

GUIDELINES FOR GIFT SHOP VENDOR CONSIDERATION

Thank you for your interest in selling your products in the Gardens on Spring Creek Gift Shop. We enjoy patronizing local artisans. However, our items are curated by season, and we are highly selective with our shop inventory. We encourage you to share your product offerings with our Merchandising Coordinator, and we hope that you understand that not all items submitted for approval will be accepted. It may be that your product does not fit our current assortment, the price range for the type of product is considered too high, or the product category is currently saturated.

VENDOR CRITERIA

- All products must relate to gardening, plants, insects (such as butterflies / bees) and Colorado
- Product costs must be at a wholesale level. If you also sell your items privately, we cannot buy your product at the same price you sell it to the public.
- Should your items be selected, the Gardens on Spring Creek is only able to make payment via credit card. All vendors must provide an invoice including business name, owner name, address, email and phone number.
- If we are interested in your product but do not have the capacity to carry it immediately, we will let you know and keep your information on file. If capacity becomes available, we will re-evaluate your product and see if it still meets our needs.
- All items are evaluated every 90 days based on sales performance. Sometimes items seem like an appropriate fit for our shop but customers do not respond as expected.

PRODUCT CONSIDERATION

If you meet the above criteria and are interested in submitting your product for consideration, please send an email to gardens@fcgov.com with the following information:

- Your name and company name
- Photos of your product
- Product pricing
- Acknowledgement that you have reviewed the criteria outlined in this document
