COMMENTS:

- Economic and development activity was very strong in 2014 driving revenue above budget in sales tax by \$7M, use tax by \$12M and development revenues (street oversizing, capital expansion and building permits) by \$4.7M.
- Staff anticipates growth to continue at a similar pace into 2015.

COMMENTS:

- All funds are under budget with two exceptions. Golf & Recreation is due depreciation of \$281k which not budgeted
 per standard practice. Self Insurance fund due to unanticipated rise in claims at year end.
- The General Fund is under budget \$12M due to multiple factors, the largest being a reduction in the City cost associated with the North College Ave street improvement. State funding was identified to support the project which reduced the City's cost.

TOTAL	\$ 26,348	\$ 10,091	\$ 218,559	\$ 28,132	\$ (6,225)

COMMENTS:

- All Service Areas are under budget with the exception of Financial Services. The budget over run was caused by higher than expected claims within the City's self-insurance fund
- Community & Operations Services is under budget \$16.2M due to multiple factors primarily a delay in various program/project expenditures, a significant reduction in fuel prices, and underspending in Natural Areas.
- Sustainability is \$5.6M under budget due to timing of economic health office rebate expenditures.

COMMENTS:

- Development activity across the City is the primary driver in revenue above budget within all four Utilities. Plant Investment Fees paid by developers to support the Utilities infrastructure associated with development growth is above budget by \$16.9M.
- Wastewater increased revenues due primarily to fewer commercial customers sub-metering for evaporative losses than expected.
- Electric under budget due to lower than projected growth in residential kWh sales (conservation and mild weather).

^{*} Excludes KFCG dollars

COMMENTS:

- Purchased Power is under budget due to \$5.2M of lower than projected kWh demand from utilities customers and \$1.5M due to community renewable purchases for the Solar Garden and SP3 program delays.
- Other Light & Power is under budget primarily due to timing of system additions and replacements.
- Water Fund is under budget due to lower than anticipated water treatment costs. Costs were expected to increase
 post the High Park Fire, however the flood in September 2013 cleaned the river and reduced the costs to treat Poudre River water and reduced continued fire remediation expenditures.
