### **CERTIFICATE OF APPROPRIATENESS – Minor Alteration**

**ISSUED: November 30, 2021**

**EXPIRATION: November 30, 2022**

ATTN: Nico Campana, MNC Holdings, LLC

Fort Collins, CO 80526

Dear Property Owner:

This letter provides you with certification that proposed work to your designated Fort Collins landmark property, the Morgan-Kickland House & Garage at 408 W. Mountain Avenue has been approved by the City's Historic Preservation Division (HPD) because the proposed work appears to be routine in nature with minimal effects to the historic resource, and meets the requirements of Chapter 14, [Article IV](#) of the Fort Collins Municipal Code.

The alterations reviewed include:

- Repaint exterior
  - *Note 1: Surface prep should include minimal sanding; it is highly recommended that new primer be oil-based, and generally recommended to avoid waterproof paints in favor of oil- or latex-based topcoats that retain breathability of the wood siding and trim features.*
- Minor carpentry repair
  - *Condition 1: Replacement of damaged siding should be limited to lapboards or other features deteriorated beyond repair, and replacement will be in-kind to match historic materials.*
  - *Note 2: For wood lapboard siding where only sections of the lapboard are deteriorated but most of the board is intact, consolidation using a wood putty such as Abatron is recommended over replacing the entire board.*
  - *Note 3: If restoration of missing/damaged features such as spindlework is completed, restored elements should match surviving/intact features.*
- Removal of non-historic faux shutters.

Notice of the approved application has been provided to building and zoning staff to facilitate the processing of any permits that are needed for the work. Please consider National Park Service Preservation Brief #10, [Exterior Paint Problems on Historic Woodwork](#) as you complete this project.

Please note that work beyond that indicated in your permit application/correspondence requires additional approval. Items requiring further approval include, but are not limited to, the following activities:

- Application of water sealants, including waterproof wood treatments or waterproof paints (generally discouraged)
- Highly abrasive paint removal methods such as use of rotary sanders or sandblasting that are discouraged due to likelihood of damage to the underlying material.

If the approved work is not completed prior to the expiration date noted above, you may apply for an extension by contacting staff at least 30 days prior to expiration. Extensions may be granted for up to 12 additional months, based on a satisfactory staff review of the extension request.

If you have any questions regarding this approval, or if I may be of any assistance, please do not hesitate to contact me. I may be reached at [jbertolini@fcgov.com](mailto:jbertolini@fcgov.com) or 970-416-4250.

Sincerely,

## Project Description

Provide an overview of your project. Summarize work elements, schedule of completion, and other information as necessary to explain your project.

### The following attachments are REQUIRED:

- Complete Application for Design Review
- Detailed Scope of Work (and project plans, if available)
- Color photos of existing conditions

### Reminders:

Complete application would need all of checklist items as well as both pages of this document.

Detailed scope of work should include measurements of existing and proposed.

*Please note: if the proposal includes partial or full demolition of an existing building or structure, a separate demolition application will need to be approved.*

*Additional documentation may be required to adequately depict the project, such as plans, elevations, window study, or mortar analysis. If there is insufficient documentation on the property, the applicant may be required to submit an intensive-level survey form (at the applicant's expense).*

**Detail of Proposed Rehabilitation Work (\*Required)**

If your project includes multiple features (e.g. roof repair and foundation repair), you must describe each feature separately and provide photographs and other information on each feature.

Use Additional Worksheets as needed.

## Required Additional information

The following items must be submitted with this completed application. Digital submittals preferred for photographs, and for other items where possible.

- At least one current photo for each side of the house. Photo files or prints shall be named/labeled with applicant name and elevation. For example, smitheast.jpg, smithwest.jpg, etc. If submitted as prints, photos shall be labeled
- Photos for each feature as described in the section "Detail of Proposed Rehabilitation Work". Photo files or prints shall be named or labeled with applicant name and feature letter. For example, smitha1.jpg, smitha2.jpg, smithb.jpg, smithc.jpg, etc.

Depending on the nature of the project, one or more of the following items shall be submitted. Your contractor should provide these items to you for attachment to this loan application.

- Drawing with dimensions.
- Product specification sheet(s).
- Description of materials included in the proposed work.
- Color sample(s) or chip(s) of all proposed paint colors.

**Partial or full demolition** is a part of this project.

Partial demolition could include scopes such as taking off existing rear porches to create space for a new addition or removing an existing wall or demolishing a roof. If you are taking away pieces of the existing residence, you are likely undergoing some partial demolition.
