyer in the marketplace would pay for a security in a current sale.

Interactive Data's evaluations are based on market data and evaluated pricing models that vary by asset class and incorporate trade, bid and other market information as well as evaluated pricing applications utilizing benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing to prepare evaluations. In addition, model processes such as the Option Adjusted Spread model are used to assess interest rate impacts and develop prepayment scenarios. For each asset class, teams of evaluators gather information from market sources and integrate relevant credit information, perceived market movements, and sector news into the evaluated pricing applications and models.

The City invests primarily in fixed income securities and Local Government Investment Pools (LGIP). The General Employees' Retirement Plan (GERP) invests primarily in domestic and international mutual funds, and fixed income securities. The investments are valued at fair value at least monthly.

For the City and GERP, the following fair value techniques were utilized in measuring the fair value of its investments.

Mutual Funds: The investments are reported at fair value based on quoted NAV market prices through mutual fund companies and obtained from the National Association of Securities Dealers.

U.S. Government Agency and Investment Grade Corporate securities: U.S. Government Agency securities are reported at fair value based on a multi-dimensional relational model and Option Adjusted Spread model. The model inputs include benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and other reference data including TRACE reported trades. TRACE is a program developed by the National Association of Securities Dealers (NASD) which allows for the reporting of over-the counter transactions for eligible fixed-income securities.

The City has no other investments meeting the fair value disclosure requirements of GASB Statement No. 72. As of December 31, 2017, the City had the following investments and maturities:

Investment Type	Credit Risk Rating <u>S&P/Moody's</u>	Fair Value Measurement <u>Level</u>	Investment Maturities			
			Fair <u>Value</u>	Up to <u>120 days</u>	121 days <u>to 5 years</u>	More than <u>5 years</u>
<i>Investments measured by fair value levels</i>						
Instrumentality						
Federal Farm Credit Bank (FFCB)	AA+/AAA	2	\$ 115,597,362	\$ 2,332,785	\$ 110,929,688	\$ 2,334,889
Federal Home Loan Bank (FHLB)	AA+/AAA	2	44,009,848	-	44,009,848	-

Restrictions on Cash and Investments

Cash and investments at December 31, 2017 were restricted for the following:

Fund/Component Unit	Amount	Restriction
Downtown Development Authority	\$ 1,250,000	Debt service through bond ordinance
Urban Renewal Authority	953,644	Debt service through bond ordinance
Equipment fund	1,600,860	Unspent lease proceeds
Wastewater	6,542	Unspent lease proceeds
Capital Projects	497	Unspent lease proceeds

B. Notes Receivable

In March 1996, the City entered into an agreement with a developer for the construction of low income apartment units. Under the agreement, the City loaned \$913,000 to the developer from the HOME Program special revenue fund and received a deed of trust against the property. By an Assignment and Assumption Agreement and a Second Amendment and Loan Extension agreement, both dated May 18, 2017, another developer assumed the original debt obligation and further agreed to pay the City \$1.5 million in principal plus interest. The loan bears interest at 3% per annum. The loan is to be repaid from 50% of the net available cash flow generated by the project as calculated annually. While there is no set payment schedule any unpaid principal balance and accrued interest is to be paid in full as of May 15, 2054. Based upon a review of project income statements, the project did not have a net available cash flow in 2017. The City received no interest payments for 2017. The outstanding balance as of December 31, 2017 is \$1,500,000. The allowance recorded against this receivable is \$1,500,000. Accrued interest on this loan has not been recorded since it is uncertain as to the frequency of when the project will be able to make payments against the note.

The Light and Power Fund and Water Fund have certain notes receivable related to Light and Power efficiencies with customers connected to a Home Efficiency Loan Program. The balance of these loans as of December 31, 2017 is \$1,219,745.

In May 2009, URA loaned Rocky Mountain Innovation Initiative (RMII) \$1,100,000 for the construction of their new facility. In January 2010, the URA loaned RMII an additional \$4,203,939 for the remaining cost of construction. The loan has a 20-year term, interest rate of 1.5%, annual interest only payments, and a balloon payment in 2029. The agreement also provided RMII the option in year 8 to pay \$2,503,939 in principal, plus interest, and the URA will credit RMII's eligible costs up to \$2,800,000. RMII exercised that option in 2017. The loan balance as of December 31, 2017 is \$0.

C. Capital Assets

A summary of changes in capital asset activity for the year ended December 31, 2017 follows:

	Beginning Balance	Additions	Transfers	Deletions	Ending Balance
Primary Government:					
Governmental activities					
Capital assets, not being depreciated:					
Land, rights of way, water rights, other	\$ 226,063,039	\$ 5,267,107	\$ 5,087,701	\$ (61,268)	\$ 236,356,579

D. Inter-fund Transfers and Advances

Transfers are primarily used to 1) move revenues from the fund with collection authorization (e.g. Sales and Use Tax Fund) to the General Fund for overall operating expenditures and the Transportation Services, Capital Projects and Natural Areas Fund for dedicated voter approved programs and projects, and 2) move unrestricted General Fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

Advances to URA

In May 2009, the City loaned the URA \$5,303,939 to help fund the development and construction of the Rocky Mountain Innovation Initiative (RMII) facility for the business incubation program. This loan has a 20 year term and bears a fixed interest rate of 2.5%. For years 0 through 4, there will be no payments but interest will accrue. For year 5, there will be a lump sum, annual payment consisting of the interest accrued during the no payment term and year 5. For years 6 and 7, there will be an annual payment, of interest only. For years 8 through the maturity date, there will be annual payments of principal and interest. In 2017, the URA made an interest and principal payment of \$86,780 and \$3,268,728, respectively. The amount outstanding as of December 31, 2017 is \$2,035,211.

In November 2013, the City loaned the URA \$5,000,000 for The Summit on College Project, a mixed-use student housing project in the Prospect South Tax Increment Financing District. The loan has a 24 year term and bears a fixed interest rate of 2.68%. The outstanding balance as of December 31, 2017 is \$4,655,299.

In December 2014, the City loaned URA \$247,000 for Prospect Station project. The loan has a 23 year term and bears a fixed interest rate of 4.5%. The outstanding balance as of December 31, 2017 is \$227,100.

E. Long-term Obligations

The City utilizes various types of debt and other long-term obligations in conducting its business. The following describes the various bonds and other types of financing used by the City and its component unit.

Certificates of Participation and Assignment of Lease Payments: Through the Fort Collins Leasing Corporation, the City issues certificates of participation (COP) and assignments of lease payments (ALP) for the acquisition and construction of major capital facilities and improvements. The debt is secured by the constructed facilities and improvements. Debt service payments are made from the rents collected by the Leasing Corporation based upon lease agreements between the City and the Leasing Corporation. As of December 31, 2017, the City had \$29,658,577 and \$1,015,422 of COP/ALP outstanding for governmental and business-type activities, respectively.

Capital Leases: The City also enters into lease agreements as a lessee for financing the acquisition of land, various machinery and equipment for both governmental and business-type activities. The capital assets acquired from the lease agreements are included with capital assets and the amortization of leased equipment is included with depreciation in the financial statements. These lease agreements qualify as capital leases for accounting purposes and therefore, have been reflected at the present value of their future minimum lease payments as of the inception date. The City had \$8,463,063 and \$748,702 of capital leases outstanding as of December 31, 2017, for governmental and business-type activities, respectively.

Cost of all capital assets holding at December 31, 2017 acquired under capital leases:

	Governmental Activities	Business Type Activities
	<u>Balance, End of Year</u>	<u>Balance, End of Year</u>
Buildings and Improvements	\$ 351,930	\$ -
Improvements other than buildings	-	114,030
Machinery and equipment	<u>20,293,576</u>	<u>2,415,283</u>
Accumulated depreciation	<u>(10,461,699)</u>	<u>\$ (1,587,424)</u>
Net Book Value	<u><u>\$ 10,183,807</u></u>	<u><u>\$ 941,889</u></u>

DDA Short-Term Obligation: In 2012, a revolving line of credit was established with a bank for a 6 year period in the amount of \$1,000,000 to finance DDA projects and programs in accordance with its approved Plan of Development, the Downtown Plan and the Downtown Strategic Plan. During the fiscal year 2017, total draw amounts were \$2,336,168. During 2017, a total of \$2,336,168 was repaid and there is no amount outstanding as of December 31, 2017. No interest was paid as the minimum loan origination fee paid exceeded interest expense during the time the loan was outstanding.

The DDA pays a portion of the City's 2007 COP. In 2017, the principal payment was \$260,609.

The DDA services the 2010A and 2010B Subordinate Tax Increment Revenue Bonds. The taxable 2010A tax increment revenue bonds will mature in 2018 and the tax-exempt 2010B increment revenue bonds will mature in 2020.

In 2013, the City issued a subordinate tax increment revenue bond with a Corporation for the principal sum of \$6,050,000 to be serviced by the DDA. The Bond is not a general obligation of the City and full faith and credit of the City is not pledged to pay the debt service requirements. Principal and interest payments are secured by a pledge of Tax Increment Revenue. In the event the available Pledged Tax Increment Revenues are not sufficient to repay the principal of and interest on the Bond in full during the Tax Increment Period the City has declared the intent to pay any unpaid amounts from legally available funds of the City, subject to appropriation by the Council. The outstanding balance as of December 31, 2017 is \$5,398,491.

URA: In 2013, the City issued tax increment revenue bonds for the principal sum of \$11,085,000 to be serviced by the Urban Renewal Authority – North College District. The bond is a special and limited obligation of the City payable solely out of and secured by a pledge of tax increment revenue. The proceeds were received by the URA and were used to pay off advances made by the City for the North College Marketplace, JAX Inc. Building Expansion, Northeast College Corridor Outfall, and the Kaufman and Robinson projects. The outstanding balance as of December 31, 2017 is \$8,860,000.

The City is maintaining all reserves required by ordinances and agreements with other third parties. Within the governmental funds, these reserves are being maintained in debt service and special revenue funds as required by ordinances or agreements.

Certificates of participation issued by the Fort Collins Capital Leasing Corporation are payable from rents collected under a lease agreement between the City and the Leasing Corporation.

Conduit Debt Obligations

From time to time, the City has issued Industrial Development Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by sources external to the City and are payable solely from payments received from outside parties. The City is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2017, there were 7 series of Industrial Development Revenue Bonds outstanding, with an estimated aggregate principal amount payable of \$46,785,000.

Changes in long-term liabilities

Long-term liability activity for the year ended December 31, 2017 was as follows:

	Beginning Balance, as restated	Additions	Reductions	Ending Balance	Due Within One Year
Primary Government:					
Governmental Activities					
Bonds, COP, and ALP:					
Revenue bonds	\$ 9,435,000	\$ -	\$ (575,000)	\$ 8,860,000	\$ 595,000

Liquidation and Reporting of Governmental Activities Long-Term Liabilities

The General Fund is primarily used to liquidate the governmental activities liabilities for compensated absences, net pension liability and net post-employment health care obligation.

Internal service funds, except for the Utility Customer Service and Administration Fund, predominantly serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above totals for governmental activities. Long-term liabilities of the Utility Customer Service and Administration internal service fund are included as part of the totals for the business-type activities.

F. Fund Balances

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* establishes criteria for classifying fund balances into specifically defined classifications and clarifies definitions for governmental fund types. The following table represents these classifications and the purposes for which the amounts can be spent as of December 31, 2017.

Fund Balances (Deficit):	General	Keep Fort Collins Great	Capital Projects	Urban Renewal Authority	Other Governmental Funds	Total
Nonspendable:

NOTE IV. OTHER INFORMATION

A. Risk Management

Property, Liability, and Workers Compensation

The City self-insures a portion of its comprehensive automobile liability, general liability, police liability, and public official liability exposures as well as damage or destruction of property. The City utilizes the Self- Insurance Fund (an internal service fund) to finance and account for risks of property and liability loss.

The City purchases property insurance that has a \$100,000 per occurrence deductible for most causes of loss including earthquake. Flood deductibles are \$100,000 per occurrence with exception of \$500,000 for Building, \$500,000 for Contents, and \$250,000 per occurrence for properties within a Flood Zone A that are not eligible under the National Flood Insurance Program (NFIP). Crime and boiler and machinery coverage has a \$10,000 deductible. Vehicles have a \$100,000 deductible.

The City purchases liability insurance through a risk retention group. This policy has a \$500,000 deductible for all types of liability claims. Coverage limits are as follows:

General, Law Enforcement and Wrongful Acts Liability – \$10 million/occurrence, \$20 million aggregate, with aggregate applying to each coverage separately. Auto Liability - \$10 million/occurrence with no aggregate. Public Official Liability - \$10 million/each wrongful act, \$20 million aggregate.

Workers' Compensation losses are self-insured up to \$500,000 for all worker classifications. An excess policy providing limits mandated by the State of Colorado provides coverage above the self-insured retention.

The Downtown Development Authority, a component unit, purchases general, public official liability, property, workers compensation, and umbrella insurance policies from commercial insurance companies. The general liability policy has no deductible, the public official liability policy has a \$1,000 deductible and the employment related practice claims have a 50% of loss, with a maximum \$100,000 per occurrence deductible. The property insurance policy has a deductible of \$500. Coverage limits are as follows:

General Liability – included per occurrence, no annual aggregate
Public Entity Liability - \$2,000,000 annual per occurrence limit / no annual aggregate
Public Official Liability - included/occurrence, no annual aggregate.
Umbrella Liability - \$1,000,000 per occurrence, no annual aggregate. Workers
Compensation Liability – Part A is paid according to state schedule Part B
Employers Liability - \$2,000,000 per employee/accident/disease.

Employee Health and Illness

The City and the component unit self-fund their employees for comprehensive major medical benefits under a Preferred Provider Options (PPO) health plan. The Benefits Fund (an internal service fund) is utilized to finance and account for medical risks of loss. Stop-loss coverage of \$225,000 per occurrence is retained as excess risk coverage. During the past three years, there have been 18 claims that have exceeded the stop-loss limit.

Funding and Claims Liabilities

All funds or employees of the City, as applicable, participate in the above risk management programs. Charges to City funds for these services are based on estimates of the amounts needed to pay claims, establish reserves for catastrophic losses, and pay policy premiums.

Claims liabilities for the Self-Insurance and Benefits Funds as of December 31, 2017, amount to \$5,056,067 and \$1,577,069 respectively. These claims were determined on an actuarial basis, and reflect the GASB Statement No.

10 requirement that a liability for claims be reported, if information prior to the issuance of the City's financial statements indicates that it is probable that a liability has been incurred at December 31, and the amount of the loss can be reasonably estimated. The liability of \$5,056,067 for the Self Insurance Fund is undiscounted and reflects a 75% confidence level factor. The discount refers to the full or undiscounted amount reduced for future investment earnings that can be generated on funds held between the date of valuation and the date of the final payment of claims. Changes in claims liabilities amounts for 2015, 2016, and 2017 are as follows:

	<u>Self-Insurance</u>	<u>Benefits</u>
Claims payable - December 31, 2015	\$ 4,231,647	\$ 1,575,483
Claims & changes in estimates	805,957	22,120,247
Claim payments	<u>(503,345)</u>	<u>(21,920,168)</u>
Claims payable - December 31, 2016	<u>\$ 4,534,259</u>	<u>\$ 1,775,562</u>
Claims & changes in estimates	2,103,780	19,503,772
Claim payments	<u>(1,581,971)</u>	<u>(19,702,265)</u>
Claims payable - December 31, 2017	<u><u>\$ 5,056,067</u></u>	<u><u>\$ 1,577,069</u></u>

B. Employee Retirement Systems and Pension Plans

1. General Employees' Retirement Plan

Plan Description

The General Employees' Retirement Plan (the Plan) is a governmental plan established pursuant to IRS Code Section 414(d). The Plan is administered by the General Employees Retirement Committee (GERC) with City Council having the option to alter, amend or terminate the Plan. All permanent, classified, non-uniformed employees hired before January 1, 1999 are eligible to be members of the General Employees' Retirement Plan, a single-employer defined benefit plan. Employees hired after January 1, 1999 are only eligible to participate in the Money Purchase Plan. The benefits and refunds of the Plan are recognized when due and payable in accordance with the terms of the plan.

Benefits vest 40% after 2 years of credited service and 20% for each year thereafter until 100% is attained after 5 years. Employees who retire at or after age 65 with 5 years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1.5% of final average monthly compensation multiplied by years of credited service. Final average monthly compensation is the highest average of the considered compensation during 60 consecutive full calendar months out of the last 120 calendar months of credited service. A member is eligible for an early retirement benefit after age 55 and completion of 2 years of credited service. The monthly benefit, payable for life, is equal to the vested portion of the normal retirement benefit based on credited service and compensation at early retirement, reduced by 1/180th for each of the first 60 months and 1/360th for each additional month by which payments commence prior to normal retirement date.

The Plan also provides for death and disability benefits. A death benefit of approximately 50% of the member's vested accrued benefit at the date of death is payable to the employee's spouse for life beginning on the first day of the month following the later of the date of death or the date the member would have been age 55. The spouse may elect to receive the actuarial equivalent lump-sum payment. If the member was not married, the beneficiary or estate would receive the actuarial single-sum payment of the benefit.

As of December 31, 2017, employee membership data related to the Plan was as follows:

Retirees and beneficiaries currently receiving benefits	242
Inactive employees entitled to but not yet receiving benefits	89
Active plan participants	<u>70</u>
Total	401

The Plan is accounted for in the General Employees' Retirement Plan Pension Fund (a pension trust fund). The entire cost of the Plan is paid by the City as established or amended by City Council. The City's current funding policy is to contribute 10.5% of the compensation for active plan participants plus an annual supplemental contribution while the plan is underfunded.

The Plan does not issue a stand-alone financial report. Financial statements for the Plan are presented within the City's financial statements as a fiduciary pension trust fund.

Net Pension Liability Actuarial Assumptions

An actuarial valuation is performed annually to determine the total pension liability. The net pension liability is to be measured as the total pension liability less the Plan's fiduciary net position. To value the Plan, the actuary must predict future events such as investment return, mortality, and rates of termination and retirement using actuarial assumptions. Any variation in future experience from that expected from these assumptions will result in corresponding changes in the estimated costs of the Plan's benefits. A description of assumptions applied in the current valuation follow.

Valuation date	January 1, 2018
Measurement date	December 31, 2017
Inflation	2.50%
Salary increase including inflation	Graded by age including inflation, productivity and merit increases
Mortality	RP-2000 projected generationally using scale AA
Actuarial cost method	Entry Age Normal
Asset valuation method	Market value
Investment rate of return	6.25% per annum, compounded annually net of investment-related expenses
COLA	None
Change in assumptions	The investment return rate assumption was lowered to 6.25% to better reflect anticipated experience
Significant changes	There were no significant changes between the valuation date and measurement date

Discount Rate

The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees; therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Change in the discount rate since the prior measurement period is as follows:

Measurement Date	12/31/16	12/31/17
Discount Rate	6.50%	6.25%
Long-term expected rate of return, net of investment expense	6.50%	6.25%
Bond Municipal Bond Index	3.78%	3.44%

Money-Weighted Rate of Return

The money-weighted rate of return considers the changing amounts actually invested during a period and weights the amount of pension plan investments by the proportion of time they are available to earn a return during that period. External cash flows are determined on a monthly basis and are assumed to occur at the middle of each month. External cash inflows are netted with external cash outflows, resulting in a net external cash flow each month. The money-weighted rate of return is calculated net of investment expenses.

Fiscal Year Ending December 31	Net Money-Weighted Rate of Return
2017	16.48%
2016	5.92%
2015	-0.62%

Long-Term Expected Rate of Return

The best-estimate range for long-term expected rate of return is determined by adding expected inflation to the expected long-term real returns and reflecting expected volatility and correlation. The following is the Plan's asset target allocations and the long-term expected geometric real rate of return for each asset class as of December 31, 2017.

Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Domestic Equity	45%	3.1%
International Equity	15%	4.1%
Fixed Income	40%	1.6%

Change in Net Pension Liability

	Total Pension Liability (a)	Increase(Decrease) Plan Fiduciary Net Position (b)	Net Pension Liability (a) – (b)
Balance as of December 31, 2016	\$58,377,767	\$43,869,310	\$14,508,457
Changes for the year			
Service Cost	313,286	-	313,286
Interest on total pension liability	3,695,911	-	3,695,911
Effect of economic/demographic gains of losses	21,369	-	21,369
Effect of assumption changes or inputs	1,337,286	-	1,337,286
Benefit payments	(3,720,322)	(3,720,322)	-
Employer contributions	-	1,652,786	1,652,786
Net investment income	-	7,032,710	7,032,710
Administrative expense	-	(26,752)	(26,752)
Balance as of December 31, 2017	\$60,025,297	\$48,807,732	\$11,217,565

Sensitivity Analysis

The following presents the net pension liability, calculated using the discount rate of 6.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.25%) or 1 percentage point higher (7.25%) than the current rate.

	1% Decrease 5.25%	Current Discount Rate 6.25%	1% Increase 7.25%
Total pension liability	\$65,680,278	\$60,025,297	\$55,127,589
Fiduciary net position	48,807,732	48,807,732	48,807,732
Net pension liability	16,872,546	11,217,565	6,319,857
Fiduciary net position as % of total pension liability	74.3%	81.3%	88.5%

Pension Expense and Deferred Outflows of Resources Related to Pension

For the year ended December 31, 2017, the City recognized pension expense of \$2,443,971. The City reported deferred (inflows) of resources related to pension from the following source:

Net difference between projected and actual earnings (\$1,981,970)

Deferred outflows for the net difference between projected and actual earnings are recognized over a period of five years. Amounts reported as deferred outflows of resources related to pension will be recognized in the pension expense as follows:

Year Ending December 31	Net Deferred (Inflows) of Resources
2018	\$ (166,121)
2019	(166,120)
2020	(800,090)
2021	(849,639)
Total	(1,981,970)

Contributions and Reserves

The Plan's funding policy provides for actuarially determined periodic rates determined by the entry age normal cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated on a level basis over the earnings of the individual between entry age and assumed exit age. Contributions are based on the actuarially determined rates. For 2017, the City contributed 31.5% of covered pay to the Plan as well as the supplemental contributions; this amounted to \$1,652,786. The authority for establishing or amending the obligation to make contributions rests with City Council.

Costs of administering the Plan are all financed from contributions and earnings of the Plan. The entire balance of the Plan's net position available for benefits as of December 31, 2017, is \$48,807,732 all of which is reserved for benefits of employees and beneficiaries.

Concentration of Credit Risk

Investments in mutual funds exceeding 5% of the net position of the plan are as follows: Fidelity Value Fund – 6.0%, Vanguard 500 Index Inv – 7.5%, TRP International (PRITX) – 6.4%, TRP New Asia – 7.1%, Vanguard Mid Cap Index Investor 5.3%.

2. Money Purchase Plan 401(a)

The City offers its employees a defined contribution money purchase plan. The City does not have administrative involvement and does not perform the investment function of this plan; therefore, it is not included in the City's financial statements. Classified employees were offered the plan for the first time in 1995. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate six months from the date of employment. The plan requires both employer and employees to contribute amounts ranging from 3% to 10% (depending on job classification) of base salary each pay period. Contributions made by the City are not taxable to the employee until they are withdrawn. Employee contributions are made with pre-tax dollars, and the earnings on City and employee contributions are not taxed until withdrawn. Except for certain categories of police personnel, employees are fully vested upon initial participation in the plan. Sworn police officers and emergency service dispatchers, who receive higher contribution rates, are fully vested upon completion of three years of service. Plan provisions and contribution requirements are established and may be amended by City Council. City and employee contributions to the plan were \$6,390,833 and \$3,798,842, respectively during 2017.

3. Retirement Health Savings Plan (RHS)

In 2006 and 2007, the City offered to classified and unclassified management employees the employer- sponsored health benefits savings vehicle that allowed the employee to accumulate assets to pay for medical expenses in retirement on a tax-free basis. As of 12/31/07, the plan has been frozen. There can no longer be any money withheld for this plan. Police Services, through the Collective Bargaining Unit (CBU), continue to offer a mandatory RHS plan to collective bargaining unit members only. Both the frozen City plan and the current CBU plan are administered by ICMA-RC. The City does not have administrative involvement and does not perform the investment function of this plan; therefore, it is not included in City's financial statements.

The RHS plan offers triple tax advantage to employees. Employee contributions are made through pre-tax payroll deductions, are invested in ICMA-RC funds and grow tax-free, and monies can be withdrawn tax-free for qualifying expenses. No federal, state or FICA tax will be withheld. Employees cannot change their elections after their initial enrollment. The CBU RHS plan requires a mandatory 1% contribution to be made by all qualifying participants with less than 10 years of service, 1.25% for participants with 10-20 years of service, and 1.5% for participants with more than 20 years of service. Once participants become eligible to get reimbursed from their own RHS account, they can turn in receipts to a third-party administrator and be reimbursed with tax- free monies. If the employee passes away, the employee's spouse and dependents are automatically eligible to use the account and are reimbursed on a tax-free basis. Employee contributions to the CBU RHS plan were \$467,153 during 2017.

4. Statewide Death and Disability Plan

Plan Description

The City contributes to the Fire & Police Pension Association (the Plan), a multi-employer cost sharing defined benefit plan covering full-time employees of substantially all fire and police departments in Colorado. Contributions to the Plan are used solely for the payment of death and disability benefits. The Plan was established in 1980 pursuant to Colorado Revised Statutes. All uniformed employees are eligible to be members of the Fire & Police Pension Association.

Funding Policy and City Contributions

Prior to 1997, the State of Colorado, whose contributions were established by Colorado statute, primarily funded the Plan. The State made a one-time contribution in 1997 of \$39,000,000 to fund the past and future service costs for all firefighters and police officers hired prior to January 1, 1997. No further State contributions are anticipated.

The annual contribution rate for members hired on or after January 1, 1997 and for members covered by Social Security is 2.6% as of January 1, 2011. Based on the January 2014 actuarial results, the Fire & Police Pension Association Board of Directors agreed to continue the 2.7% contribution rate effective through December 31, 2017. During 2017, 2016, and 2015, the City's contributions were \$759,433, \$691,991, and \$631,888, respectively, equal to the statutory required contribution each year.

Benefits

Benefits are established by Colorado statute.

If a member dies prior to retirement, the surviving spouse is entitled to a benefit equal to 40% of the member's monthly base salary with an additional 10% of base salary if a surviving spouse has two or more dependent children, or if there are three or more dependent children without a surviving spouse. Benefit entitlement continues until death of the spouse and death, marriage, or other termination of dependency of children.

A member who becomes disabled prior to retirement shall be eligible for disability benefits. The benefit is 70% of base salary for cases of total disability. Effective October 1, 2002, the benefit is 50% of base salary for a permanent occupational disability and 40% of base pay for a temporary occupation disability.

Benefits paid to members are evaluated and may be re-determined on October 1 of each year. Any increase in the level of benefits cannot increase by more than 3% for any one year. Totally disabled members and their beneficiaries receive an automatic cost of living adjustment each year of 3%.

Separately issued financial statements and the related actuarial valuation may be obtained from the Fire & Police Pension Association.

C. Other Postemployment Benefits

As stated in Note I (Summary of Significant Accounting Policies), Part H Adoption of New Accounting Pronouncements, effective January 1, 2017, the City adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The net OPEB obligation recorded in accordance with GASB Statement No. 45 was removed and the total OPEB liability was recorded in accordance with GASB Statement No. 75.

Plan Description

The City sponsors a single-employer health care plan that provides medical, vision, dental and prescription drug benefits to all retired employees and their eligible dependents. Employees retiring on or after January 1, 2010 are

no longer eligible to participate in the Retiree Health Plan. In addition, those employees retiring on or after September 1, 2009 but before January 1, 2010 and elect retiree health coverage may participate in the Retiree Health Plan until age 65. To be eligible an employee must have had at least 10 or more years of service. The City administrative policy authorized this benefit until January 1, 2010. The plan does not issue a stand-alone financial report.

Funding Policy and City Contributions

Employees pay the full premium. The current funding policy of the City is to pay health claims as they occur through internal allocated funds.

The required contribution is based on projected pay-as-you-go financing. For fiscal year 2017, the City contributed \$20,180. Retiree and active members receiving benefits contribute monthly premiums as outlined:

	Premier Non-Medicare	Premier Medicare	Dental	Vision
Employee:	\$ 1,227	\$ 490	\$ 40	\$ 8
Employee +1:	2,452	981	71	16

Participants Covered by the Benefit Terms

The following is a summary of Plan participants at December 31, 2017:

Participants

	Retiree	Spouse
Medical	4	1
Dental	13	8
Vision	11	4

Total OPEB Liability: The City's total OPEB liability of \$211,002 was measured as of December 31, 2017, and was determined by an actuarial valuation as of that date.

The total OPEB liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs:

Inflation	2.50%
Salary increases, including inflation	N/A
Discount rate	3.44%

The discount rate was based on the Bond Byer
20-Bond Governmental Obligations Index

Mortality rates were based on the RP-2000 Healthy Annuitant Mortality Table projected generationally using Scale AA. The size of the Plan's population is not large enough to have a statistically credible independent study of retiree mortality. A standard published table appropriate to the Plan's retiree population was used with a margin for future mortality improvement relative to recent Plan experience.

Changes in the Total OPEB Liability:

	Increase (Decrease) Total OPEB Liability
Balance as of December 31, 2016	\$ 216,830
Changes for the year:	
Service Cost	-
Interest on total OPEB liability	7,818
Effect of Plan changes	-
Effect of economic/demographic gains/losses	-
Effect of assumption changes or inputs	6,534
Benefit payments	(20,180)
Balance as of December 31, 2017	\$ 211,002

Changes of assumptions and other inputs reflect a change in the discount rate from 3.78 percent in 2016 to 3.44 percent in 2017.

Sensitivity Analysis

The following presents the total OPEB liability of the City, calculated using the discount rate of 3.44 percent, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.44 percent) or 1 percentage point higher (4.44 percent) than the current rate:

	1% Decrease 2.44%	Discount Rate 3.44%	1% Increase 4.44%
Total OPEB liability	\$ 192,763	\$ 211,002	\$ 232,507

The following presents total OPEB liability of the City, calculated using the current healthcare cost trend rates as well as what the City's total OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percentage point higher than the current trend rates:

	1% Decrease	Current Trend Rate	1% Increase
Total OPEB liability	\$ 193,782	\$ 211,002	\$ 230,841

Deferred Inflows/Outflows of Resources

For the year ended December 31, 2017, the City recognized OPEB expense of \$14,352. At December 31, 2017, the City reported \$0 in deferred outflows of resources and \$0 in deferred inflows of resources. There were no amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB.

D. Presentation of Postemployment Benefit Liabilities

Within the basic financial statements, the net pension liability and total OPEB liability are presented on a combined basis on certain exhibits, including within the proprietary funds. The breakdown of these amounts is as follows:

Postemployment Benefit Obligations

	Net Pension Liability	Total OPEB Liability	Total Post- employment Obligations
Governmental Activities			
Governmental Funds	\$ 4,933,849	\$ 146,784	\$ 5,080,633
Internal Service Funds			
Equipment Fund	464,718	-	464,718
Data & Communications Fund	259,404	-	259,404
Benefits Fund	81,746	-	81,746
Total Governmental Activities	5,739,717	146,784	5,886,501
Business -Type Activities			
Enterprise Funds			
Golf Fund	235,521	-	235,521
Light & Power Fund	958,244	36,696	994,940
Water Fund	1,426,050	-	1,426,050
Wastewater Fund	1,379,018	27,522	1,406,540
Storm Drainage Fund	410,541	-	410,541
Internal Service Funds			
Utility Customer Service Fund	1,068,478	-	1,068,478
Total Business-Type Activities	5,477,852	64,218	5,542,070
TOTAL	\$ 11,217,569	\$ 211,002	\$ 11,428,571

E. Commitments/Contingencies

Construction Commitments

The City had commitments of \$4,871,728 for capital projects in governmental fund types and \$4,820,185 in proprietary fund types at December 31, 2017. Future expenditures related to these commitments are expected to be financed through available resources and future revenues.

Encumbrance Commitments for Proprietary Fund Types

The financial statements do not include encumbrances for proprietary fund types. However, encumbrances for these funds are recorded by the City for management and budgetary control purposes. Outstanding encumbrance commitments for the proprietary funds at December 31, 2017 amounted to \$25,598,424.

Street Oversizing Liability

The City has contractual liabilities for street oversizing costs with various developers. The developers are required to install certain oversized streets as a condition of subdivision approval. Once the streets are installed and inspected by the City, a liability is recorded for the difference between a normal sized street and the oversized street installed.

Because the City has no control over when subdivisions will be developed and the related oversized street completed, the liability for uncompleted oversizing costs has not been reflected in the financial statements, because the amount is not considered by management to be probable and measurable.

Solid Waste Financial Assurance

The City's Water Utility owns and operates a Water Treatment Facility, which through the treatment process produces solids, and therefore must provide financial assurance of estimates for post closure costs in accordance with regulations pertaining to solid waste sites and facilities (6 CCR 1007-2, Part 1) as set by the State of Colorado Department of Public Health and Environment. The facility is not expected to be closed in the future, however in the event of closure the City estimates and provides assurance of total Closure Costs and Post- Closure Care Requirements of \$1,278,303 and \$21,439, respectively. This estimate is not reported as a liability by the City because the water treatment facility does not meet the definition of a landfill contained in GASB Statement No. 18, as defined by the U.S. Environmental Protection Agency.

F. Legal Matters

Pending Litigation and Grants

Various claims and lawsuits are pending against the City. After consideration of applicable insurance policy coverage, and the relative merits of each claim or lawsuit, it is the opinion of the City Attorney and City management that the potential ultimate liability resulting from these actions, if any, will not have a material adverse financial effect on the City.

Under the terms of federal and state grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursement to the grantor agencies. City management believes disallowances, if any, resulting from any such audits would be immaterial. There currently are no material disallowed or questioned costs.

Tax, Spending, and Debt Limitations

Article X, Section 20, of the State Constitution has several limitations, including those for revenue, expenditures, property taxes, and issuance of debt. These provisions of the Constitution are complex and subject to judicial

interpretation. In the opinion of management, the City is in compliance with such provisions. In 1997, the City's electorate approved the ongoing retention of excess revenue by the City, requiring the excess revenue be spent for specified purposes. This alleviated the need by the City to seek annual approval to retain excess revenue and excess property tax.

The excess revenue will be used for the purposes of public health and safety (including, but not limited to environmental monitoring and mitigation), growth management, transportation services, and maintaining and repairing City facilities.

The State Constitution also requires local governments to establish emergency reserves equal to at least 3% of fiscal year spending as defined in the amendment. These emergency reserves cannot be used to compensate for economic conditions, revenue short falls, or salary and benefit increases. As of December 31, 2017, the amount required as an emergency reserve in compliance with the amendment is \$6,914,703 and is shown as a restriction of fund balance in the General Fund.

G. Related Party Transactions

Due to the nature of the relationships, the City has related party transactions with various entities. The following transactions have occurred during 2017:

1. Northern Colorado Regional Airport

Intergovernmental Agreement

The Airport is jointly operated under an Intergovernmental Agreement between the City of Fort Collins, Colorado and the City of Loveland, Colorado. Pursuant to the agreement, any needed contributions for annual operating budgets or capital improvements are shared equally by both cities. Also, either City may invest additional funds in the Airport as it sees fit.

Since July 3, 1979, ownership of assets vests equally with each City. Assets acquired prior to July 3, 1979 vested one-third with the City of Loveland and two-thirds with the City of Fort Collins.

The agreement provides that if either City does not pay its one-half of agreed expenses in a given year, it will convey to the other City ten percent of its total Airport ownership. Each City contributed \$177,500 in 2016 and \$260,000 in 2017.

Financial Information

The Northern Colorado Regional Airport is accounted for as a joint venture. A summary of financial information is as follows:

As of December 31, 2017

Total current assets	\$ 2,613,225
Total capital Assets (net of accumulated depreciation)	<u>17,684,896</u>
Total Assets	<u>20,298,121</u>
Total current liabilities	<u>389,523</u>
Total Net Position	<u><u>19,908,598</u></u>
Net investment in capital assets	17,684,896
Restricted capital	-
Unrestricted net position	<u>2,223,702</u>
Total Net Position	<u><u>\$ 19,908,598</u></u>

For the Year Ended December 31, 2017

Total operating revenue	\$ 703,831
Total operating expense	(2,453,568)
Interest income	25,965
Non-operating revenue	520,000
Capital contributions	<u>831,535</u>
Change in Net Position	<u><u>\$ (372,237)</u></u>

The City's annual contribution is reflected as an expenditure of the General Fund. The City's share of The Northern Colorado Regional Airport's Net Position and Change in Net Position are reflected in the City's Statement of Net Position and Statement of Activities, respectively.

Stand-Alone Financial Statements

The stand-alone financial statements for the Airport can be obtained from the City of Loveland Finance Department at 500 East Third Street, Loveland, Colorado, 80537.

2. Poudre Fire Authority

As mentioned in the summary of significant accounting policies, the City provides funding for PFA. During 2017, such funding amounted to \$29,001,095 and was an expenditure in the General Fund, Keep Fort Collins Great Fund and Capital Expansion Fund. In addition, the City provided accounting and administrative services to PFA at no charge.

3. Platte River Power Authority

The Light and Power Fund purchases all of its electrical power from PRPA. During 2017, these purchases amounted to \$91,313,239 of which \$7,825,224 is included in accounts payable at December 31, 2017.

4. North Front Range Metropolitan Planning Organization

The City allows the North Front Range Metropolitan Planning Organization (NFRMPO) to participate in its employee benefit plans and bills NFRMPO for this coverage. In addition, NFRMPO also used the City's fleet services for vehicle maintenance. During 2017, billings amounted to:

Benefits	\$	120,945
Services		<u>264,982</u>
Total	\$	<u><u>385,927</u></u>

H. Subsequent Events

The City issued revenue bonds on June 14, 2018 in the Light and Power Fund with a par value of \$129,635,000 and premium of \$13,374,506. There were two series; 2018A was tax exempt with gross proceeds of \$98,319,506, and 2018B was taxable with gross proceeds of \$44,690,000. Monies will be used to start a new Broadband service within Light and Power.

In conjunction with the issuance of the 2018 AB Light and Power revenue bonds, on June 13, 2018 the City defeased the 2010B Light and Power Revenue bonds. A payment of \$5,646,330 was made from Light and Power to fund the escrow. Principle outstanding was \$5,270,000.

REQUIRED SUPPLEMENTARY INFORMATION

I. Modified Approach for City Streets Infrastructure Capital Assets

In accordance with GASB Statement No. 34, the City is required to account for and report infrastructure capital assets. The City has several major infrastructure systems including the street system and various systems that distribute utility services. Each major infrastructure system can be divided into subsystems. For example, the street system can be divided into concrete and asphalt pavements, concrete curb and gutters, sidewalks, medians, streetlights, traffic control devices (signs, signals and pavement markings), landscaping and land. Subsystem detail is not presented in these basic financial statements; however, the City maintains detailed information on these subsystems.

The City has elected to use the "Modified Approach" as defined by GASB Statement No. 34 for infrastructure reporting for its Streets Pavement System. Under GASB Statement No. 34, eligible infrastructure capital assets are not required to be depreciated under the following requirements:

The City manages the eligible infrastructure capital assets using an asset management system with characteristics of (1) an up-to-date inventory; (2) perform condition assessments and summarize the results using a measurement scale; and (3) estimate annual amount to maintain and preserve at the established condition assessment level.

The City documents that the eligible infrastructure capital assets are being preserved approximately at or above the established and disclosed condition assessment level. The City's Pavement Management Program conducts condition assessment surveys on a three-year cycle assuring that all data is updated within three-year period. City owned streets are classified based on land use, access and traffic utilization into the following three classifications: arterial, collector and local. Each street was assigned a physical condition based on potential defects. A Pavement Condition Index (PCI), a nationally recognized index, was assigned to each street and expressed in a continuous scale from 0 to 100, where 0 is assigned to the least acceptable physical condition and 100 is assigned to the physical characteristics of a new street.

The City of Fort Collins is changing its focus from specifying a targeted average condition value to setting a specified Level of Service (LOS). Setting a LOS will allow for a range of funding needs to be determined to assess what funding level best suits the needs of the City in terms of desired LOS and available funding.

LOS is a customer-driven measurement of condition. The City of Fort Collins' goal is to maintain a LOS of "B". LOS B is a high level of service in which pavements are in good condition, few deficiencies are present, the roads are providing good ride quality, low vehicle operating costs, minor signs of deterioration, and with few safety-related issues. Preventive and corrective maintenance activities can be used to keep the average network condition maintained. As of December 2017, the City's street system is at a PCI of 78.9, approximately mid-range within the LOS of "B". The City's street system was at a PCI of 77 in 2016 and 72 in 2015. The average detail condition is as follows:

Level of service.....	PCI Range.....	Percent of Roads
LOS A (excellent).....	100 to 86.....	28% LOS
B (good).....	85 to 71.....	56% LOS C
(fair).....	70 to 56.....	13% LOS D
(poor).....	55 to 41.....	2% LOS F
(very poor).....	40 to 0.....	0%

The City's next full three-year assessment cycle will be completed by the end of 2018.

REQUIRED SUPPLEMENTARY INFORMATION (continued)

The City's streets are constantly deteriorating resulting from the following five factors; (1) traffic loads; (2) the sun's ultra-violet rays drying out and breaking down the top layer of pavement; (3) utility company/private development interests trenching operations; (4) winter freeze/thaw condition and water damage from both natural and other urban runoff; and (5) growth of the existing street system. The City is continuously taking actions to arrest the deterioration through short-term maintenance activities such as crack sealing, pothole patching, street sweeping, and sidewalk repair.

The City's short-term maintenance expenditures delay deterioration; however, the overall network condition is not improved through these maintenance expenditures. The City has estimated the amount of annual expenditures required to maintain the City's streets at a Level of Service B. A schedule of estimated annual amount calculated to maintain and preserve its streets at the current level compared to actual expenditures for the street maintenance for the last five years is presented below:

<u>Year</u>	<u>Maintenance Estimate</u>	<u>Actual Experience</u>
2017	\$18,678,501	\$19,113,302
2016	16,700,000	16,124,280
2015	15,858,500	15,015,591
2014	15,069,218	15,046,817
2013	15,565,821	15,250,042

REQUIRED SUPPLEMENTARY INFORMATION (continued)

II. Pension

SCHEDULE OF CHANGES IN NET PENSION LIABILITY AND RELATED RATIOS
PENSION TRUST FUND

2009	1,901,281	1,005,901	895,380	12,897,653	7.8%
2008	1,325,710	1,807,834	(482,124)	13,958,960	13.0%

**SCHEDULE OF INVESTMENT RETURNS
GENERAL EMPLOYEES' RETIREMENT
PLAN FOR THE LAST TEN FISCAL YEARS**

Fiscal Year Ending December 31	Net Money-Weighted Rate of Return
2017	16.4%
2016	5.9%
2015	-0.6%
2014	6.0%
2013	18.7%
2012	11.6%
2011	-3.1%
2010	11.1%
2009	20.5%
2008	-26.5%

*Rate of return for 2013 and earlier are net of all expenses.
Rate of return for 2014 and later is net of investment
expenses only.*

REQUIRED SUPPLEMENTARY INFORMATION (continued)

Actuarial Assumptions

Valuation date	January 1, 2018
Measurement date	December 31, 2017
Inflation	2.50%
Salary increase including inflation	Graded by age including inflation, productivity, and merit increases
Mortality	RP-2000 projected generationally using scale AA
Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value

There were no significant changes between the fiscal year end and the valuation date.

III. Other Postemployment Benefits Plan

Total OPEB Liability:	
Service Cost	\$ -
Interest	7,818
Changes of assumptions and other inputs	6,534
Benefit payments	<u>(20,180)</u>
Net change in total OPEB liability	(5,828)
Total OPEB liability, beginning	<u>216,830</u>
Total OPEB liability, ending	<u>\$ 211,002</u>

Schedule of Changes in Total OPEB Liability and Related Ratios

**NON-MAJOR GOVERNMENTAL FUNDS
COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES**

Special Revenue Funds

Capital Expansion -- to account for capital expansion fees collected by the City and various projects funded by those fees.

Sales and Use Tax -- to account for collections of the City's .25% sales and use tax designated for Natural Areas.

CCIP -- to account for collections of the City's .25% sales and use tax designated for Community Capital Improvement Program, a 10-year voter-approved tax renewal dedicated to specific projects.

Natural Areas -- to account for dedicated financial resources to be used for the acquisition of natural areas and trails. In addition, some of the fund is used for long-term management of existing natural areas and trails.

Cultural Services and Facilities -- to account for revenues received from the Lincoln Center facility, performing and visual arts and General Fund subsidies used to promote cultural activities.

Recreation -- to account for recreation fees and General Fund subsidies used to provide recreational programs for citizens.

Cemeteries -- to account for revenues collected from the sale of burial plots.

Perpetual Care -- to account for monies set aside for the maintenance costs of burial plots.

Community Development Block Grant (CDBG) -- to account for revenues received from the federal government which are restricted to financing the City's Community Development Block Grant Program.

Home Program -- to account for revenues received from the federal government restricted to financing the City's Home Program.

Transit Services -- to account for federal grants and other revenues utilized to operate and maintain the City's bus system.

Transportation Capital Expansion Fees -- to account for capital expansion fees used to pay the City's portion of street oversizing costs.

Transportation -- to account for the revenues used to operate and maintain streets, bridges, traffic controls, and transportation long-term planning.

Parking -- to account for the revenue and operations of Parking Services.

General Improvement District No. 1 -- to account for property taxes and investment earnings used to fund debt service and other activities of the General Improvement District No. 1, a blended component unit.

General Improvement District No. 15 - Skyview -- to account for property taxes and investment earnings used to fund the maintenance of the Skyview Subdivision street system of the General Improvement District No. 15, a blended component unit.

Timberline/Prospect SID #94 -- to account for assessments used to pay for public improvements.

Debt Service Fund

Debt Service -- to account for property taxes and transfers from other funds used to pay general obligation bonds, sales and use tax revenue bonds, and highway users tax revenue bonds.

Fort Collins Leasing Corporation -- to account for rental amounts received from lease payments between the City and the Corporation on municipal buildings and other structures. Monies used to pay certificates of participation issued by the Corporation.

Capital Project Funds

Neighborhood Parkland -- to account for parkland fees used to fund the acquisition, development and administration of neighborhood park and capital improvements.

Conservation Trust Fund -- to account for revenues received from the Colorado State Lottery through the State Conservation Trust Fund which are restricted to financing capital projects which relate to the acquisition and development of open space and trails.

**GENERAL FUND
COMBINING SCHEDULES**

General Fund Components

General -- this is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Museum -- to account for revenues received from Fort Collins Museum of Discovery and General Fund subsidies used to promote cultural activities.

Emergency Recovery -- to account for monies, including FEMA assistance, to offset costs associated with the 2013 floods.

RECONCILIATIONS
COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES**

DOWNTOWN DEVELOPMENT AUTHORITY (DDA)

Reconciliations:

Reconciliation of the Balance Sheet to the Statement of Net Position

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

Funds:

General -- to account for all general operations of the DDA except those required to be accounted for in another fund.

Debt Service -- to account for tax increment revenues received from property taxes and used to service the DDA's tax increment bonds.

Net investment in capital assets			4,962,899
Restricted for debt service			1,377,675
Unrestricted (deficits)			3 (6,754,887)
Total Net Position (Deficit) of Component Unit (page 29)			<u>\$ (414,313)</u>

- 1 Capital assets net of accumulated depreciation used in governmental activities are not current financial resources. Therefore they are not reported in the funds.
- 2 Long-term liabilities, including bonds payable, related interest, and compensated absences, are not due and payable in the current period and therefore not reported in the funds.
- 3 The component unit receives tax increment to service the bonds issued for improvements made within the downtown area. A majority of these improvements relate to building facades intended to preserve the historical architecture in the Old Town area of the City's downtown. Although the component unit may benefit over time from any increase in the assessed value of these properties related to these improvements, no assets are recorded in relation to these activities. As a result, the statement of net position for the component unit reflects a deficit balance for unrestricted net position.

STATISTICAL SECTION

Statistical Section

This part of the City of Fort Collins comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the governments overall financial health.

Financial Trends - These schedules contain trend information to help the reader understand how the City of Fort Collins' financial performance and well-being have changed over time.

Net Position by Component	Exh. A-1	181
Changes in Net Position.....	Exh. A-2	182
Fund Balances, Governmental Funds	Exh. A-3	183
Changes in Fund Balances, Governmental Funds	Exh. A-4	184

Revenue Capacity - These schedules contain information to help the reader assess the City of Fort Collins' most significant local revenue sources - Sales and Use taxes.

Taxable Sales by Category	Exh. A-5	185
Direct and Overlapping Sales Tax Rates	Exh. A-6	186
Sales Tax Revenue Taxpayers by Industry.....	Exh. A-7	187

Debt Capacity - These schedules present information to help the reader assess the affordability of the City of Fort Collins' current levels of outstanding debt and its ability to issue additional debt in the future.

Ratios of Outstanding Debt by Type	Exh. A-8	188
Ratios of General Bonded Debt Outstanding	Exh. A-9	189
Direct and Overlapping Governmental Act. Debt	Exh. A-10	190
Legal Debt Margin Information.....	Exh. A-11	191
Pledged Revenue Coverage	Exh. A-12	192

Demographic and Economic Information - These schedules offer demographics and economic indicators to help the reader understand the environment within which the City of Fort Collins financial activities take place.

Demographic and Economic Statistics	Exh. A-13	194
Principal Employers.....	Exh. A-14	195
Full-time Equivalent City Emp. By Function/Program	Exh. A-15	196

Operating Information - These schedules contain service and infrastructure data to help the reader understand how the information in City of Fort Collins financial report relates to the services government provides and the activities it performs.

Operating Indicators by Function/Program	Exh. A-16	198
Capital Asset Statistics by Function/Program	Exh. A-17	198

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year and/or city departments.

* The Land Bank program acquires unimproved sites that are appropriate for affordable housing and holds them long-term (5 years minimum), which will ultimately be sold at discount to non-profit developers to build affordable housing projects.

Land Bank code allows up to 12 dwelling units per acre; report has consistently used 10 bu's per acre

**Miles for 2015 and prior includes storm drainage systems not maintained by the City. Miles for 2016 includes only City of Fort Collins maintained pipes.

***Unclear definition on police stations. For last 20 years have had 2 stations and added an addition one in 2017

****Police cars includes 5 motorcycles, 1 bearcat and 1 accident callout vehicle as of 2017 data

SEC RULE 15c2-12 INFORMATION—PLEDGED REVENUES AND CHANGES IN WORKING CAPITAL
(UNAUDITED)

Collections

Although the Enterprise has not been required to calculate Gross Pledged Revenues, Operation and Maintenance Expenses and Net Pledged Revenues relating to the Electric Utility System prior to those terms being defined in the Bond Ordinance, the Enterprise has calculated what such amounts would have been for the fiscal years ended December 31, 2012 through 2017 as follows:

Historical Net Pledged Revenues

	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>
Gross Pledged Revenues ⁽¹⁾	\$ 119,770,757	\$ 129,263,898	\$ 125,953,186	\$ 125,694,580	\$ 132,198,698	\$ 132,198,698
Operating and Maintenance Expense ⁽²⁾	100,663,688	108,976,494	107,204,776	114,156,098	122,821,511	122,821,511
Net Pledged Revenues	\$ 19,107,069	\$ 20,287,404	\$ 18,748,410	\$ 11,538,482	\$ 9,377,187	\$ 9,377,187

(1) For purposes of comparison with the five-year Comparative Statement of Revenue, Expenditures and Changes in Net Assets herein, Gross Pledged Revenues reflect "Total Revenues" less Transfers In.

(2) For purposes of comparison with the five-year Comparative Statement of Revenue, Expenditures and Changes in Net Assets herein, Operating and Maintenance Expenses reflect "Total Expenditures" less Depreciation, Interest Expense and Transfers Out.

2013	33,555
2014	34,203
2015	34,425
2016	34,982
2017	35,184

Approximately 94.2% of the wastewater customers are residential, with the remaining 5.8% being industrial and commercial customers. Two customers of the wastewater utility contribute 3% or more of the wastewater utility's total monthly revenue - a large commercial customer at 4.2% (1,305,236) of total revenue and the university at 4.3% (\$1,013,322).

Rate Structure

User Charges. The following tables show the City's monthly wastewater user charges in effect on January 1, 2017. Historically, user charges increased 4.5% for residential rates and 7.5% for commercial rates in 1990, 8.6% for residential rates and 11.6% for commercial rates in 1991, 6.0% per year for all customer classes in 1992, 1993, 1994, and 1995, 3.0% in 1996, 0% in 1997, 2.0% in 1998, 1999, 2000, 2001, 2002 and 2003, 5% in 2004, 2005, 2006 and 2007, 12% in 2008, 11% in 2009, 10% in 2010, 9% in 2011, and 8% in 2012. There was no rate increase implemented in 2013. In 2014 Wastewater rates increased 3% in and varied by rate class based on cost of service: +7.5% single family residential, -5.6% duplex, +4.2% multi-family, and -3.6 commercial. Wastewater rates increased 3% in 2015 for all rate classes. In 2016 Wastewater rates increased 3% in and varied by rate class based on cost of service: +2.5% single family residential, duplex, and multi-family, and +4.5% commercial. In 2017 Wastewater rates increased 3% in and varied by rate class based on cost of service: +2.5% single family residential, duplex, and multi-family, and +4.5% commercial. The minimum winter quarter average consumption (WQA) is 3,000 gallons for single family customers (4,000 gallons for duplexes).

Large commercial customers who have facility or manufacturing processes that result in a significant difference between the volumes of water delivered and the volume of wastewater discharged had the ability to start metering their flows beginning in 2012. Seven customers qualified for the consumptive credit in 2017, with the credit totaling \$196,269.

4"	\$ 181.18	\$ 3.130 /kgal
6"	\$ 794.25	\$ 3.130 /kgal
8"	\$ 917.07	\$ 3.130 /kgal

Footnotes:

- ¹ Excludes payments in lieu of taxes which are included as an additional 6% charge in the wastewater bill and remitted to the general fund.
- ² Average monthly amount of water billed during January, February and March.
- ³ The usage charge of \$2.908 multiplied by each increment of 1,000 gallons either (a) metered water or (b) based on WQA, if customer is eligible.

Plant Investment Fees. Plant Investment Fees (PIFs) are used to finance growth related capital facility costs for wastewater “backbone” and treatment facilities. They establish equity between existing customers and new customers and shelter existing customers from the cost of growth but must be established and applied in a legal manner (Colorado Senate Bill 15, 2001). This fee is paid at the time a building permit is issued. Proceeds of the plant investment fee are accounted for as contributed capital of the wastewater system, rather than as operating revenue. The City Council adopted the following plant investment fee schedule, which took effect January 1, 2017.

Plant Investment Fees

<u>Residential:</u>		
Single family residence	\$	3,500
Duplex and Multi-family residence (per living unit)	\$	2,520
<u>Non-Residential:</u> (based on water connection size)		
3/4"	\$	7,130
1"	\$	17,200
1 1/2"	\$	33,410
2"	\$	59,140
3"	**	
4"	**	

**Calculated on an individual basis, but not less than the 2" charges

Other Fees and Charges. The City also charges additional fees and charges related to the provision of sewer service, including wastewater strength surcharges, industrial wastewater discharge permit application and administration fees, wastewater monitoring and sampling charges, laboratory analysis and support service charges, a private sewage disposal system permit and inspection fee, and a building sewer permit and inspection fee.

WASTEWATER UTILITY ENTERPRISE

SEC RULE 15c2-12 INFORMATION- ENFORCEMENT (UNAUDITED)

(Continued)

Enforcement

The City's collections of wastewater charges historically have been in excess of 99%. Unpaid charges constitute a perpetual lien on the property to which service was delivered. Customers with delinquent active accounts are sent courtesy notices after 43 days. Wastewater service is not discontinued due to delinquency because of public health regulations. However, the City may discontinue water and electric service on delinquent accounts. Sometimes liens are filed while the delinquent customer is still an active account. Customers who have moved from the address where service was supplied and left the account owing to the City are typically assigned to a collection agency.

WASTEWATER UTILITY ENTERPRISE
SEWER REVENUE BONDS
SEC RULE 15c2-12 INFORMATION – BALANCES ON DEPOSIT (UNAUDITED)
(Continued)

The sewer revenue bonds are secured by an irrevocable pledge of a first lien upon net pledged revenues of the Wastewater Fund. The sewer revenue bond ordinances provide that all gross revenues pledged to the sewer revenue bonds will be set aside and credited to the Wastewater Fund and that such revenues will be deposited and applied in the following order of priority:

Operation and Maintenance Fund. As a first charge on the Wastewater Fund, the bond ordinances require the City to credit from time to time to the operation and maintenance fund revenue sufficient to pay the necessary and reasonable current expenses of operating, maintaining, and repairing the sewer system. **The balance on deposit in this fund as of December 31, 2017 is \$3,592,803.**

In addition to the above, the bond ordinance established the following fund:

Sewer Fund. The Sewer Fund, referred to in the bond ordinance, was established by Ordinance No. 67, 1974. Complete financial statements, which reflect all deposits and balances of this fund (herein referred to as the “Wastewater Fund”) are included in the financial section of this report.

STORM DRAINAGE UTILITY ENTERPRISE**STORM DRAINAGE REVENUE BONDS****SEC RULE 15c2-12 INFORMATION – FEE STRUCTURE, PLEDGED REVENUES (UNAUDITED)****(Continued)****Storm Drainage Utility Fee Structure**

Storm drainage utility fees are imposed on every developed lot and parcel of land within the City and are payable monthly. The storm drainage utility fee is designed to pay for the operation and maintenance of the City's storm drainage system. The fee also pays for the design, right-of-way acquisition, and construction or reconstruction of storm drainage facilities throughout the City. The monthly storm drainage utility fee in effect at the end of 2017 for a residential lot of approximately 8,600 square feet is \$14.97 and \$29.95 for a commercial lot of approximately 8,600 square feet. This storm drainage utility fee did not increase in 2015 or 2016, and increased by 5% in 2017.

Storm drainage utility fees are billed through the City's consolidated monthly billing system, permitting the City to include storm drainage utility fees on a customer's regular utility bill. If a customer fails to pay any utility fees, the City has the authority to terminate utility service to the delinquent customer and to place a lien on the property for which the fees are delinquent.

Approximately 81% of storm drainage utility billing accounts and 44% of storm drainage revenues are attributable to single family residential customers. 19% of accounts and 56% of storm drainage revenues are attributable to multi-family residential, commercial and industrial customers. Two customers of the storm drainage utility contribute 2% or more of the storm drainage utility's total monthly revenue - the school district with 4.2% (\$662,518) of total revenue and the University at 3.9% (601,593). Due to the perpetual lien ordinance, historically, the City collects over 99% of its billed monthly utility charges for storm drainage.

2014	17,742	5,749	11,993	3,203	840	4,042	2.97
2015	16,129	5,635	10,494	3,335	832	4,167	2.52
2016	20,387	6,771	13,616	3,465	699	4,164	3.27
2017	14,420	7,570	6,851	3,595	501	4,096	1.67

Changes in Storm Drainage Fees

Since 1987, the City has increased the overall storm drainage fees sixteen times. The average increase in the total fees is as follows:

<u>Year</u>	<u>Increase</u>	<u>Year</u>	<u>Increase</u>	<u>Year</u>	<u>Increase</u>
2003	10%	2008	0%	2013	0%
2004	10%	2009	0%	2014	0%
2005	0%	2010	0%	2015	0%
2006	0%	2011	0%	2016	0%
2007	0%	2012	0%	2017	5%

Prior to November of 1998, storm drainage utility fees varied by basin depending on drainage problems and improvements needed in each basin. Beginning in November of 1988, the fees were assessed uniformly on a city-wide basis and improvements are to be prioritized and constructed based on needs of the City as a whole.

WATER UTILITY ENTERPRISE**WATER REVENUE BONDS****SEC RULE 15c2-12 INFORMATION – CUSTOMER BASE AND RATE STRUCTURE (UNAUDITED)****Customer Base**

The water system serves a customer base that has grown as follows in the years 2008-2017:

Years (at December 31)	Water Customers
2008	33,082
2009	32,910
2010	32,983
2011	33,074
2012	33,147
2013	33,348
2014	34,290
2015	34,744
2016	35,085
2017	35,279

The City classifies its water customers according to several classifications. A breakdown of the accounts based on such classifications being served as of December 31, 2017 is set forth below:

Classification	Number of Accounts	Accounts
Residential	32,600	92.4%
Commercial & Industrial	2,679	7.6%
Total	35,279	100.0%

The following table sets forth the ten largest customers of the water system, which in the aggregate accounted for approximately 27.7% of total water usage during 2017:

Customer	Water Usage Millions of	Percent of Total Water
Industrial	793,073	11.1%
Industrial	394,930	5.5%
University	332,234	4.6%
City Government	122,645	1.7%
School District	98,059	1.4%
Industrial	91,354	1.3%
Industrial	46,341	0.6%
Commercial	40,775	0.6%
Hospital	35,613	0.5%
Commercial	29,567	0.4%
		27.7%

Water Rate Structure

The City's water rate structure is administered in substantial compliance with the "cost of service" method endorsed by the American Water Works Association. Under the cost of service method, an effort is made to establish equitable charges which reflect the true costs of serving various classes of customers.

WATER UTILITY ENTERPRISE

WATER REVENUE BONDS

SEC RULE 15c2-12 INFORMATION – CUSTOMER BASE AND RATE STRUCTURE (UNAUDITED)

(Continued)

In 2004, City Council directed staff to develop a 4-tier rate that would reduce the severity of cost impacts for larger, single-family, and duplex residential users due to the 2003 5-tier rates. The 4-tier rate structure was adopted by City Council and went into effect May 1, 2004 and remained in effect through April 30, 2006. On March 21, 2006 City Council passed a 3-tier water rate for single family and duplex customers that will be in effect for billings after May 1, 2006 and remain in effect January 1, 2008. A 3% rate increase was implemented for 2009. While a 3% overall revenue increase was implemented for 2010 the resulting cost of service adjustments were +3.8% for residential, 0% for duplex and multi-family and +1.7% for commercial rate classes. A 3% rate increase was implemented for 2011. A 6% across the board rate increase was implemented in 2012 and a 4% across the board rate increase was implemented in 2013 for all rate classes. In January 2014, water rates were increased an average of 4%. The 2014 increase varied by cost of service: +9% single family residential, -1.8% duplex, -16.4 multi-family, 7.7% commercial, and +3.5% high volume industrial. There was no increase in 2015 or 2016. In January 2017, water rates were increased an average of 5% for all rate classes.

The following water rates were effective January 1, 2017. In addition to these rates, a 6% payment in lieu of taxes (“PILOT”) is added to all charges and paid to the City’s general fund.

Monthly User Charges Effective January 1, 2017

(1) Residential customers with one dwelling unit.

a. *Base Charges.* Residential customers with one dwelling unit shall pay a base monthly charge of \$16.18.

b. *Quantity Charges.* Residential customers with one dwelling units shall pay a monthly quantity charge as follows:

For the first 7,000 gallons used per month at \$2.505 per 1,000 gallons

For the next 6,000 gallons used per month at \$2.879 per 1,000 gallons

For all additional gallons used per month at \$3.312 per 1,000 gallons.

(2) Residential customers with two dwelling units.

a. *Base Charges.* Residential customers with two dwelling units shall pay a base monthly charge of \$17.13.

b. *Quantity Charges.* Residential customers with two dwelling units shall pay a monthly quantity charge as follows:

For the next 9,000 gallons used per month at \$2.175 per 1,000 gallons

For the next 4,000 gallons used per month at \$2.499 per 1,000 gallons

For all additional gallons used per month at \$2.876 per 1,000 gallons.

Metered Rates – Nonresidential

(1) *Base Charges.* Nonresidential customers shall pay a base monthly charge based on meter size:

Nonresidential	
Meter Size (inches)	Monthly Base Charge
3/4	\$ 14.31
1	\$ 39.93
1 1/2	\$ 105.58
2	\$ 163.64
3	\$ 249.59
4	\$ 391.83
6	\$ 760.11
8	\$ 1,342.79

(2) *Quantity Charges.* Nonresidential customers shall pay a monthly quantity charge of \$1.992 per 1,000 gallons used in the winter season months of November through April. They shall pay a monthly quantity charge of \$2.489 per 1,000 gallons used in the summer season months of May through October.

WATER UTILITY ENTERPRISE**WATER REVENUE BONDS****SEC RULE 15c2-12 INFORMATION – RATE STRUCTURE AND ENFORCEMENT (UNAUDITED)****(Continued)**

(3) *Charges for Excess Use.* Monthly water use in excess of the amounts specified in the following table shall be billed at \$2.861 per 1,000 gallons used in the winter season months of November through April. Monthly water use in excess of the amounts specified below shall be billed at \$3.578 per 1,000 gallons used in the summer season months of May through October.

Nonresidential

Meter Size (inches)	Specified Amount (gallons per month)
3/4	100,000
1	300,000
1 1/2	625,000
2	1,200,000
3	1,400,000
4	2,500,000

Plant Investment Fees. Plant Investment Fees (PIFs) are used to finance growth related capital facility costs for water “backbone” and treatment facilities. They establish equity between existing customers and new customers and shelter existing customers from the cost of growth but must be established and applied in a legal manner (Colorado Senate Bill 15, 2001). This fee is paid at the time a building permit is issued. Proceeds of the plant investment fee are accounted for as contributed capital of the water system, rather than as operating revenue. The City Council adopted the following plant investment fee schedule, which took effect January 1, 2016.

Residential:**Dwelling Category****Plant Investment Fee**

Single Family

\$720 plus \$0.33 per square foot of lot area 1

Duplex, Multi-Family, Mobile Home

\$540 per living unit plus \$0.24 per square foot of lot area

Non-residential:

Water Meter Size (inches)	Plant Investment Fee
3/4"	\$ 7,180
1"	\$ 19,710
1 1/2"	\$ 42,220
2"	\$ 66,680
3" and above	Based on peak day demand

Enforcement

The City’s collections of water charges historically have been in excess of 99%. Unpaid water charges constitute a perpetual lien on the property to which service was delivered. Customers with delinquent active accounts are sent delinquency notices after 38 days. The City may discontinue water and electric service on delinquent accounts. Sometimes liens are filed while the delinquent customer is still an active account. Customers who have moved from the address where service was supplied and left the account owing to the City are typically assigned to a collection agency.

SEC RULE 15c2-12 INFORMATION – TAXPAYER BASE (UNAUDITED)
(Continued)**

Based on the most recent information available from Larimer County, the following table represents the ten largest taxpayers within the Authority. A determination of the largest taxpayers can be made only by manually reviewing individual tax records. Therefore, it is possible owners of several small parcels may have an aggregate assessed value in excess of those set forth in the following chart. Furthermore, the taxpayers shown in the chart may own additional parcels within the Authority not included herein.

No independent investigation has been made of and consequently there can be no representation as to the financial conditions of the taxpayers listed below or that such taxpayers will continue to maintain their status as major taxpayers in the Authority.

Largest Taxpayers in the Plan Area - 2017

Taxpayer Name	2017 Assessed Valuation	Percentage of Total Assessed Valuation ⁽¹⁾
Dillon Companies Inc	\$ 3,826,666	8.68%

Sample Mill Levy Affecting Property Owners Within the Plan Area

Individual property owners within the Plan Area are obligated to pay ad valorem property taxes to all taxing jurisdictions in which their property is located. Such levies applied to the property tax increment generate the Pledged Property Tax Revenues. According to the Larimer County Assessor's Office there are currently seven entities overlapping all or a portion of the Plan Area. As a result, property owners within the Plan Area may be subject to various mill levies depending upon the location of their property. The following table is representative of a sample total 2017 mill levy (for payment in 2018) attributable to taxpayers within the Plan Area and is not intended to portray the mill levied against all properties within the Plan Area. Additional taxing entities may overlap the Plan Area in the future.

Sample Total 2017 Mill Levy

<u>Taxing Entity</u>	<u>2017 Mill Levy⁽¹⁾</u>
Poudre R-1 School District	52.630
Larimer County	22.092
City	9.797
Health District of Northern Larimer County	2.167
Larimer County Pest Control	0.142
Poudre River Public Library District	3.000
Northern Colorado Water Conservation District	1.000

(1) One mill equals one tenth of one cent. Mill levies certified in 2017 are for the collection of ad valorem property taxes in 2018.

TAX INCREMENT REVENUE REFUNDING BONDS
SEC RULE 15c2-12 INFORMATION – OVERLAPPING DEBT (UNAUDITED)
(Continued)

Estimated Overlapping General Obligation Debt

Other taxing entities are authorized to incur general obligation debt within boundaries which overlap or partially overlap the boundaries of the Plan Area. The following table sets forth the estimated overlapping general obligation debt chargeable to property owners within the Plan Area as of the date of this disclosure. Additional taxing entities may overlap with the Authority in the future.

Estimated Overlapping General Obligation Debt				
(in thousands)				
<u>Entity</u>	<u>2017 Assessed Valuation⁽¹⁾</u>	<u>Outstanding General Obligation Debt</u>	<u>Outstanding G.O. Debt Attributable to the Authority⁽²⁾</u>	
			<u>Percent</u>	<u>Debt</u>
Poudre R-1 School District	\$ 34,261,857	\$ 243,466	1.12%	\$2,730
TOTAL		\$ 243,466		\$2,730

⁽¹⁾ Assessed values certified in 2017 are for collection of ad valorem property taxes in 2018.

⁽²⁾ The percentage of an entity's outstanding debt chargeable to the Authority is calculated by comparing the assessed valuation of the portion overlapping the Authority to the total assessed valuation of the overlapping entity. To the extent the Authority's assessed valuation changes disproportionately with the assessed valuation of an overlapping entity, the percentage of debt for which property owners within the Authority are responsible will also change.

Prospect Station		227,100
Summit/Capstone		4,655,299

CITY FINANCIAL INFORMATION AND DEBT STRUCTURE

Major Sources of Revenue

Property Taxes. The City has the power to levy general (ad valorem) taxes against all taxable property in the City. The right of the City to increase the rate of levy for ad valorem taxes and to collect, retain and spend the revenue derived from such ad valorem taxes may be limited by the State Constitution. Tax levies may be made for general obligation bond principal and interest payments and for the cost of the City's operations. Under the City Charter, the mill levy is limited to fifteen mills, except for debt service on general obligation bonds.

The following table set forth the total assessed value and estimated actual value of property within the City for assessment years 2008 through 2017.

<u>Assessment Year</u>	<u>Total Assessed Value</u>	<u>Estimated Actual Value⁽¹⁾</u>
2008	1,758,807,267	13,915,507,484
2009	1,822,241,879	14,345,784,572
2010	1,815,946,000	14,520,314,000
2011	1,792,231,000	14,456,330,000
2012	1,796,031,012	14,531,850,737
2013	1,884,693,625	15,272,734,901
2014	1,934,218,000	15,676,980,000

(1) Taxes for the year levied are collected in the following year.

(2) One mill generates \$1 of property tax revenue per \$1,000 of assessed valuation.

(3) Amounts are net of incremental taxes pledged for the City's tax increment revenue obligations.

(4) The dollar amounts collected in Levy Years 2008-2014 are reduced by the County's 2% collection fees. Accordingly, the maximum possible percentage of property taxes collected in such years was 98% of the property taxes levied.

(5) Collections as of 03/13/2018

2016	3.85	0.65	2.90	7.40
2017	3.85	0.65	2.90	7.40

⁽¹⁾ Food for home consumption sales direct rate is 2.25%

⁽²⁾ Larimer County sales tax rate decreased from 0.8% to 0.6% effective July 1, 2012.

Source: City's Finance Department

The City's base 2.25% sales and use tax is comprised of a 1% tax approved by Ordinance No. 58, 1967, a 1% tax approved by Ordinance No. 140, 1979 and 0.25% tax by Ordinance No. 149, 1981. This sales and use base tax has no expiration, no restrictions on how it can be used, and is deposited into the General Fund.

Sales and Use Tax Collections - In addition to the sales and use base tax, there are several special sales and use taxes which are restricted to specific purposes and have expiration dates. A street capital maintenance tax of 0.25% is imposed for a renewed period expiring December 31, 2025. A Capital Improvements tax of 0.25% tax is imposed for a renewed period expiring December 31, 2025. Natural Areas and Parks Tax is another 0.25% tax which is imposed through December 31, 2030 and may only be used for preservation and improvement of natural areas and trails and specified capital parks projects. An additional 0.85% of the tax is imposed through December 31, 2020 and referred to as Keep Fort Collins Great. The revenue from such 0.85% tax may only be used for Street Maintenance (33%), Other Transportation Needs (17%), Police Services (17%), Fire Protection (11%), Parks Maintenance and Recreation Services (11%), and Other Community Priorities (11%). The following table shows the sales and use tax revenues collected for such unrestricted and restricted purposes for fiscal years 2008 through 2017.
